NEW OUTDOOR PRODUCTS 2025

Exceptional design pieces for outdoor and indoor spaces.

The MW06, MW03, MW07, and MW08 models form the new KUUMO collection, designed for outdoor use but refined enough to integrate beautifully into indoor environments.

These pieces introduce an innovative lounge seat made of two bean-shaped cushions, suspended by two stainless steel bars. Their thickness and shape provide outstanding comfort.

The panels have been redesigned with slightly reduced dimensions to create a harmonious balance between the seat and the structure.

This collection embodies the KUUMO spirit: sculptural, elegant, and functional pieces designed to elevate any space.

MW03 Armchair and Sofa – Sculptural Elegance and Outdoor Comfort

Designed for outdoor use, the MW03 stands out with its architectural design and absolute comfort. Its cast PMMA panels and armrests structure the space with elegance, adding an airy and sophisticated touch. Extremely resistant to shocks and scratches, they ensure optimal durability outdoors.

The originality of the MW03 lies in its two independent bean-shaped cushions,

which offer enveloping comfort and ideal ergonomic support. These cushions are held in place by two transparent cast PMMA pieces shaped like boomerangs, emphasizing the model's sculptural and unique character.

The seat, made from open-cell foam, is specially designed to ensure exceptional comfort in outdoor settings.

Its 3D Runner fabric cover, available in 13 colors, allows it to adapt to all styles and environments.

With its timeless design, refined lines and subtle vintage touch, the MW03 enhances outdoor spaces while integrating perfectly into modern interiors.

The armchair is available with a seat width of 70 cm or 90 cm, and the sofa in 150 cm, 180 cm, and 200 cm.

The cast PMMA panels are available in transparent, smoked bronze or smoked blue-grey.

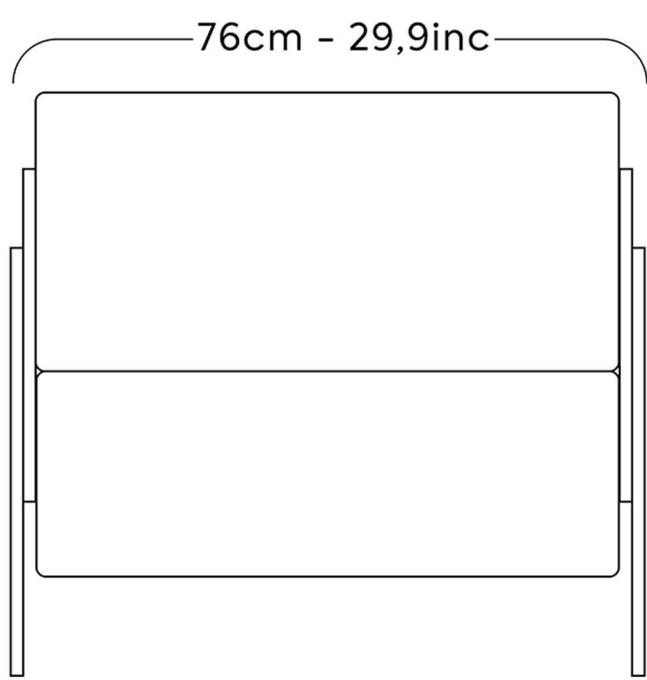

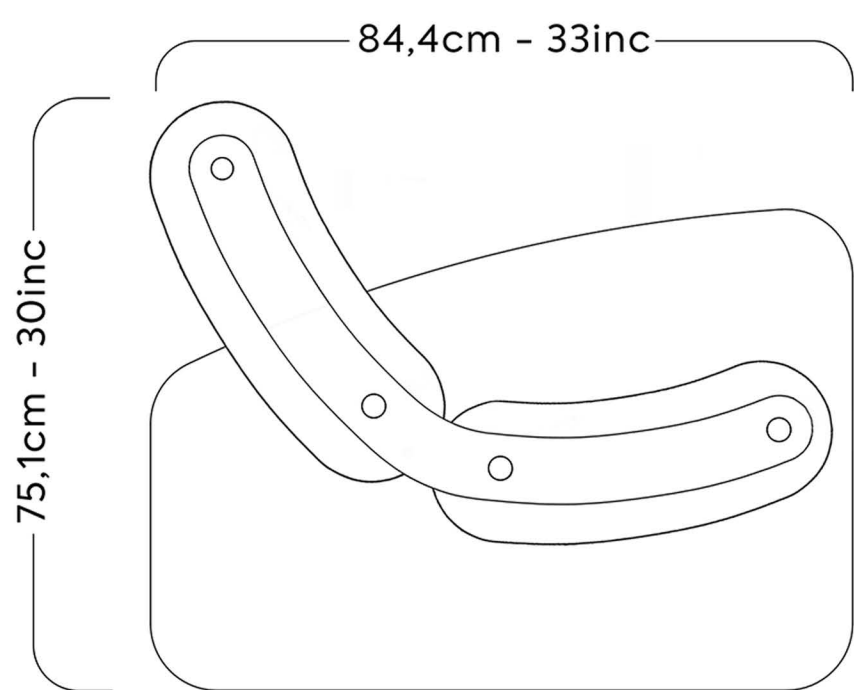

The protective cover for winter storage can be delivered for each product, and the MW03 can also be used indoors.

FEATURES

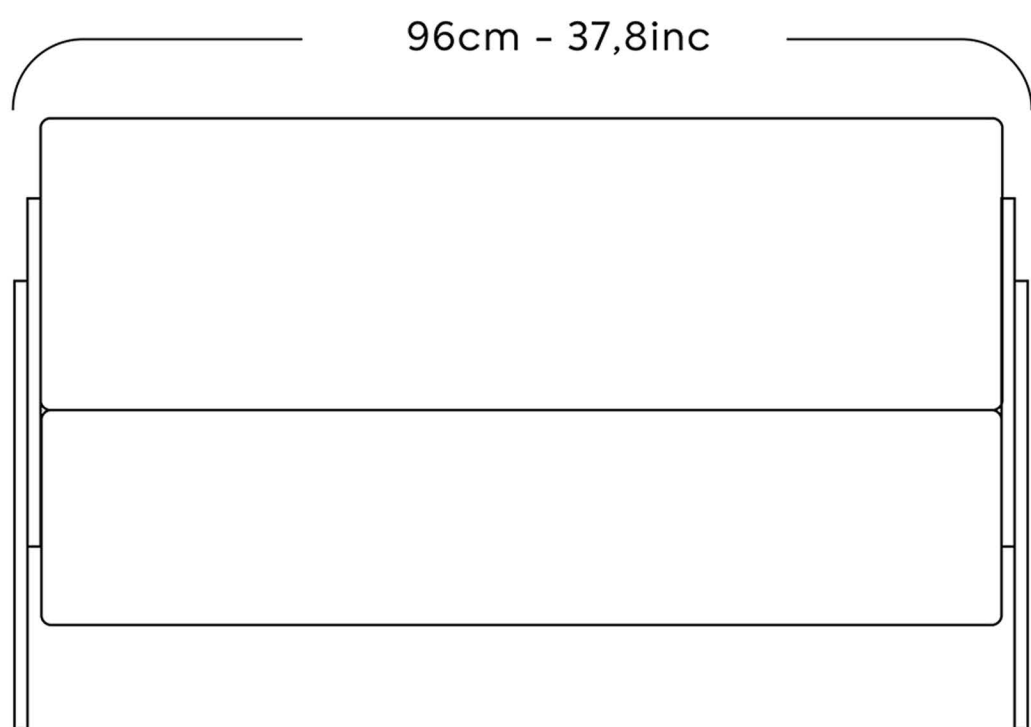

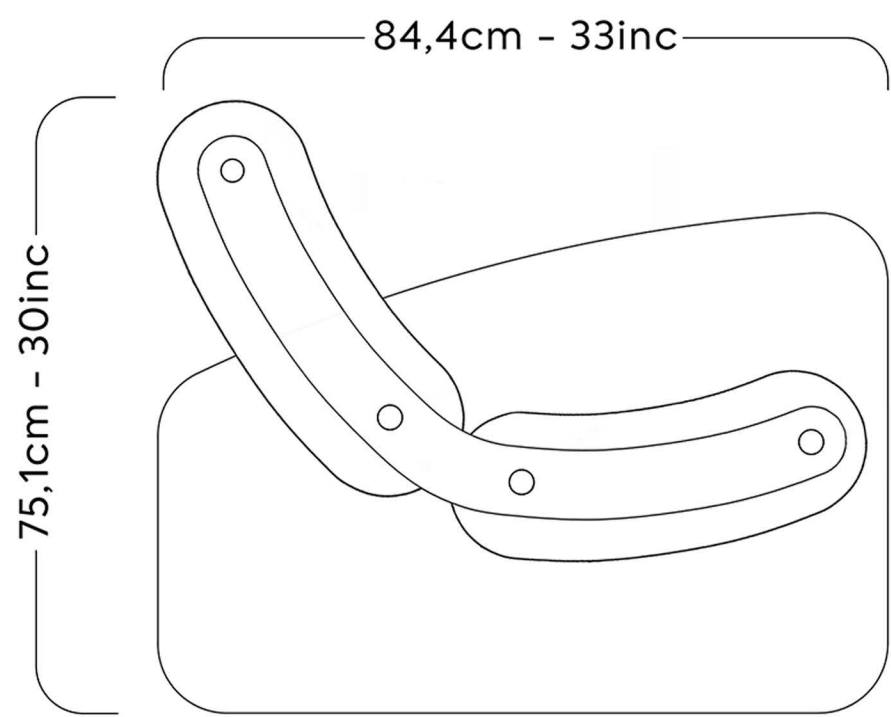

The MW03 range is available in all 13 color options of the 3D Runner fabric.

MW06

NEW

The MW06 collection offers more than just armchairs, sofas or benches. It delivers a unique experience of comfort and elegance, perfect for enhancing your living space, whether indoors, on a terrace or by the pool.

Designed for both residential and HoReCa (Hotel, Restaurant, Café) markets, MW06 stands out with its modern and innovative design that breaks away from traditional styles.

Each piece in the collection, whether armchair, sofa or bench, is defined by exceptional comfort, featuring uniquely shaped bean cushions for the armchairs and sofas, and cylindrical cushions for the benches.

