## Soundproof Doors

Studio 3D™ Soundproof  
Interior Doors

ASI is proud to offer the market's most beautiful and affordable soundproof door assembly. Our doors have an STC value up to 56, and are ideal for recording studios, offices, band rooms, hotels, conference rooms - nearly any application where a soundproof door is needed. Standard doors are Oak, ready to stain or finish on site. Custom wood species and hardware options are available.

### FEATURES & BENEFITS

- Low cost - high performance
- STC ratings up to 56
- Custom manufactured to nearly any size specification
- 2-3/4" thick, approx. 300 lb. door assembly
- Ships pre-hung and assembled
- Adjustable soundproof jambs & seals
- Ready to stain or paint to match your decor
- Lite kits and H.D. door closers optional
- Automatic door bottom seals to any flat, smooth surface - no special/raised threshold needed
- Heavy-duty hinges (4)
- 3-point latching system

### APPLICATIONS

Offices, schools (gymnasiums, classrooms, auditoriums, music practice and band rooms), restaurants, bars, sports and entertainment venues, manufacturing and industrial facilities, detention centers, hotels, conference rooms, recording studios, and more.

### SPECIFICATIONS

Standard: Red Oak flush door slab, matching Oak trim kit and 6" jamb, satin chrome (G.U. Venice) hardware and hinges - includes adjustable jamb seal and mortised automatic door bottom. Key or thumb turn dead bolt available at no additional cost. Various wood species and hardware are available. Vision lite kits (5 sizes) and extension jamb kits are available. Custom sized doors up to 8'w x 12't, or panel door aesthetics can be created.
