Carcase-interior decor in slate grey

The carcase-interior decor in slate grey is optionally available for an additional charge MP-KID (7947). A surcharge is calculated per cabinet.

The interior can only be selected for carcase decor 194 slate grey (exterior).

The variant with white interior decor remains the standard version for all carcase decors as an attractively priced variant.

Excluded from the surcharge are all wardrobes that are already supplied in the same decor inside and out as standard, e.g. shelves, tambour door wardrobes, sliding-door wardrobes, etc. Not possible for corner units and Z-shaped bevelled units.