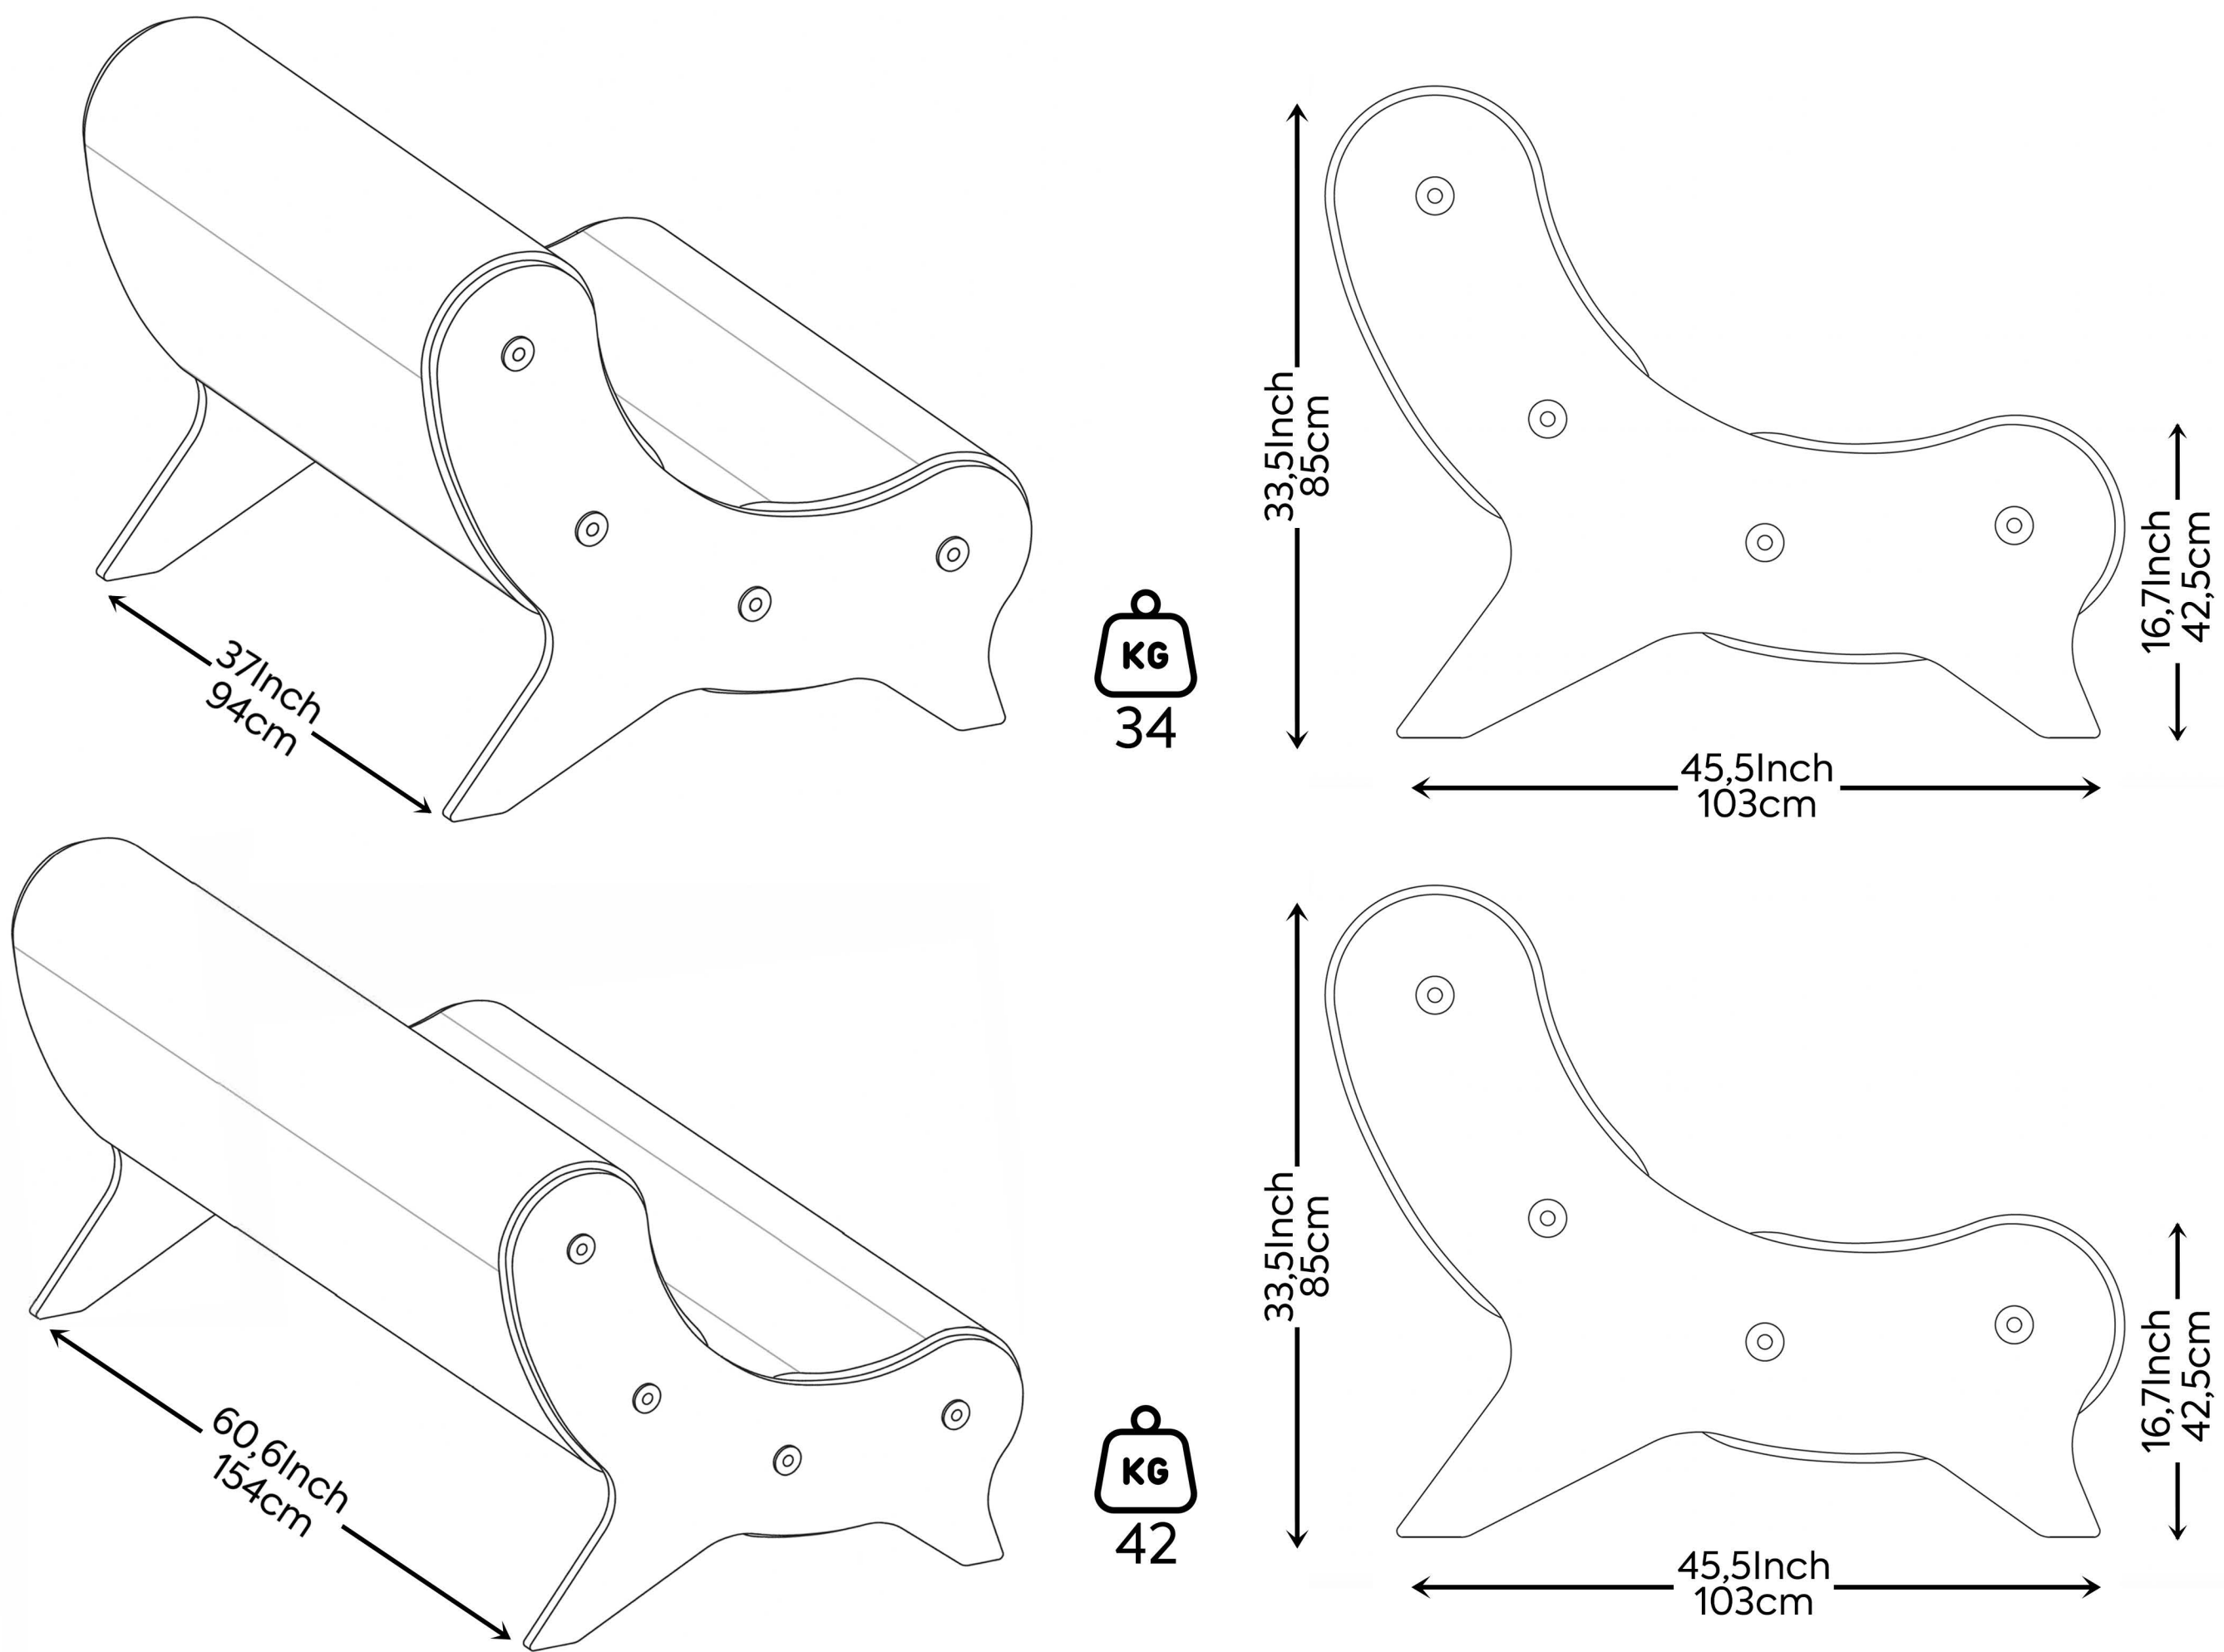

The transparent panels create the illusion of floating cushions, reinforcing the collection's contemporary and avant-garde aesthetic.

The small MW06 bench perfectly complements the line with its sleek and minimalist design. Versatile and stylish, it fits effortlessly in a variety of spaces such as by the pool, at the foot of a bed, in a walk-in closet, an entryway or even as a footrest.

This collection combines elegance and functionality, bringing a sophisticated touch to any environment.

MW07 Armchair and Sofa – Sculptural Elegance and Exceptional Comfort with a Lounge-Style Seat

Inspired by the MW07, winner of the First Prize in Furniture Design at the DNA Paris Design Awards, the MW07 builds on its essence while adding a bold, sculptural dimension.

Its redesigned panels and seat subtly reveal a stainless steel base a signature element of the model.

This detail, visible between the two bean-shaped cushions, brings a sense of lightness and refined aesthetics to the piece.

Designed as a unique and exclusive creation, the MW07 is intended for design lovers seeking to elevate their outdoor space.

Its ultra-lounge seat provides absolute comfort, thanks to open-cell foam cushions specifically developed for outdoor use.

Its transparent cast PMMA panels (Altuglas), slightly more compact than those of the MW05, preserve the lightness and fluidity of the design while ensuring excellent resistance to shocks and scratches.

