Washers & dryers

WC

To us here at Svedbergs, a bathroom means both the bath and the room. It's about having fewer limits. A feeling you can't always touch or even capture in a picture. Of course a bathroom is designed for hygiene, but it's just as much an oasis for enjoying the moment in. You decide. Our factory in Dalstorp offers you a wealth of options. As soon as you close the door behind you, you'll understand.

A ROOM FOR LIFE

Your own inspiring space. With Svedbergs, you can easily put together the feel you want to convey – whatever your budget, tastes or style. We offer matching colours and designs in beautiful harmony. And combined, they create a cohesive whole, a basis – perhaps – ensuring your bathroom meets your needs.

CRAFTSMANSHIP

Design and details that stand up to close inspection – choose between a well-balanced sharp finish and a soft, inviting atmosphere. Professional pride and a desire to deliver the very best products guaranteed. Close collaboration between people and the processing of materials!

GENUINE MATERIALS

With our well-tested materials, we offer first-rate durability and recycling with a more sustainable approach. What's more, they are closely intertwined with both craftsmanship and quality – a natural beauty and a more vibrant finish.

MADE IN SWEDEN

Made in Dalstorp stands for the highest quality, reliability and performance. Manufactured in our factory to strict standards. Products that withstand the test of time thanks to our long warranty, servicing and support.

YOUR PROJECT PARTNER

Working with Svedbergs is reliable, easy and sustainable. Together, we will create high-quality bathrooms where all products match – whatever the size and style of your bathroom.

FOR ALL BATHROOMS

Our range suits simple, exclusive, wide, narrow, modern, classic, large and small bathrooms.

COHESIVE

Styles, colours and choices of materials that match throughout the whole range..

OUR FACTORY IN DALSTORP
All our bathroom furniture is manufactured and assembled at our factory to make purchases as easy and fuss-free as possible for our customers.

A FOCUS ON QUALITY
Thanks to carefully chosen materials and assembly by experts directly at the factory, we are proud to offer customers a 20-year warranty.

ENVIRONMENT & SUSTAINABILITY
Our environmentally trained employees and environmental managers are constantly developing all processes at Svedbergs to minimise our environmental footprint.

BATHROOM FITTINGS THAT LAST

It's all about thoughtfulness. About you. About each other. About our products. And about the environment. We design for simplicity, practicality and timelessness, with carefully selected materials and solutions that make people's daily life easier. This approach is in our nature.

ENVIRONMENT AND SUSTAINABILITY

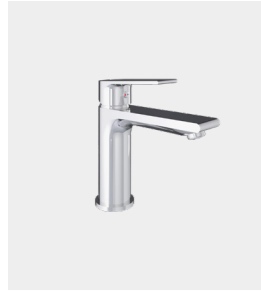

PIPEWORK REPLACEMENTS FOR HOUSING COOPERATIVES

When it comes to pipework replacements and bathroom renovations, having a reliable and experienced partner on your side is key. Svedbergs, with more than 100 years of experience and tradition in bathroom design, can offer tailor-made solutions and flexibility for housing cooperatives.

Svedbergs' bathroom furniture can help create a luxury yet functional bathroom experience for your home, believes Amandus Höök. The products offer both style and functionality, which are key to creating an attractive environment for housing cooperatives carrying out pipework replacements. Svedbergs' bathroom fittings stand out thanks to their unique characteristics and design elements. "The furniture is considered to be of the highest quality for a fair price. This combination makes it an appealing choice for housing cooperatives carrying out pipework replacements," Amandus adds.

"Svedbergs' bathroom furniture is considered to be of the highest quality for a fair price. This combination makes it an appealing choice for housing cooperatives carrying out pipework replacements."

– Amandus Höök, Rotocon

DESIGN IN 3D

Specify your bathroom's dimensions, choose your wall and floor tiles and position your bathroom furniture. After you've finished, you'll get a full list of the products and inspiring pictures of your dream bathroom.

All our furniture collections are different expressions of a single concept and feel. It's about passion and dedication for aesthetics, practicality and sustainability. But it's also about the freedom to create an individual look.

FURNITURE RANGES

POEM

Materials offering a natural wood feel, details that exude a contemporary edge, and an air of exclusive design for bathrooms big to small. In the Poem range, variety is key. With the Poem range's front looks and choices of material and colour, we are unique in offering a scalable design experience for bathrooms simple to lavish.

Design

Timeless design with a focus on integrated grips, genuine materials and craftsmanship.

Flexibility

A variety of looks, from natural Nordic to dark and earthy. Choose between an integrated or counter top washbasin. For bathrooms big to small.

Functionality

Tall frame for more volume. Practical drawer compartments. Drawers that are fully extendible. EasyMount for simple mounting.

Quality

Real wood veneer. DuraDry coating process for extra durability. Made in Sweden and sold with a 20-year warranty.

Sustainability

Wood sourced from responsible and sustainable forestry providers. Can be uninstalled and recycled..

BLOK

With a hard-wearing surface and a limited number of carefully-selected options, we have made it easier for you to create a smaller or medium-sized bathroom. The result will be a bathroom truly designed to last.

Design

Furniture on a simpler scale.

Flexibility

Carefully selected product combinations in white or grey. For small to medium-sized bathrooms.

Functionality

A washbasin with a large filling volume. Soft-closing hinges. Simple installation.

Quality

Durable melamine finish. Made in Sweden and sold with a 20-year warranty.

Sustainability

Wood sourced from responsible and sustainable forestry providers. Can be uninstalled and recycled..

INTRO

Intro stands up to tough wear without compromising on design or function. Intro is made of galvanised sheet metal, using our unique EnduraDry method. This combination provides an exceptionally tight and durable surface finish. The result is a furniture range that will withstand the test of time.

