# REAL STONE *NATURALLY*

The story of Buechel Stone's exceptional selection of natural stone starts with a quarry. And as with anything precious, true worth is found beneath the surface. At Buechel Stone, we live by our mission of providing the best, most dependable experience in the natural stone industry, guaranteed.

# OUR *JOURNEY*

In 1964, Francis and Alyce Buechel transformed their 125-acre family farm into something unexpected—a quarry brimming with possibility—and started what today is Buechel Stone. With nothing but unwavering courage, they risked everything by betting the farm and redefined what it meant to create something timeless. Through grit and determination, they laid the foundation for a future that would set new standards in natural stone.

Today, we have grown, yet our passion for providing authentic, natural stone and unparalleled client experiences drives everything we do. From full and thin veneer building stone to landscaping and custom cut stone, we offer over 100 unique options—or the opportunity to create something truly unique to you.

At Buechel Stone, providing impeccable service is our highest priority. We are committed to understanding your unique goals and providing personalized guidance at every step of your project. From selecting the perfect stone to ensuring jobsite satisfaction, our team is dedicated to making your journey seamless and inspiring. We set out to exceed expectations, creating a partnership as enduring as the stone itself.

For us, natural stone is more than a building material; it's an expression of elegance, endurance, and artistry. Each stone, born of the earth, tells a story of millions of years of geological craftsmanship, refined to perfection by human hands. Whether it's the texture, color, or shape that inspires you, our stone will transform your vision into a lasting work of art.

Your project is a canvas; let our stone become the medium for your creativity. Together, we will help you craft something truly extraordinary. Whatever your goal, we'll help you blend natural wonder with human ingenuity to create something that transcends time and trend. With Buechel Stone, it's more than our stone; it's your masterpiece.

# OUR *STONE*

Embrace the history, durability, and spectacular beauty of natural stone. Whether it's Building Stone, Custom Cut Stone, or Landscape Stone, Buechel Stone's carefully curated product collections set the stage for infinite color, texture, and design possibilities.

# BUILDING STONE *VENEERS*

Buechel Stone provides only 100% natural building stone quarried from the earth, and we offer it in both full and thin veneer stone thicknesses. When it comes to beauty, strength, and longevity, our natural stone veneer is in a class of its own. For initial selecting and creating the perfect blends of architectural stone veneers, you've come to the right place.

# ASHLAR

Our Ashlar Collection epitomizes timeless elegance, featuring stones that are split and finely dressed into rough rectangular shapes. Hand-shaped to perfection by skilled craftsmen, these stones showcase a variety of natural colors, faces, and textures. Traditionally installed in a 2-to-1 pattern, Ashlar stones deliver a classic yet versatile design, elevating any project with unparalleled sophistication.

# LEDGESTONE

Our LedgeStone Collection pays homage to the craftsmanship of early American settlers, who embraced the practicality and charm of thin, layered stone for foundations, chimneys, and walls. Today these smaller, intricately placed stones create a refined yet authentic statement on both interiors and exteriors, evoking the classic beauty of American tradition.

# MOSAIC

Our Mosaic Collection celebrates the timeless artistry of creating images through the careful arrangement of stone – a tradition as old as civilization itself. Our assortment of river rocks, cobbles, and fieldstone veneers transform walls into captivating works of art. With every piece turned, spun, and perfectly placed, each stone finds its rightful home, resulting in a uniquely textured design that echoes the craftsmanship of history's most revered mosaicists.

# TAILORED FIELDLEDGE

Our Tailored Fieldledge Collection merges the historic charm of layered stone with the precision of modern craftsmanship. With pieces consisting of 2", 4", and 6" sawn heights paired with natural random ends, these stones balance traditional artisanship with sleek, contemporary design. The result is a refined yet versatile style, perfectly suited to elevate any commercial or residential project.

# OUTCROPPINGS

Outcroppings, or Outcropping Stones, perfectly complement any natural surrounding. Whether it's a backyard or an urban commercial building, outcroppings add genuine refinement to any application. One of our greenest product options available, Outcropping Stones are pulled from our quarries with minimal alteration.

*Chilton Outcroppings*

*Chilton Weatheredge Outcroppings*

*Mill Creek Outcroppings*

A photograph of a stone retaining wall with steps. The wall is constructed from large, light-colored, rectangular stone blocks. The steps are made of the same stone blocks, arranged in a descending pattern. Green plants and shrubs are growing along the base and top of the wall. The background shows a hillside with more stone blocks and vegetation.