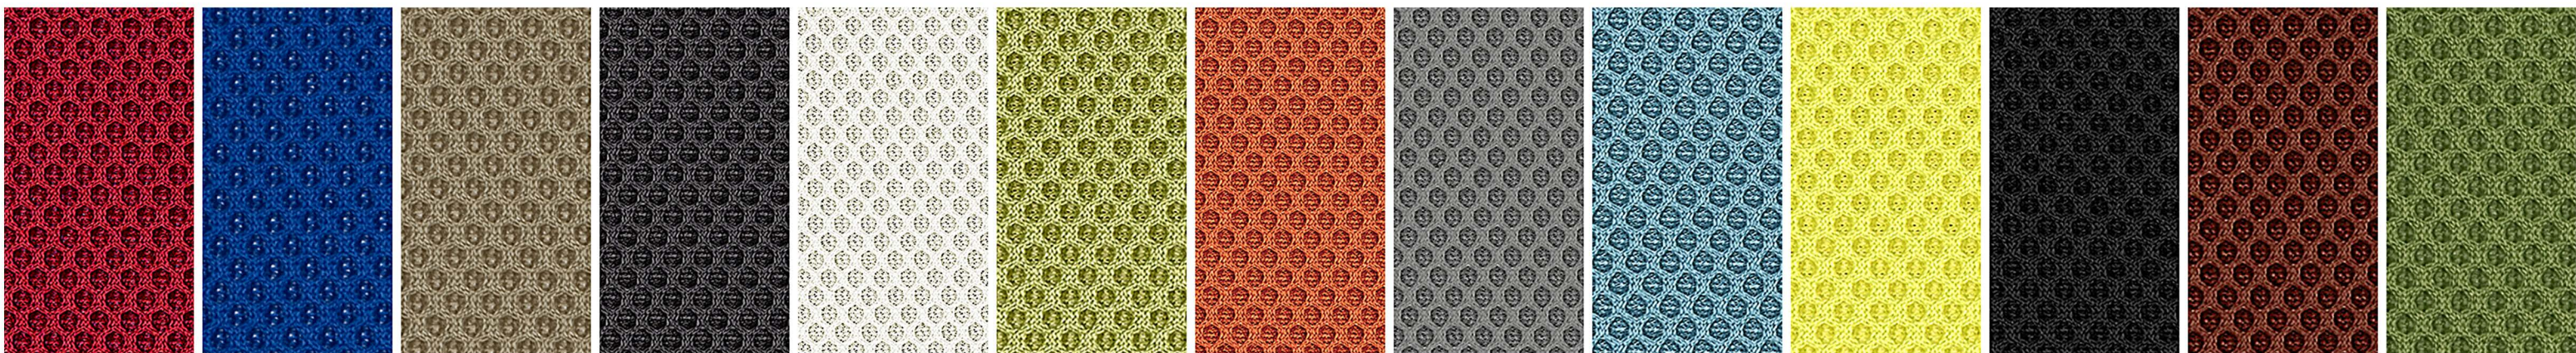

The 3D Runner fabric upholstery, available in 13 colors, allows for elegant and contemporary customization, making it easy to integrate into any environment.

With its sculptural design, ultra-lounge comfort, and perfect balance, the MW07 redefines the standards of luxury outdoor furniture.

The protective cover for winter storage can be delivered for each product, and the MW07 can also be used indoors.

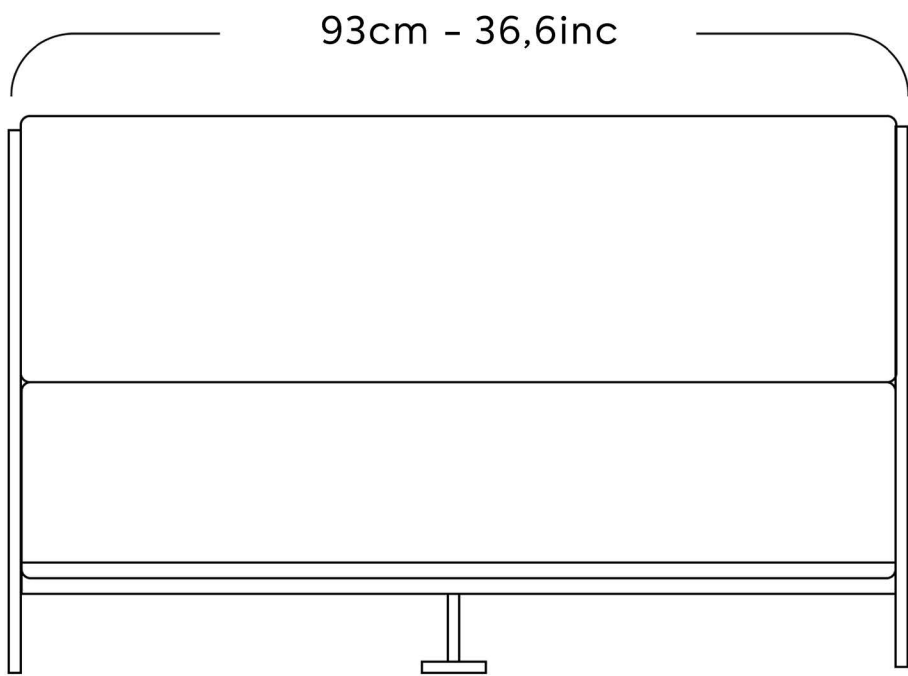

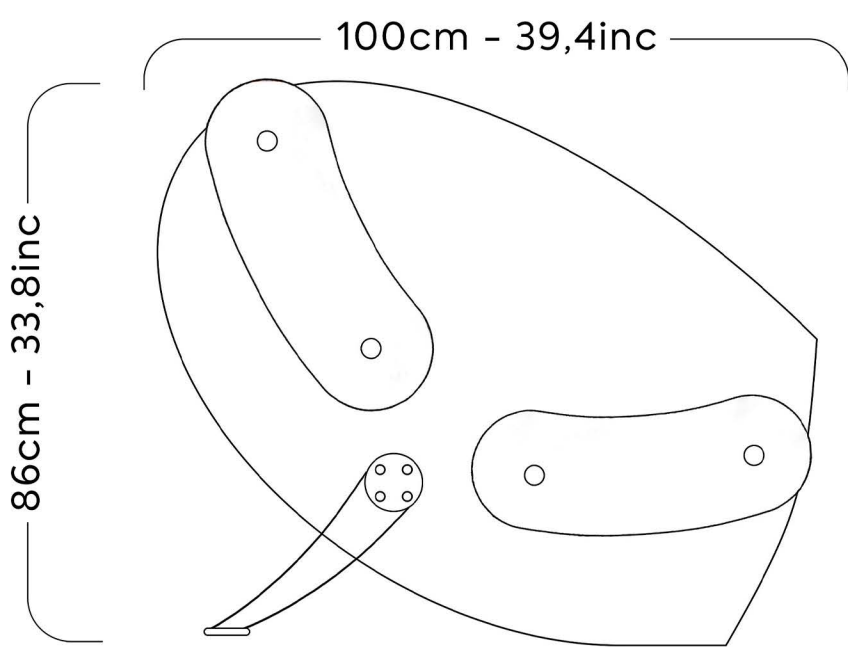

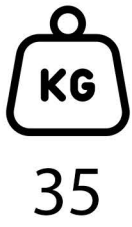

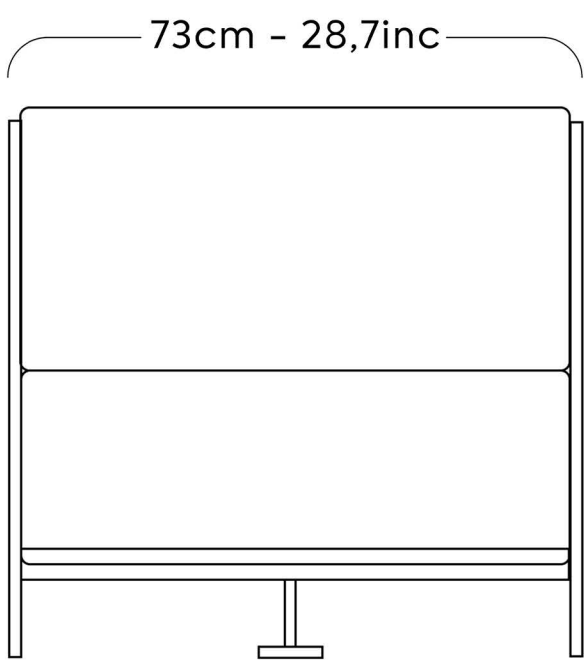

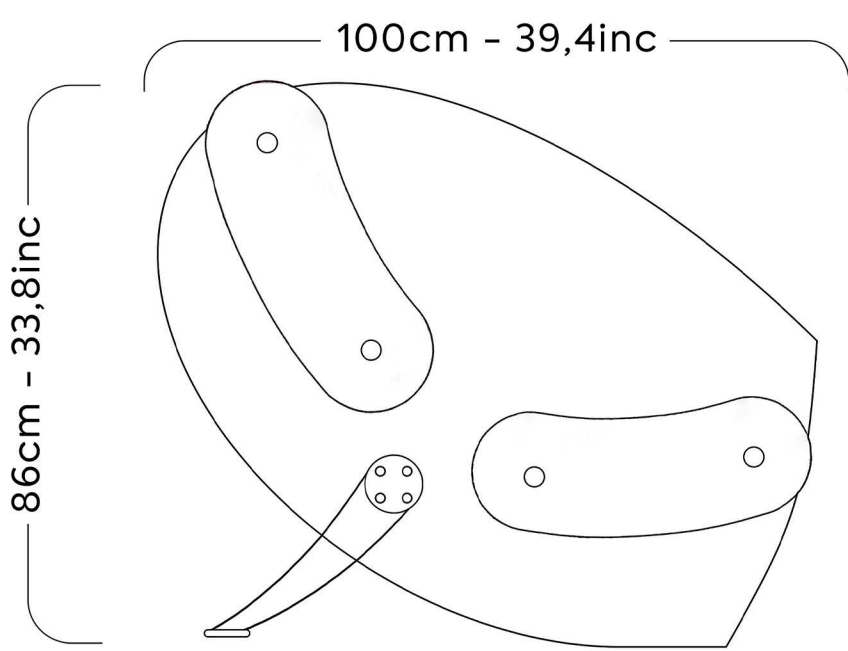

The seating options are available in 70 cm and 90 cm for the armchair, and in 150 cm, 180 cm, and 200 cm for the sofa.

FEATURES

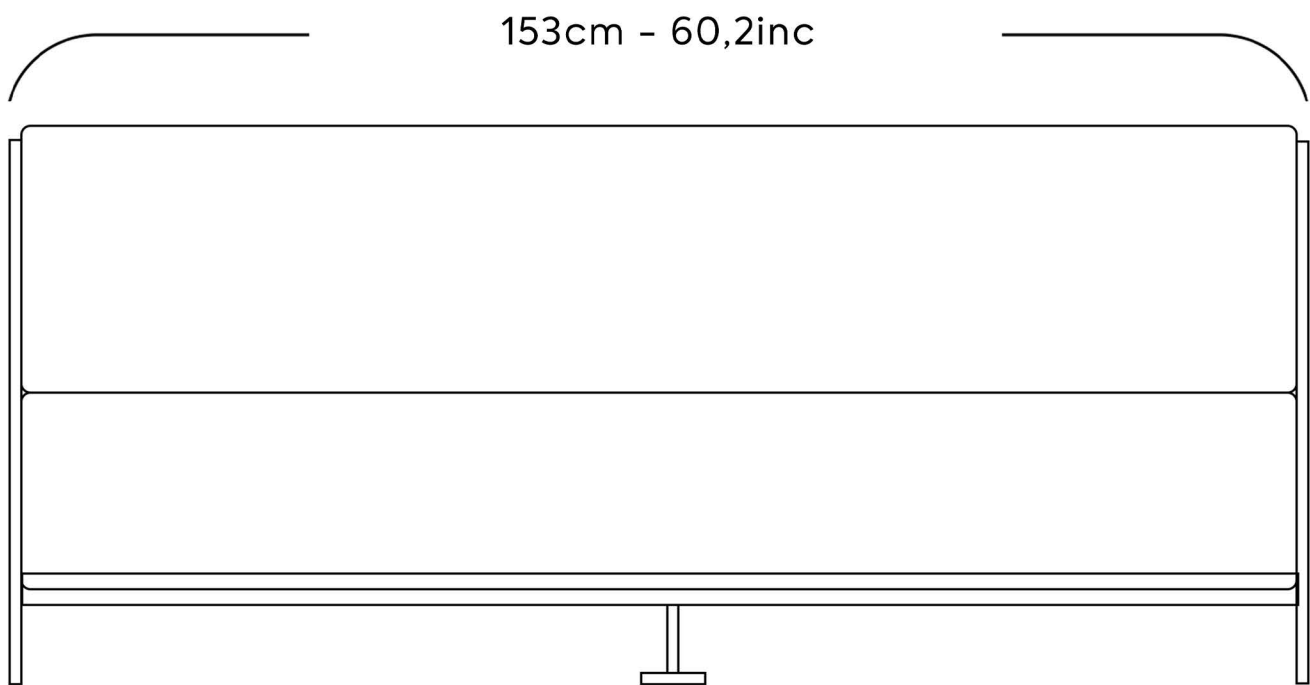

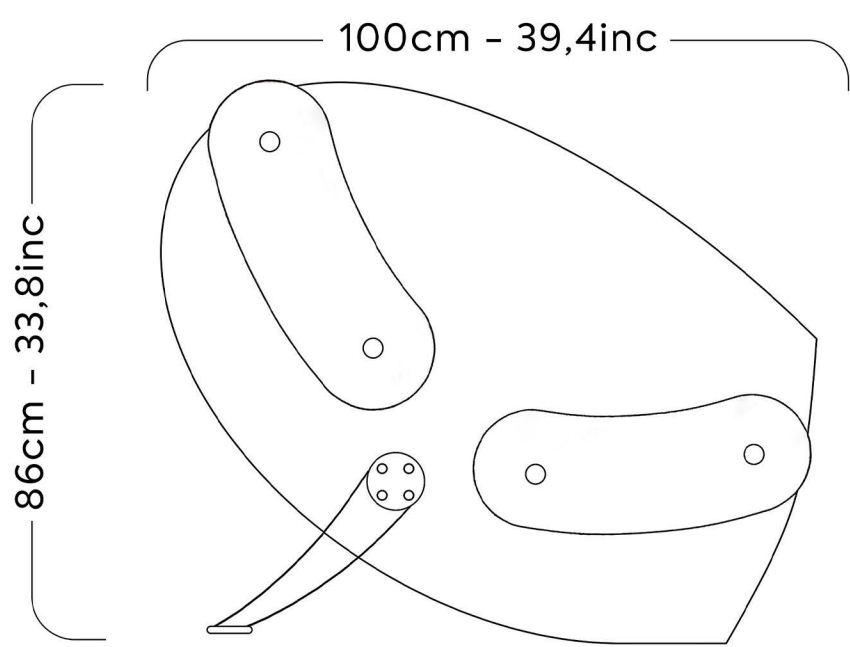

The MW07 range is available in all 13 color options of the 3D Runner fabric.