Design

Clean lines and pared-back design, with a focus on practical considerations.

Flexibility

Robust, solid and durable, with a drawer or door in four optional colours. For small to medium-sized bathrooms.

Functionality

Washbasin with large filling volume. Grip holes that are easy to keep clean.

Quality

Galvanised sheet metal. EnduraDry coating process for extreme durability. Made in Sweden and sold with a 20-year warranty.

Sustainability

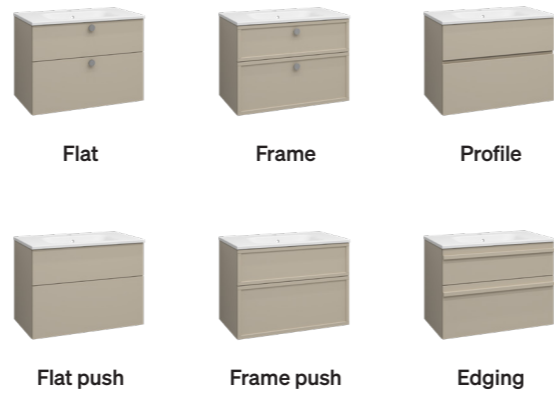

Extra long lifespan. Awarded the highest rating for durability by RISE Research Institutes of Sweden.

Drawers: available in widths of 50 and 55 cm.

MIXERS

Mixers come in many designs and styles. Do you prefer a more classic or contemporary look? The mixer is a detail that influences the whole look of the bathroom. The design should feel right, both in your heart and for the harmony of the bathroom. Although the aesthetic look is important, mixers today are increasingly being given smart functions too. These functions can make life easier, more comfortable or more environmentally friendly.

COLD START

Cold start is an energy-saving function that reduces unnecessary hot water use, saving up to 40% of the hot water that would otherwise be used in one year.

FLOW CONTROLLER

All of our mixers are fitted with flow controllers. They are limited to 5–6 L/min, meaning that you save 33–44% of the water you would use with a standard flow.

WARRANTY

All our washbasin mixers come with material warranties of up to five years.

TRON

- Cold start
- Flow controller
- Control unit with ceramic seal
- Type-approved connection hoses, can withstand up to 10 bar.
- Meets the requirements of noise class 1
- Energy class A, 1.3 kWh
- Type-approved and certified in Sweden and Denmark
- Return flow protection according to SS-EN 1717 [AA]

Colours: Chrome

TARJU

- Cold start
- Flow controller
- Control unit with ceramic seal

VALVE

For central heating systems, not hot water systems.

BATHS

LUCITE

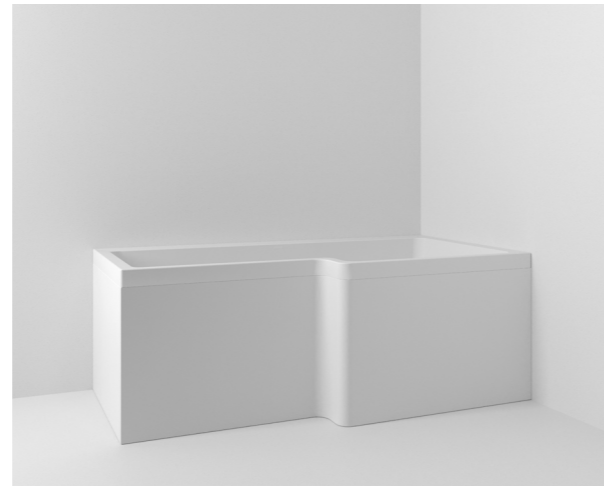

Lucite is a hard-wearing and practical material. The luxurious surface finish offers a warm, soft feel, and is available as either glossy or matt Lucite. Our Lucite baths meet the requirements of the world's strictest environmental certification, CAL65, and are 100% recyclable.

ACRYLIC

Acrylic is a highly durable material with low moisture absorption, making it easy to keep clean. This material gives your bath a warm, soft surface finish that's smooth to the touch.

ENAMEL

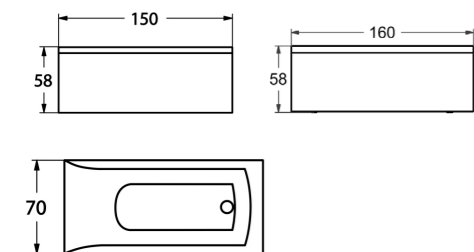

The enamel is practical, sturdy, durable and scratch-resistant. The material also offers a beautiful, glossy surface..

WC fixture

Dual flush. Pre-set flush volume 6/3 litres.

Flush plate

Flush plate WC available in three colours. Can also be used as a service hatch for the WC fixture.

REFERENCE / THE AUCTION HOUSE

In the Malmen neighbourhood, not far from Varberg's central station, you can catch a glimpse of the yellow factory building. The building is beautiful and full of memories from the past. It all began with a success story of making jam from local fruits and berries.

Over time, the factory building itself became a spectacular place for people to come together and for beautiful items to find new homes. An auction house. The time has now come for 18 new apartments to take shape in the beautiful old factory building. A renovation project aiming to preserve the character and soul of the building.

"We are proud to have supplied products for Auktionskammaren (the Auction House). A project focused on preserving the building's history."

– Kjell Johansson, Svedbergs

PROJECT	The Auction House

Svedbergs Marketing Group and Kolossal.

RESERVATIONS

We are continuously developing our products. For this reason, we at Svedbergs reserve the right to make changes to the design, appearance and prices of products. We also reserve the right to sell out. Wood is a natural material. Because of this, variations in colour and texture between individual doors/front panels and deliveries may occur. For technical Printing reasons, the colours of wood and other Surfaces in the catalogue may differ from the actual colours.

We accept no responsibility for discrepancies and printing errors.