MW08 Armchair and Sofa – The Excellence of Outdoor Comfort

Designed for outdoor use, the MW08 is an innovative piece of furniture that combines bold design with absolute comfort. Its seat, made of two independent bean-shaped cushions, perfectly follows the body's curves to provide an unmatched sensation of relaxation.

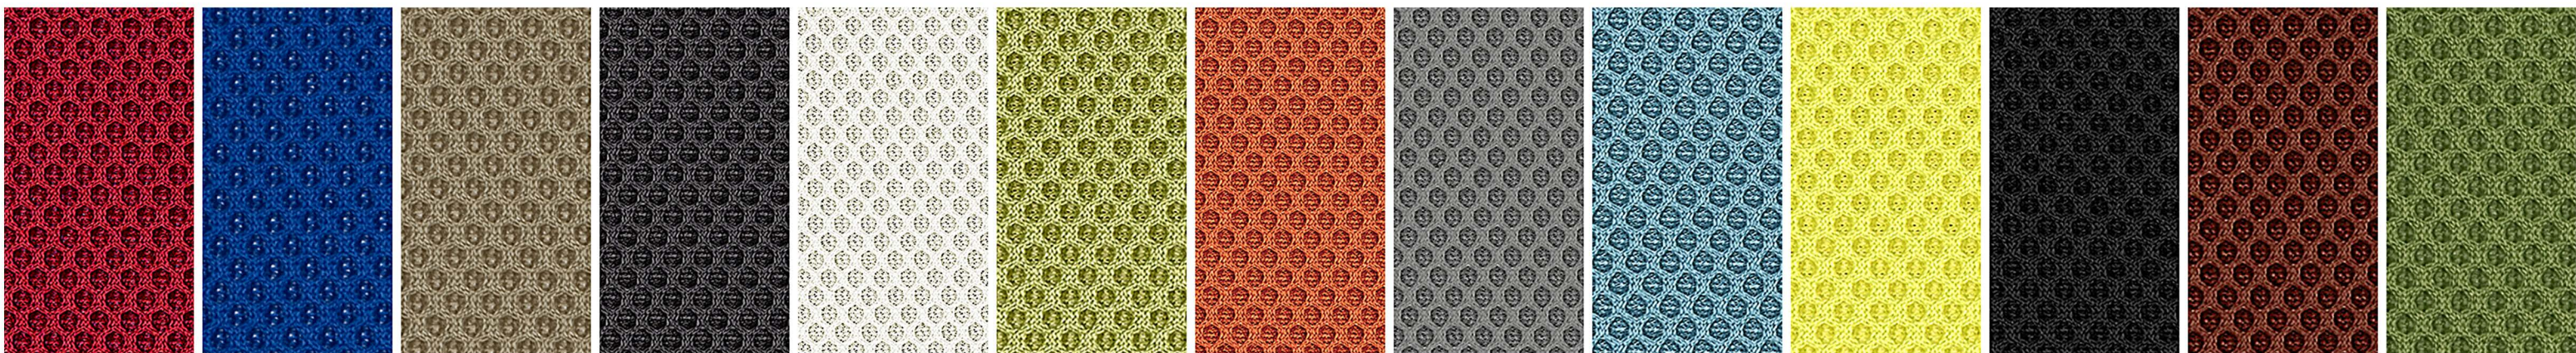

Thanks to its open-cell foam, this model is specially designed to withstand outdoor conditions while offering exceptional comfort. Its transparent PMMA panels create an illusion of levitation, giving the MW08 an airy and sophisticated look. Extremely resistant to shocks and scratches, they ensure optimal durability, even outdoors.

The cushions are upholstered in 3D Runner fabric, a high-end material made for outdoor use, available in 13 colors to suit all styles and environments.

MW01

Behind a sober appearance often lies a complex reflection. The MW01 collection embodies this idea with a distinctive design, combining a straight seat and elegantly proportioned walls, offering perfect harmony to the whole. Originally designed to equip professional spaces such as offices or reception areas, this collection highlights those who occupy it, subtly emphasizing their presence.

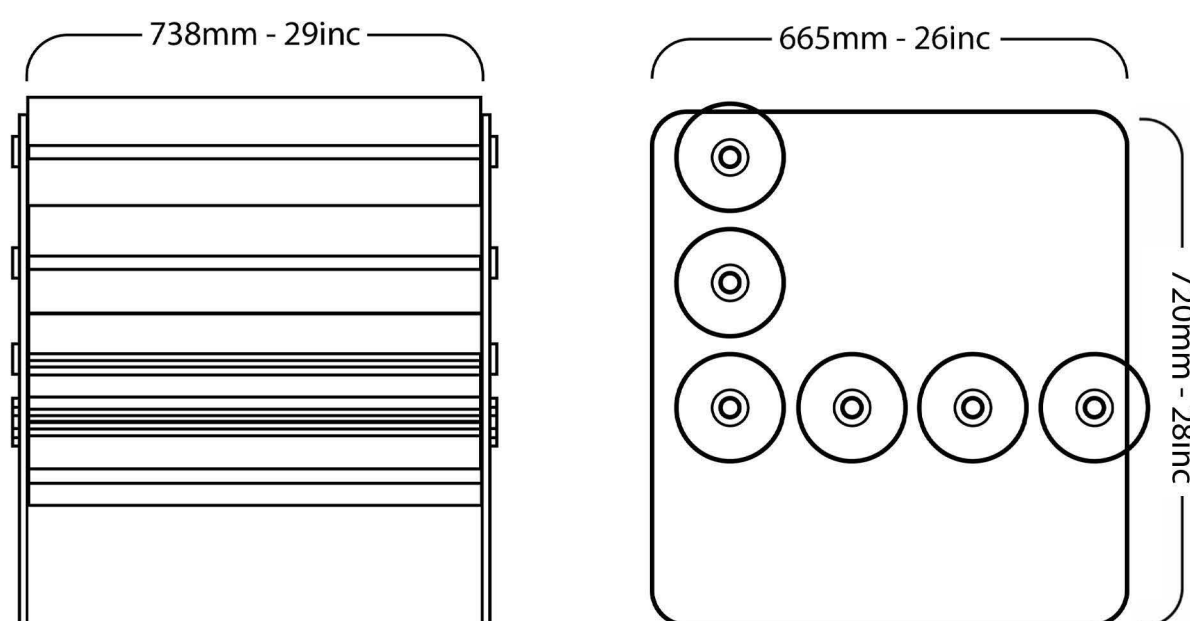

Today, whether in armchair or sofa version, this line with contemporary design, enriched with a subtle vintage touch, adapts to all types of spaces, whether professional or residential. Its optimized dimensions and cylindrical cushions provide a perfect balance between elegance and comfort.

The design of the MW01 model allows for a straight seat, ideal for work environments, while also offering the possibility to relax thanks to the generous depth and width of the seat. The compact dimensions, combined with transparent walls, enable the armchairs and sofas to fit easily into tight spaces without compromising on comfort.

Depending on the choice of surfaces, the type of seating, and the color, the armchairs and sofas in this collection can take on a more modern and bold look with an electric design or adopt a contemporary line with a slight vintage touch.

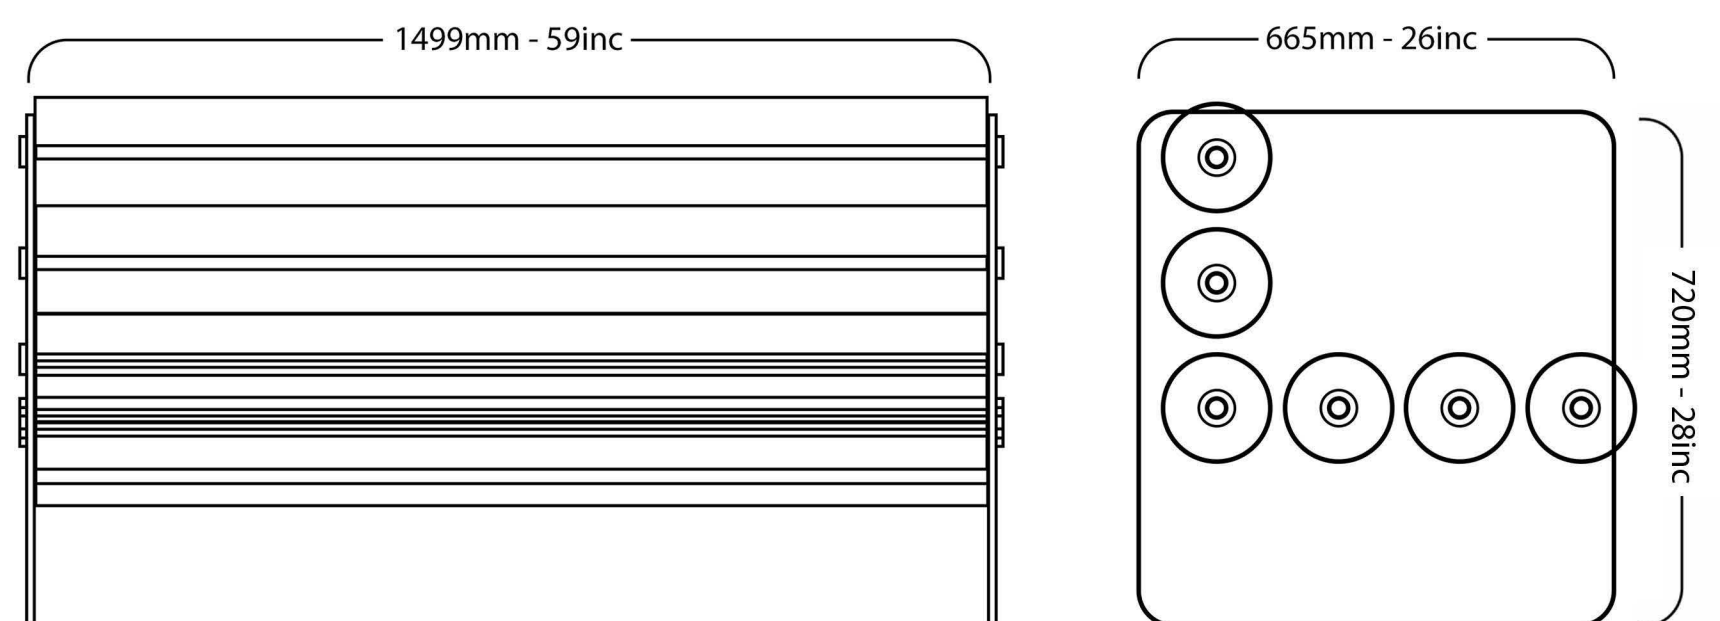

Each piece in the collection, with its unique design, becomes a true collector's item, adding invaluable aesthetic value to any space in which it is installed.

MW02

Elevating the aesthetics of furniture to an artistic dimension, the MW02 armchair does more than just furnish a space; it transforms and enhances it. Its abstract appearance and lounge seating sculpt the space with a unique elegance, infusing it with a modern and luminous dynamic, complemented by a subtle vintage touch. This armchair thus becomes the centerpiece that combines comfort and decoration, perfect for enhancing both contemporary interiors and exteriors. The result of careful design using high-quality eco-friendly materials, the MW02 offers much more than a simple seat: it provides a luxurious and timeless comfort experience. A true statement of style and sustainability, it transcends conventional furniture to assert itself as a work of art in its own right.

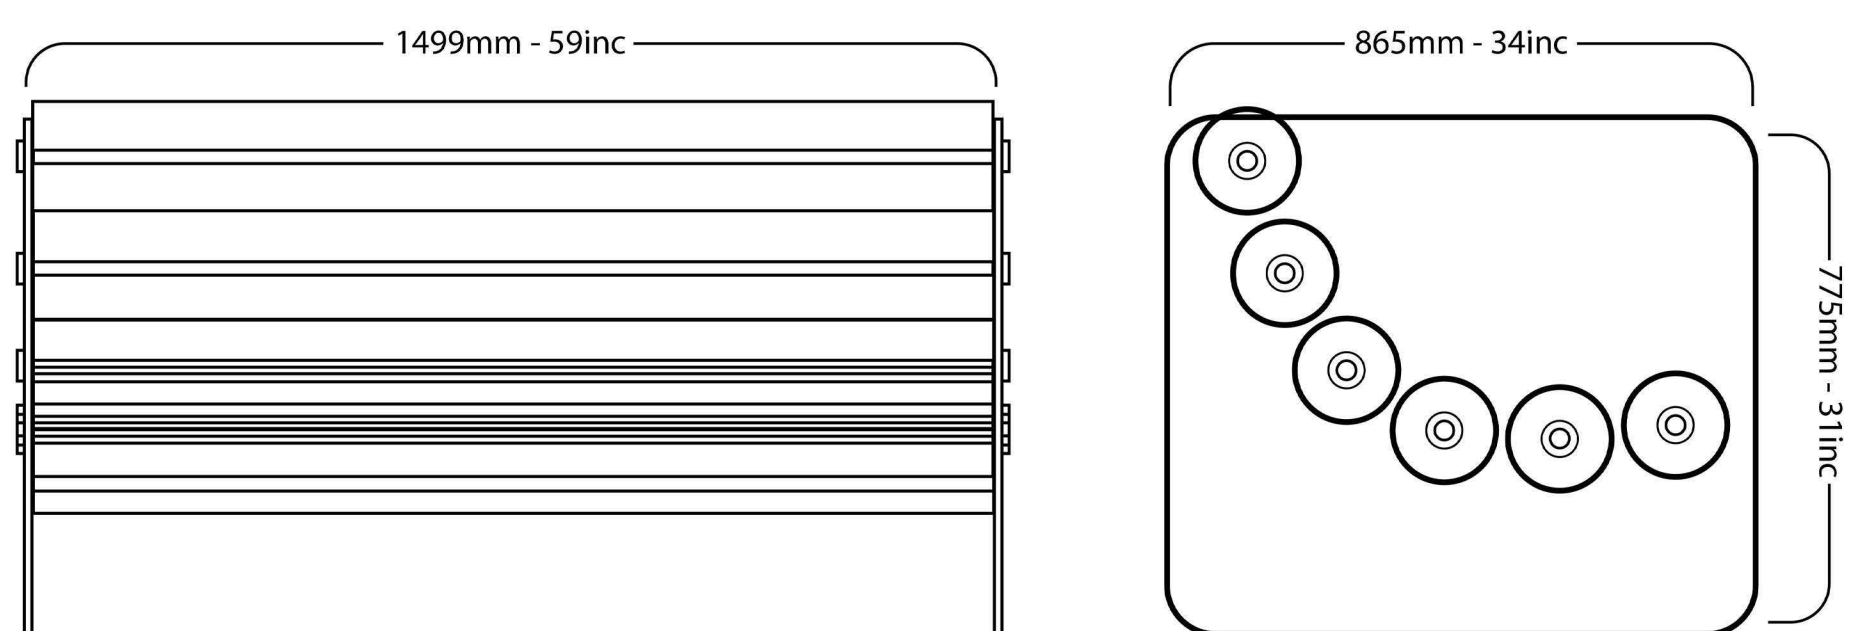

Available with signed and numbered glass walls in more than 30 colors, or in PMMA available in three shades (transparent, smoked bronze, smoked gray-blue), this armchair adapts to all environments. Its seat, made up of six independent cushions, is offered in TPU, HR 40 foam, or alveolar foam for outdoor use.

MW05

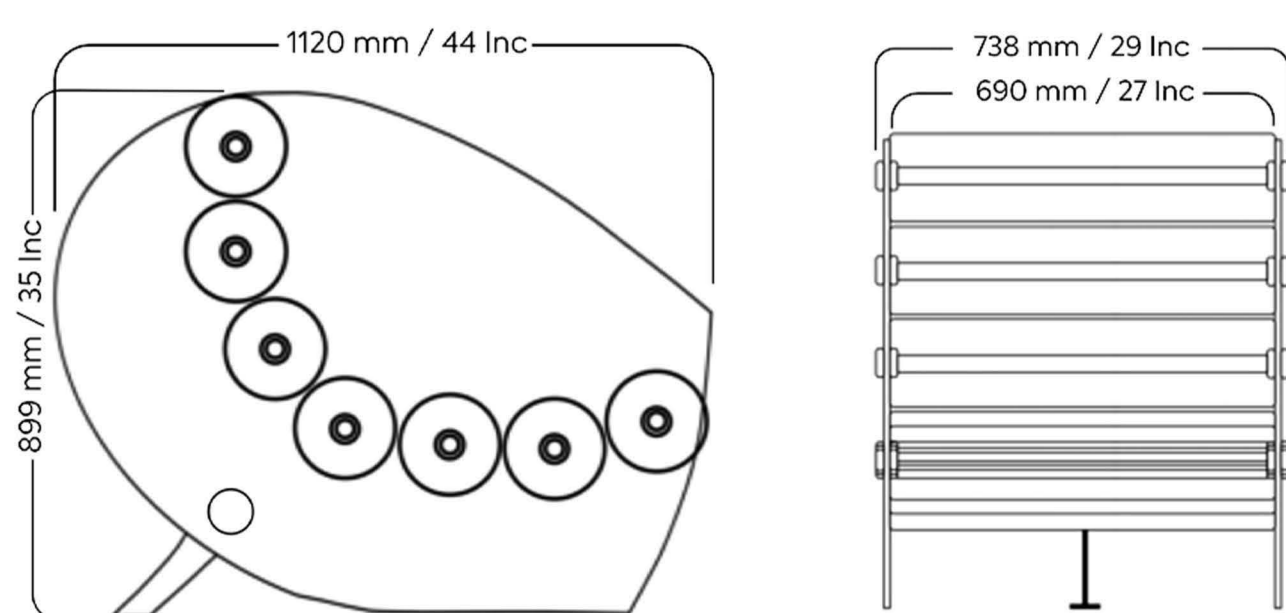

Ultra-designed, the MW05 armchairs and sofas are true works of art. Winner of the first prize in the Furniture category at the DNA Paris Design Awards 2023, the MW05 stands out with its sculptural design and bold lines softened by rounded shapes. Its mirror-polished stainless steel base, which provides perfect balance, makes it an exceptional collector's piece.

In addition to offering unparalleled comfort with its lounge seating, the MW05 brings a modern and designer touch to your spaces. Despite its relatively imposing dimensions, the transparency of its walls allows it to blend harmoniously into all interiors, whether modern or contemporary. Depending on the color combinations of the walls and seating, it exudes a dynamic and electric brilliance, making each piece unique and captivating.

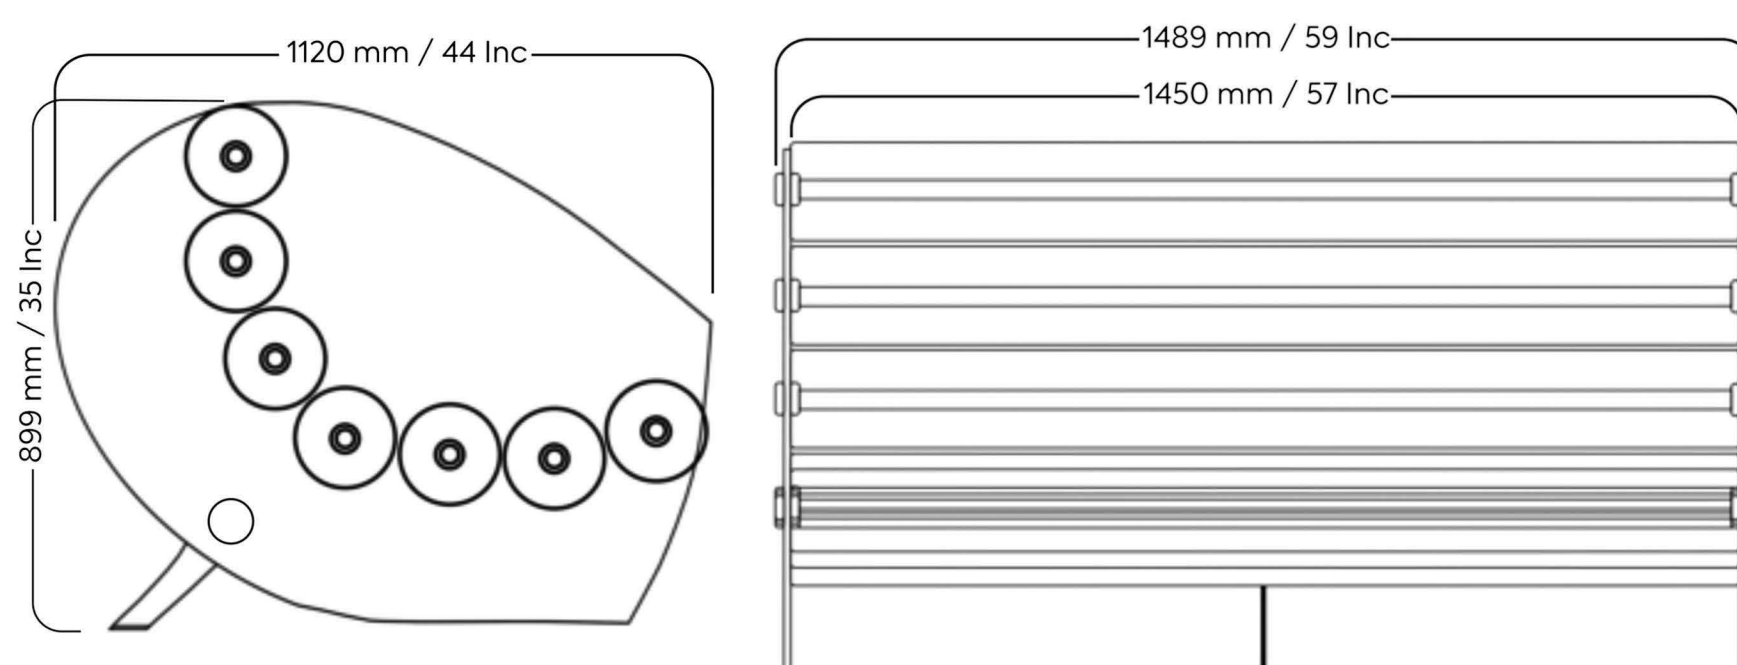

Each MW05 is numbered and signed, ensuring the traceability and authenticity of this exceptional piece.

*C***COLLECTION** *cannage*

A Reinvented Vintage Pattern.

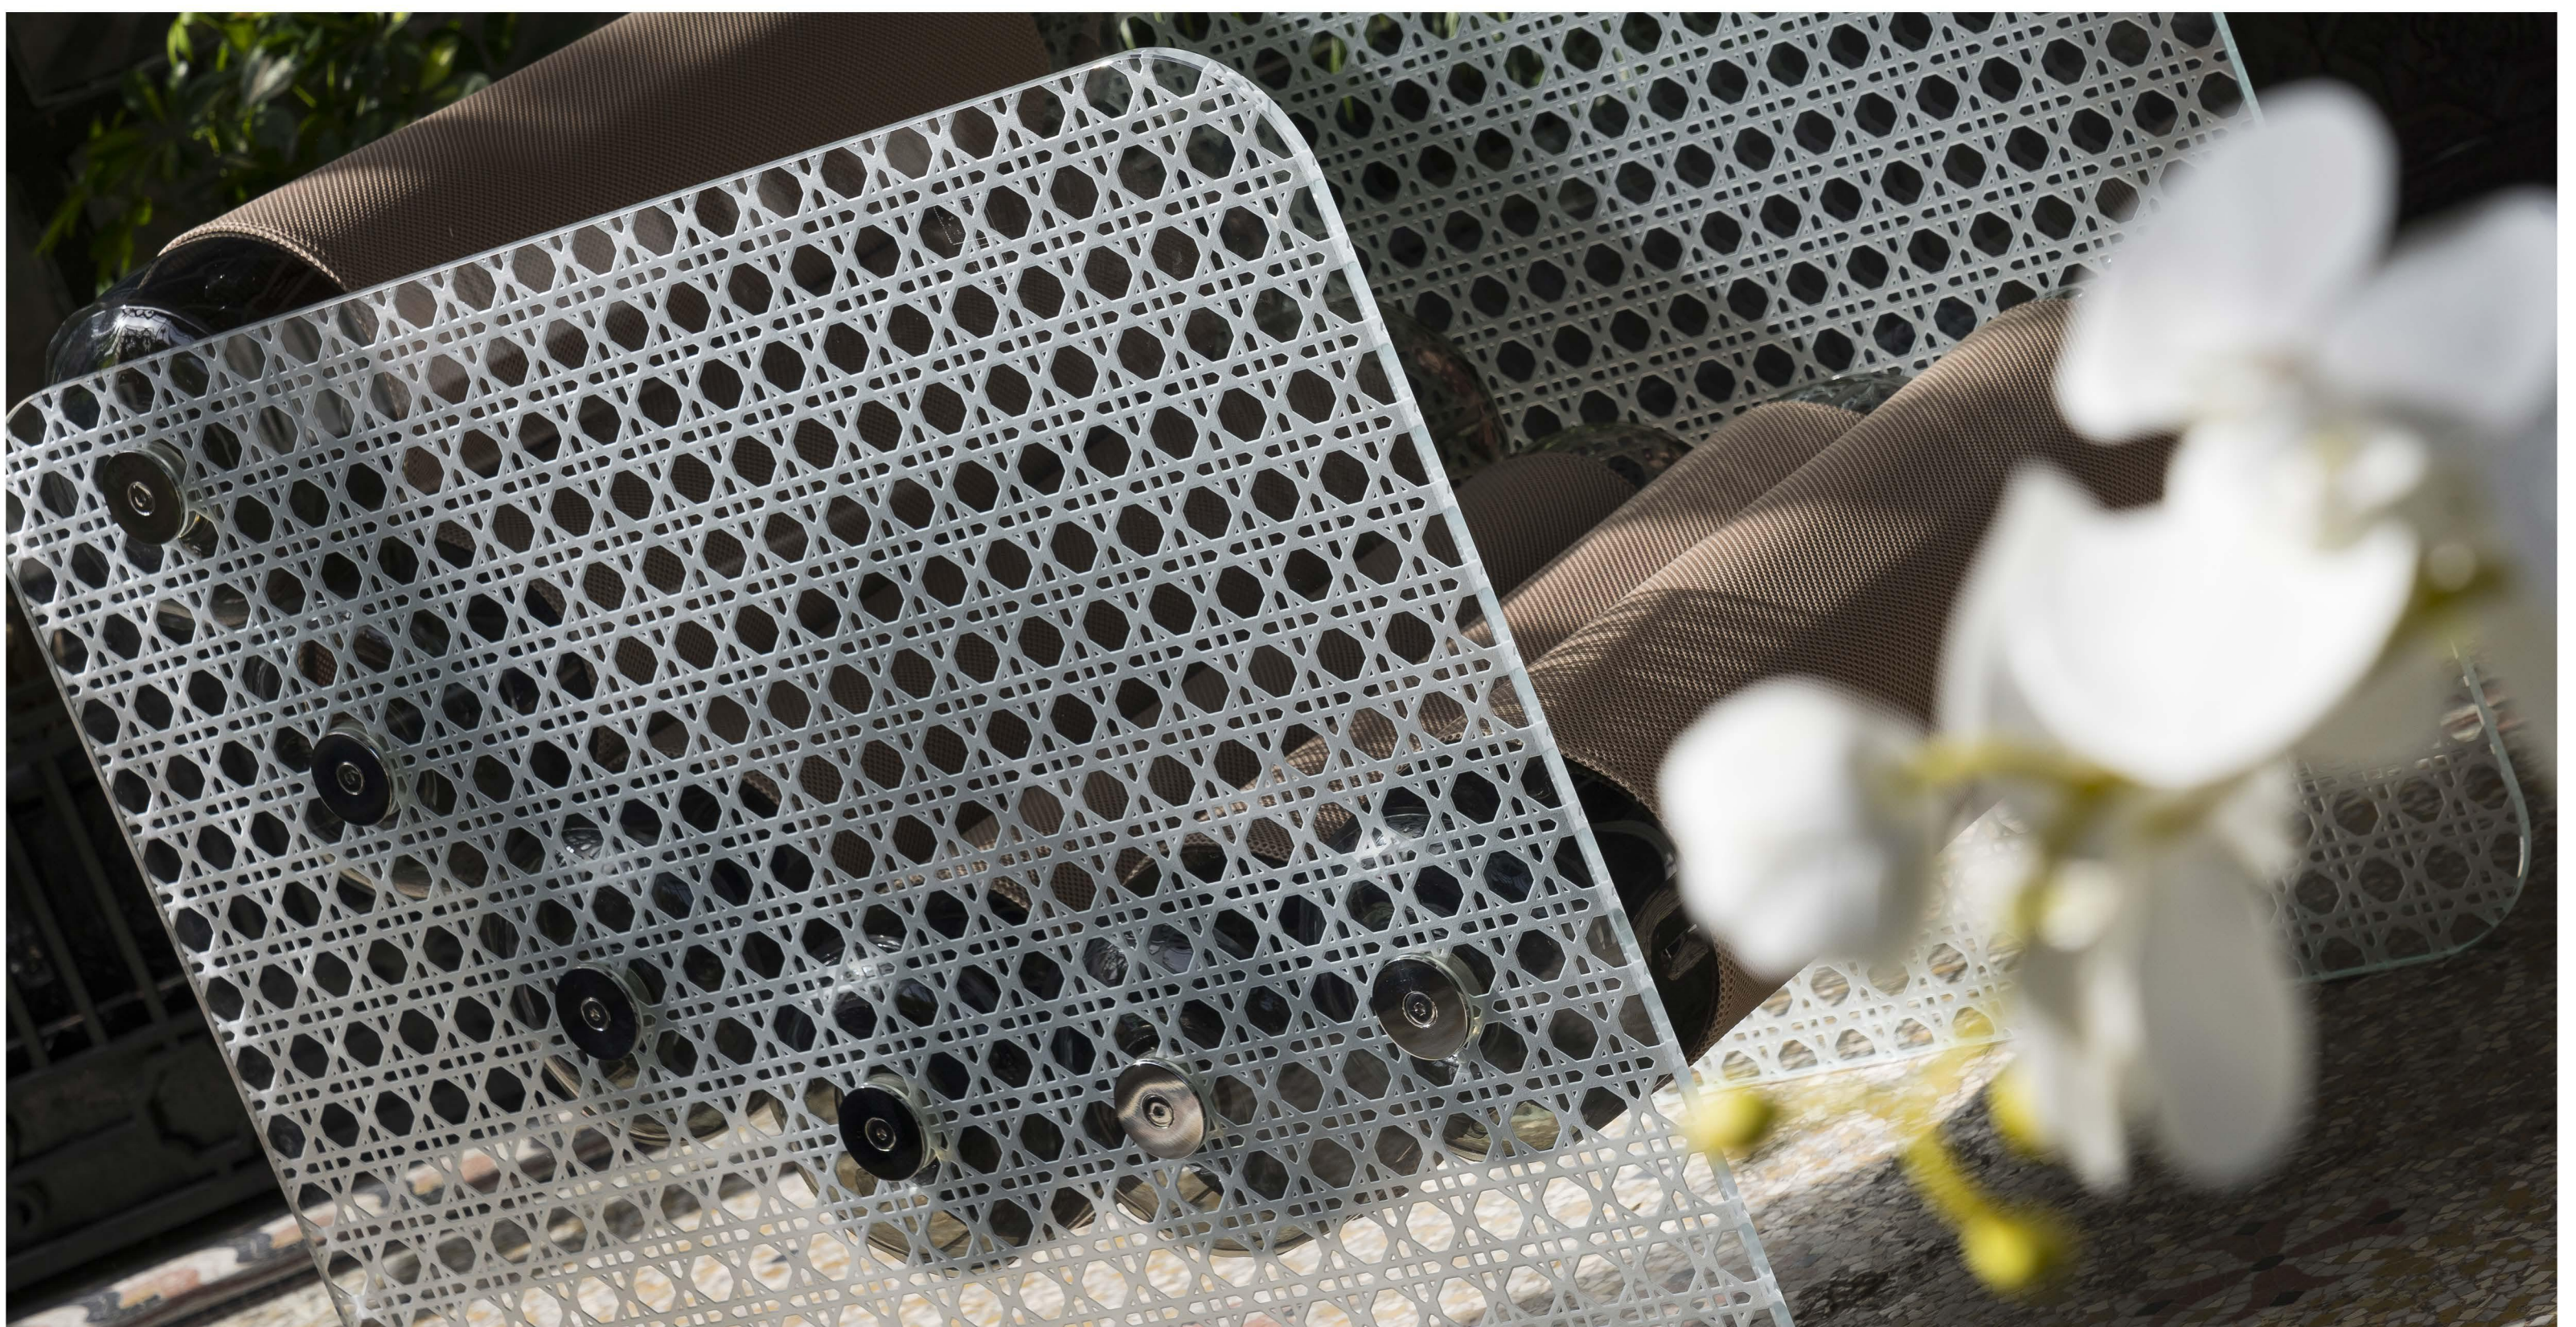

The iconic and timeless caning pattern is making a grand comeback in the world of contemporary design. Originating in the 18th century, this elegant weaving of plant fibers has marked the history of furniture, famously immortalized by the House of Dior in the 1940s, becoming an emblematic symbol of refinement and style.

Today, this vintage pattern is experiencing a true renaissance, seamlessly integrating into creations with modern lines. At MW, we have reinterpreted this iconic pattern by engraving and sandblasting it onto the glass and PMMA surfaces of our armchairs and sofas. This fusion of the old and the contemporary brings a touch of timeless elegance to clean and bold designs, perfectly fitting into modern spaces.

The Cannage collection combines traditional craftsmanship with cutting-edge technology to offer unique pieces that transcend trends. Each armchair and sofa thus becomes a true work of art, blending heritage and modernity.

Depending on the choice of surfaces, the type of seating, and the color, the armchairs and sofas in this Cannage collection can take on a bolder look with contemporary design or adopt a style with a slight vintage touch.

All of our Cannage collections are signed and numbered, ensuring traceability and guaranteeing the authenticity of our products.

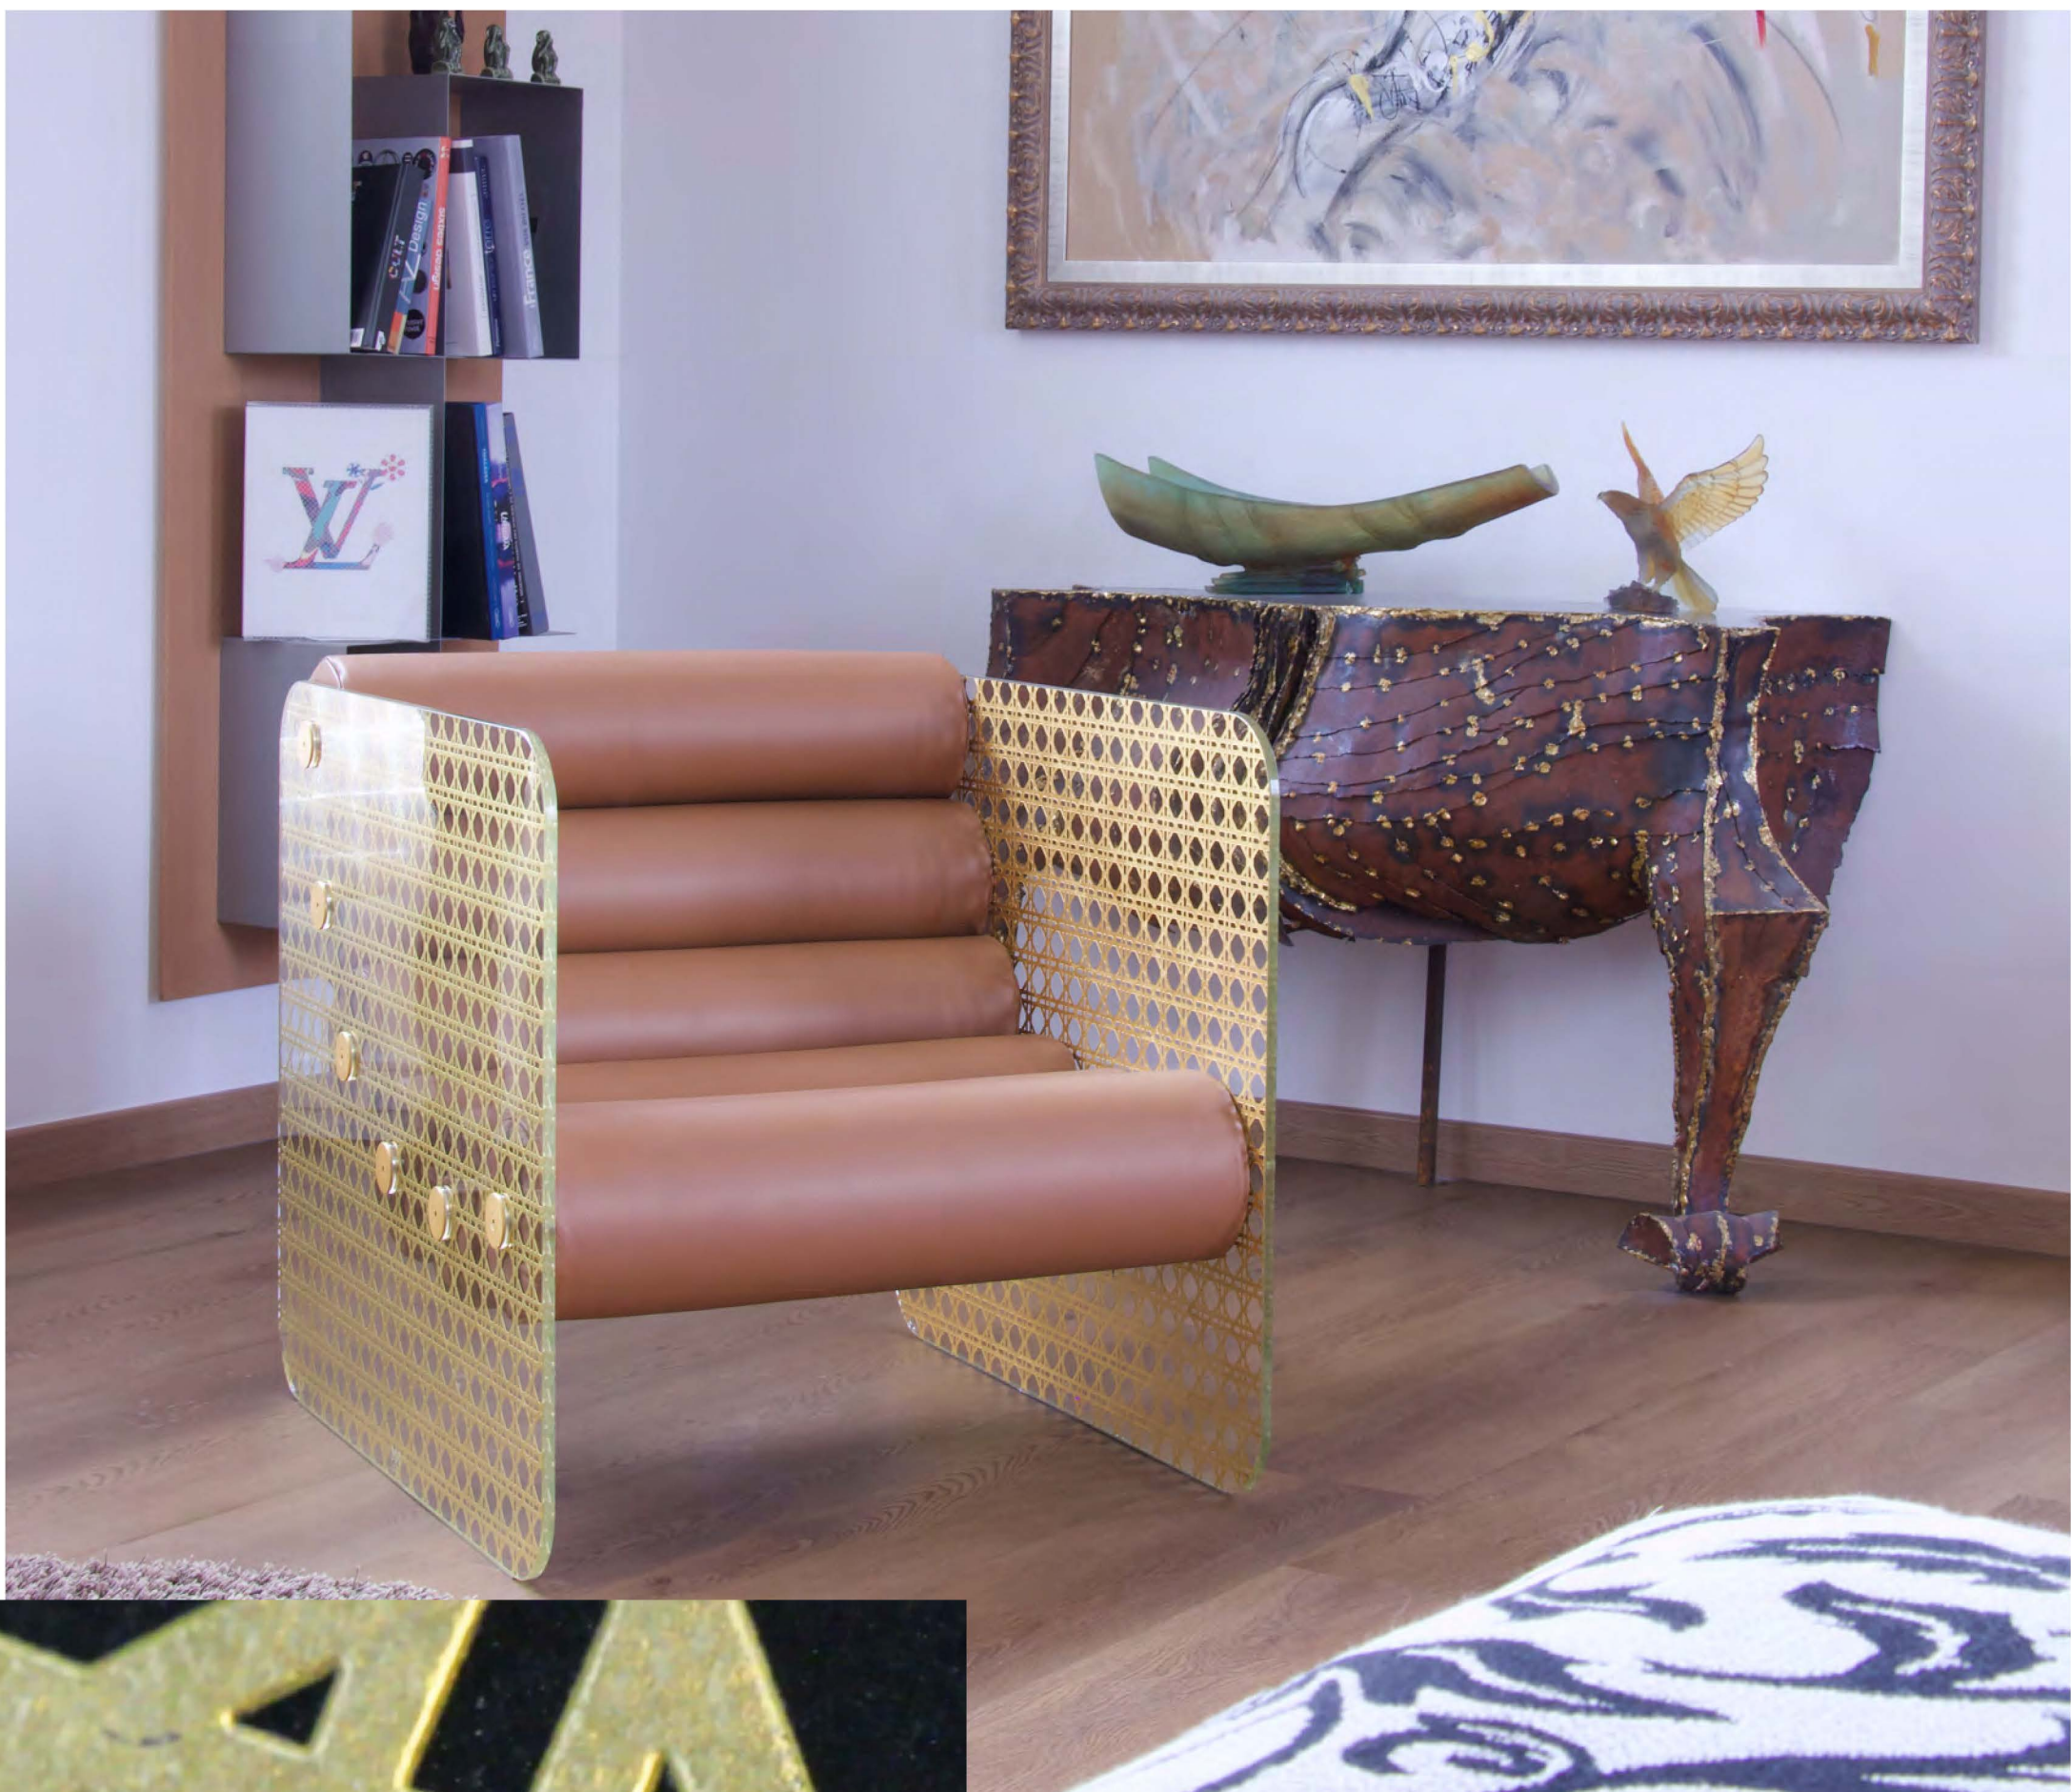

MW02 GOLD / SKU : MW02AGCGOLD

This model, featuring the caning pattern, a symbol of timeless elegance and Dior's iconic style, is both an oasis of comfort, a refined decorative piece, and a unique collector's item. It fits seamlessly into any interior, whether contemporary or classic.

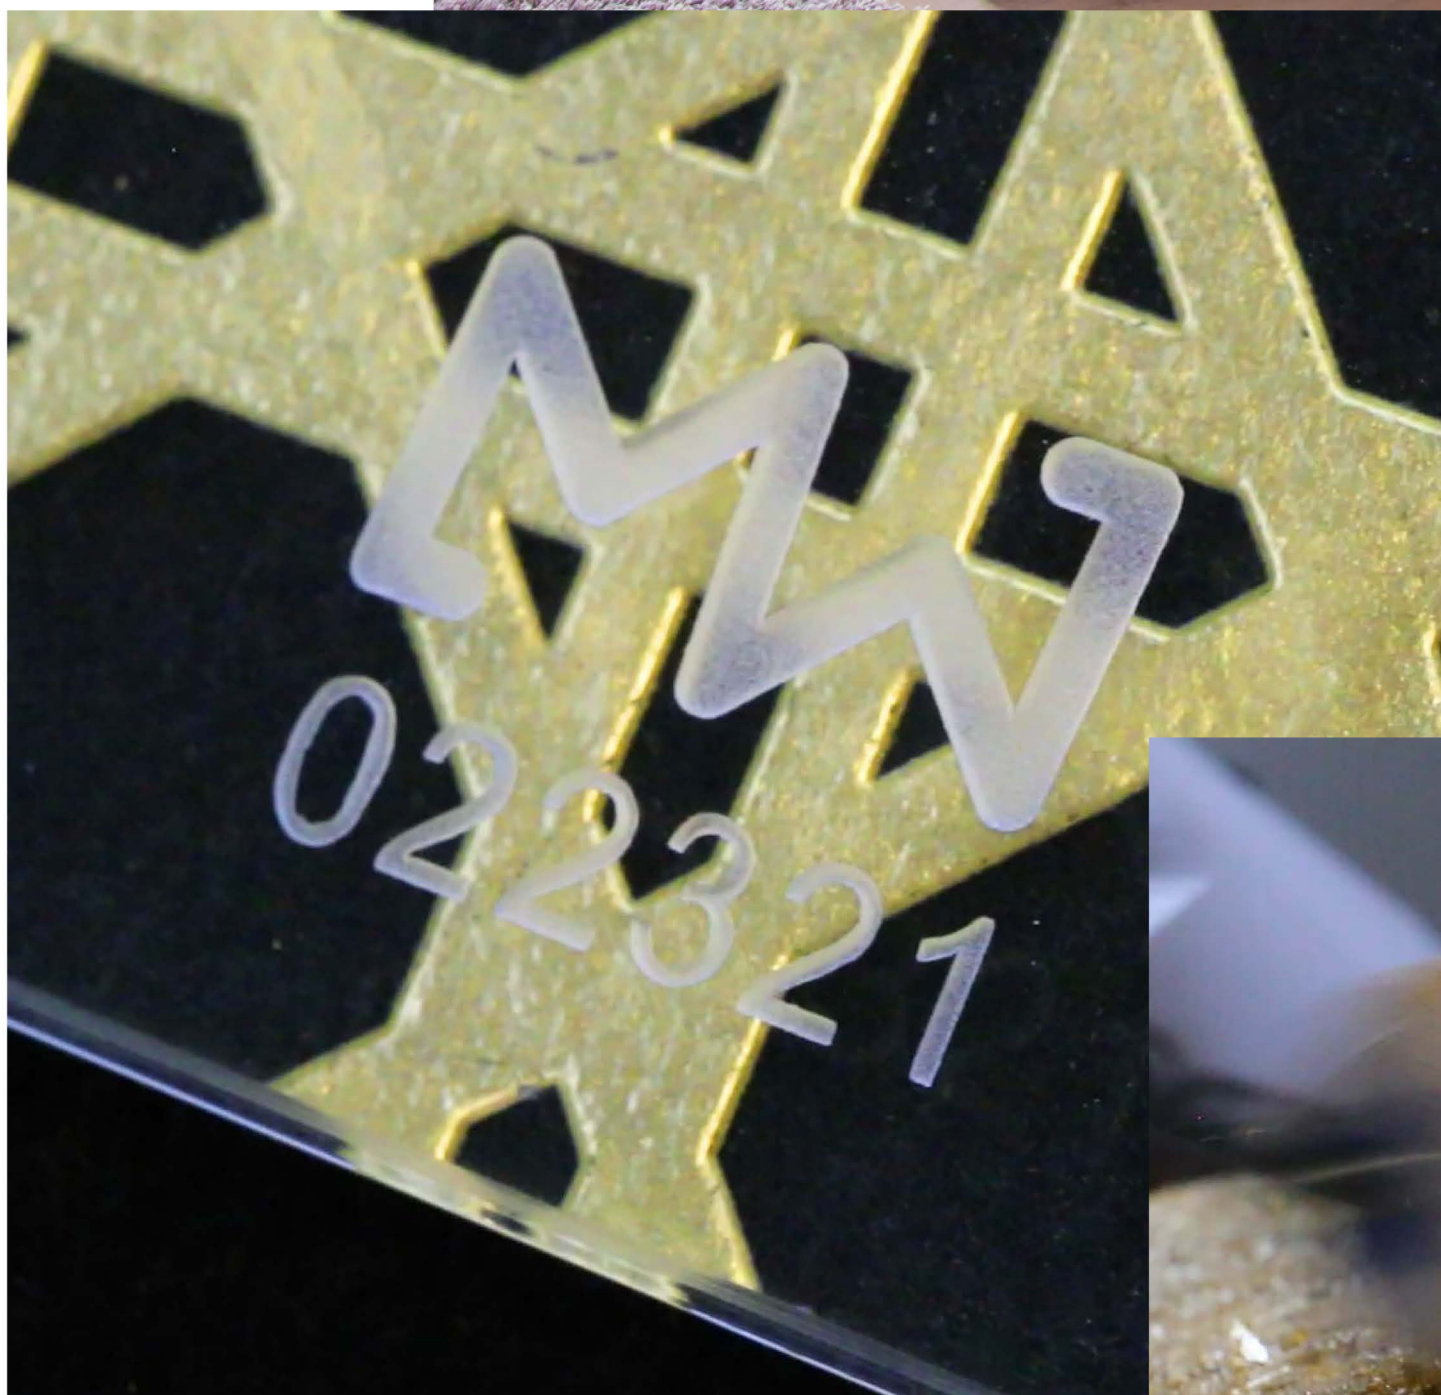

Its glass sides, meticulously engraved and sandblasted, are enhanced with touches of gold, showcasing the craftsmanship of French glass artisans. Even the fasteners shine under the glow of gold leaf. The seat, made of six removable foam cushions, is upholstered in light brown Nappa leather, offering luxurious comfort and a sophisticated finish.

Limited edition, numbered to 20 pieces, with a serial number engraved on the panel, ensuring traceability and authenticity.

The gold leaf is delicately applied to enhance the engraved patterns. This unique craftsmanship gives each piece a luxurious and refined brilliance.

KUUMO AND ITS COLLABORATIONS

MW02 "Interface(s)" - NEP

The artwork "Interface(s)", NEP chose to integrate two distinct creations on the panels of the armchair: on one, he placed his painting, while on the other, he initiated a process of erasure, symbolizing transformation and the dialogue between art and design.

The seat cushions, made of foam, are covered with green vegan leather from Soshagro, perfectly matching the tone of the panels. This modern design fits harmoniously into any type of interior.

The artwork "Interface(s)" is a limited edition of 20 pieces.

MW05 "Passage"- NEP

The artwork "Passage" by NEP. The MW05 received first prize at the DNA Paris Design Awards 2023. The collaboration with artist NEP and the placement of his artwork on the panels of this armchair and sofa brings a unique and exclusive touch to your interior. This model is both a comfortable armchair and a true work of art, a genuine collector's piece. This model is signed and numbered. It is limited to 20 pieces. It is possible to customize the seat width on request, from 71 cm to 200 cm.

MW04 "J'adore"- Leah Kirsch

MW04 “J’adore”

The MW04 chair, winner of the MIAW Design Award 2022, combines comfort, contemporary elegance and artistic creativity. Limited to 20 pieces, the “J’adore” chair was created in collaboration with artist Leah Kirsch.

On one of the panels, you can read:

Dis-moi comment tu t’assois, je te dirai qui tu es. “Tell me how you sit, I’ll tell you who you are.”

On the other panel: J’adore ta façon de t’asseoir “I love how you sit!”

Adapting to all interior styles, this chair is both an extremely comfortable seat and a unique collector’s piece.

It is available with a foam seat, covered with Soshagro vegan leather in pearl or anthracite.

STEPHANIE EVENTOV

Stéphanie Eventov founded the Society of Wonderland in 2015, an independent art studio based in Brooklyn, NY. She brings an original aesthetic to product design, interiors, and public spaces by using geometric and linear elements in an organic way, referencing past decades.

As a designer of furniture, Stéphanie pushes the boundaries of digital art in the real world, with a strong focus on color and the customization of each artwork.

A graduate in art from the University of Wisconsin, Stéphanie has been exploring traditional and digital graphics, fashion design, textile arts, and sculpture for 15 years.

MW TABLE

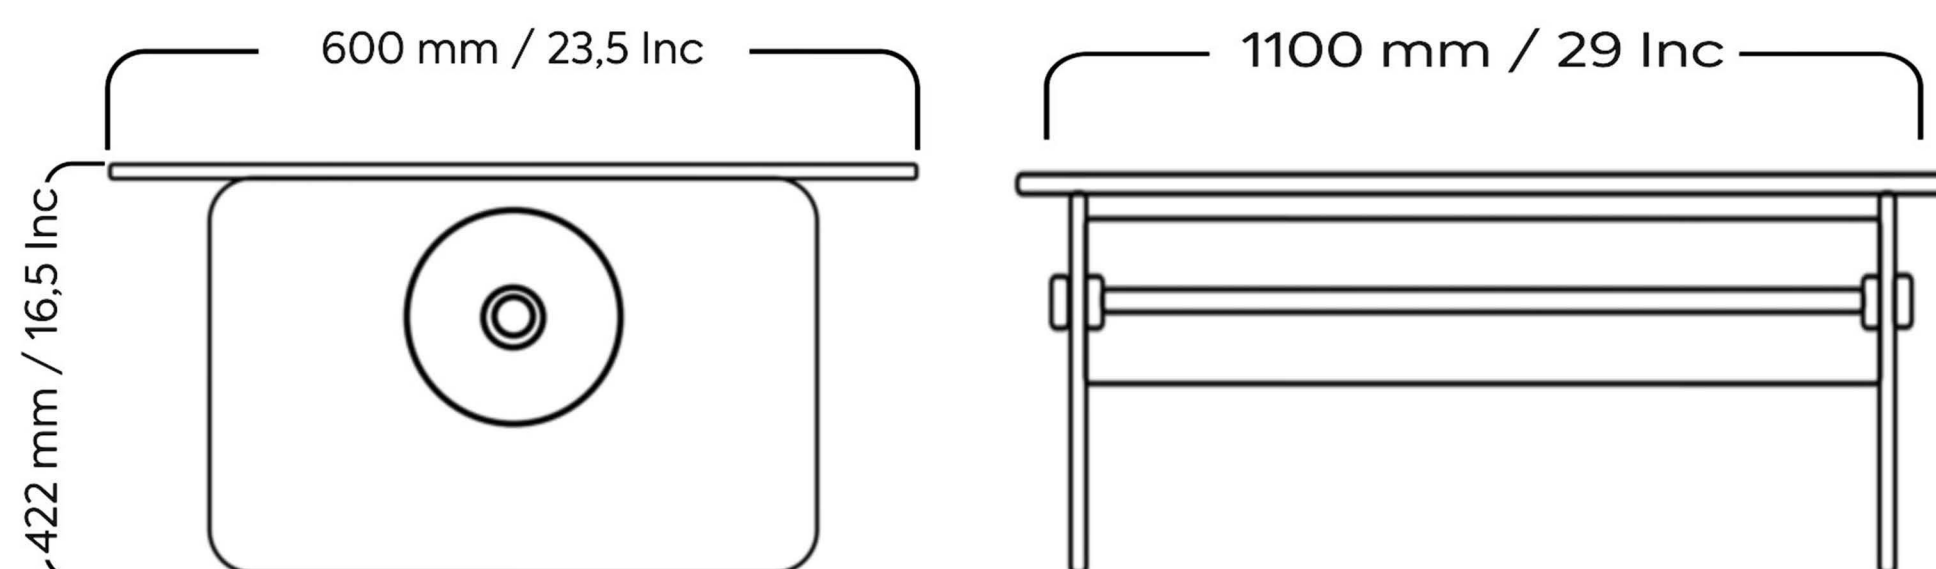

The MW coffee table embodies an elegant and versatile design, with transparency and clean lines that harmoniously adapt to any interior, regardless of the size or style of the space.

Designed to pair perfectly with our armchairs and sofas, it also blends seamlessly with other furniture styles thanks to its aesthetic flexibility.

Its transparent PMMA base, supported by a cushion available in a variety of colors and materials, allows you to add a touch of modernity or vintage charm, depending on the desired ambiance.
