THE BATHROOM BOOK

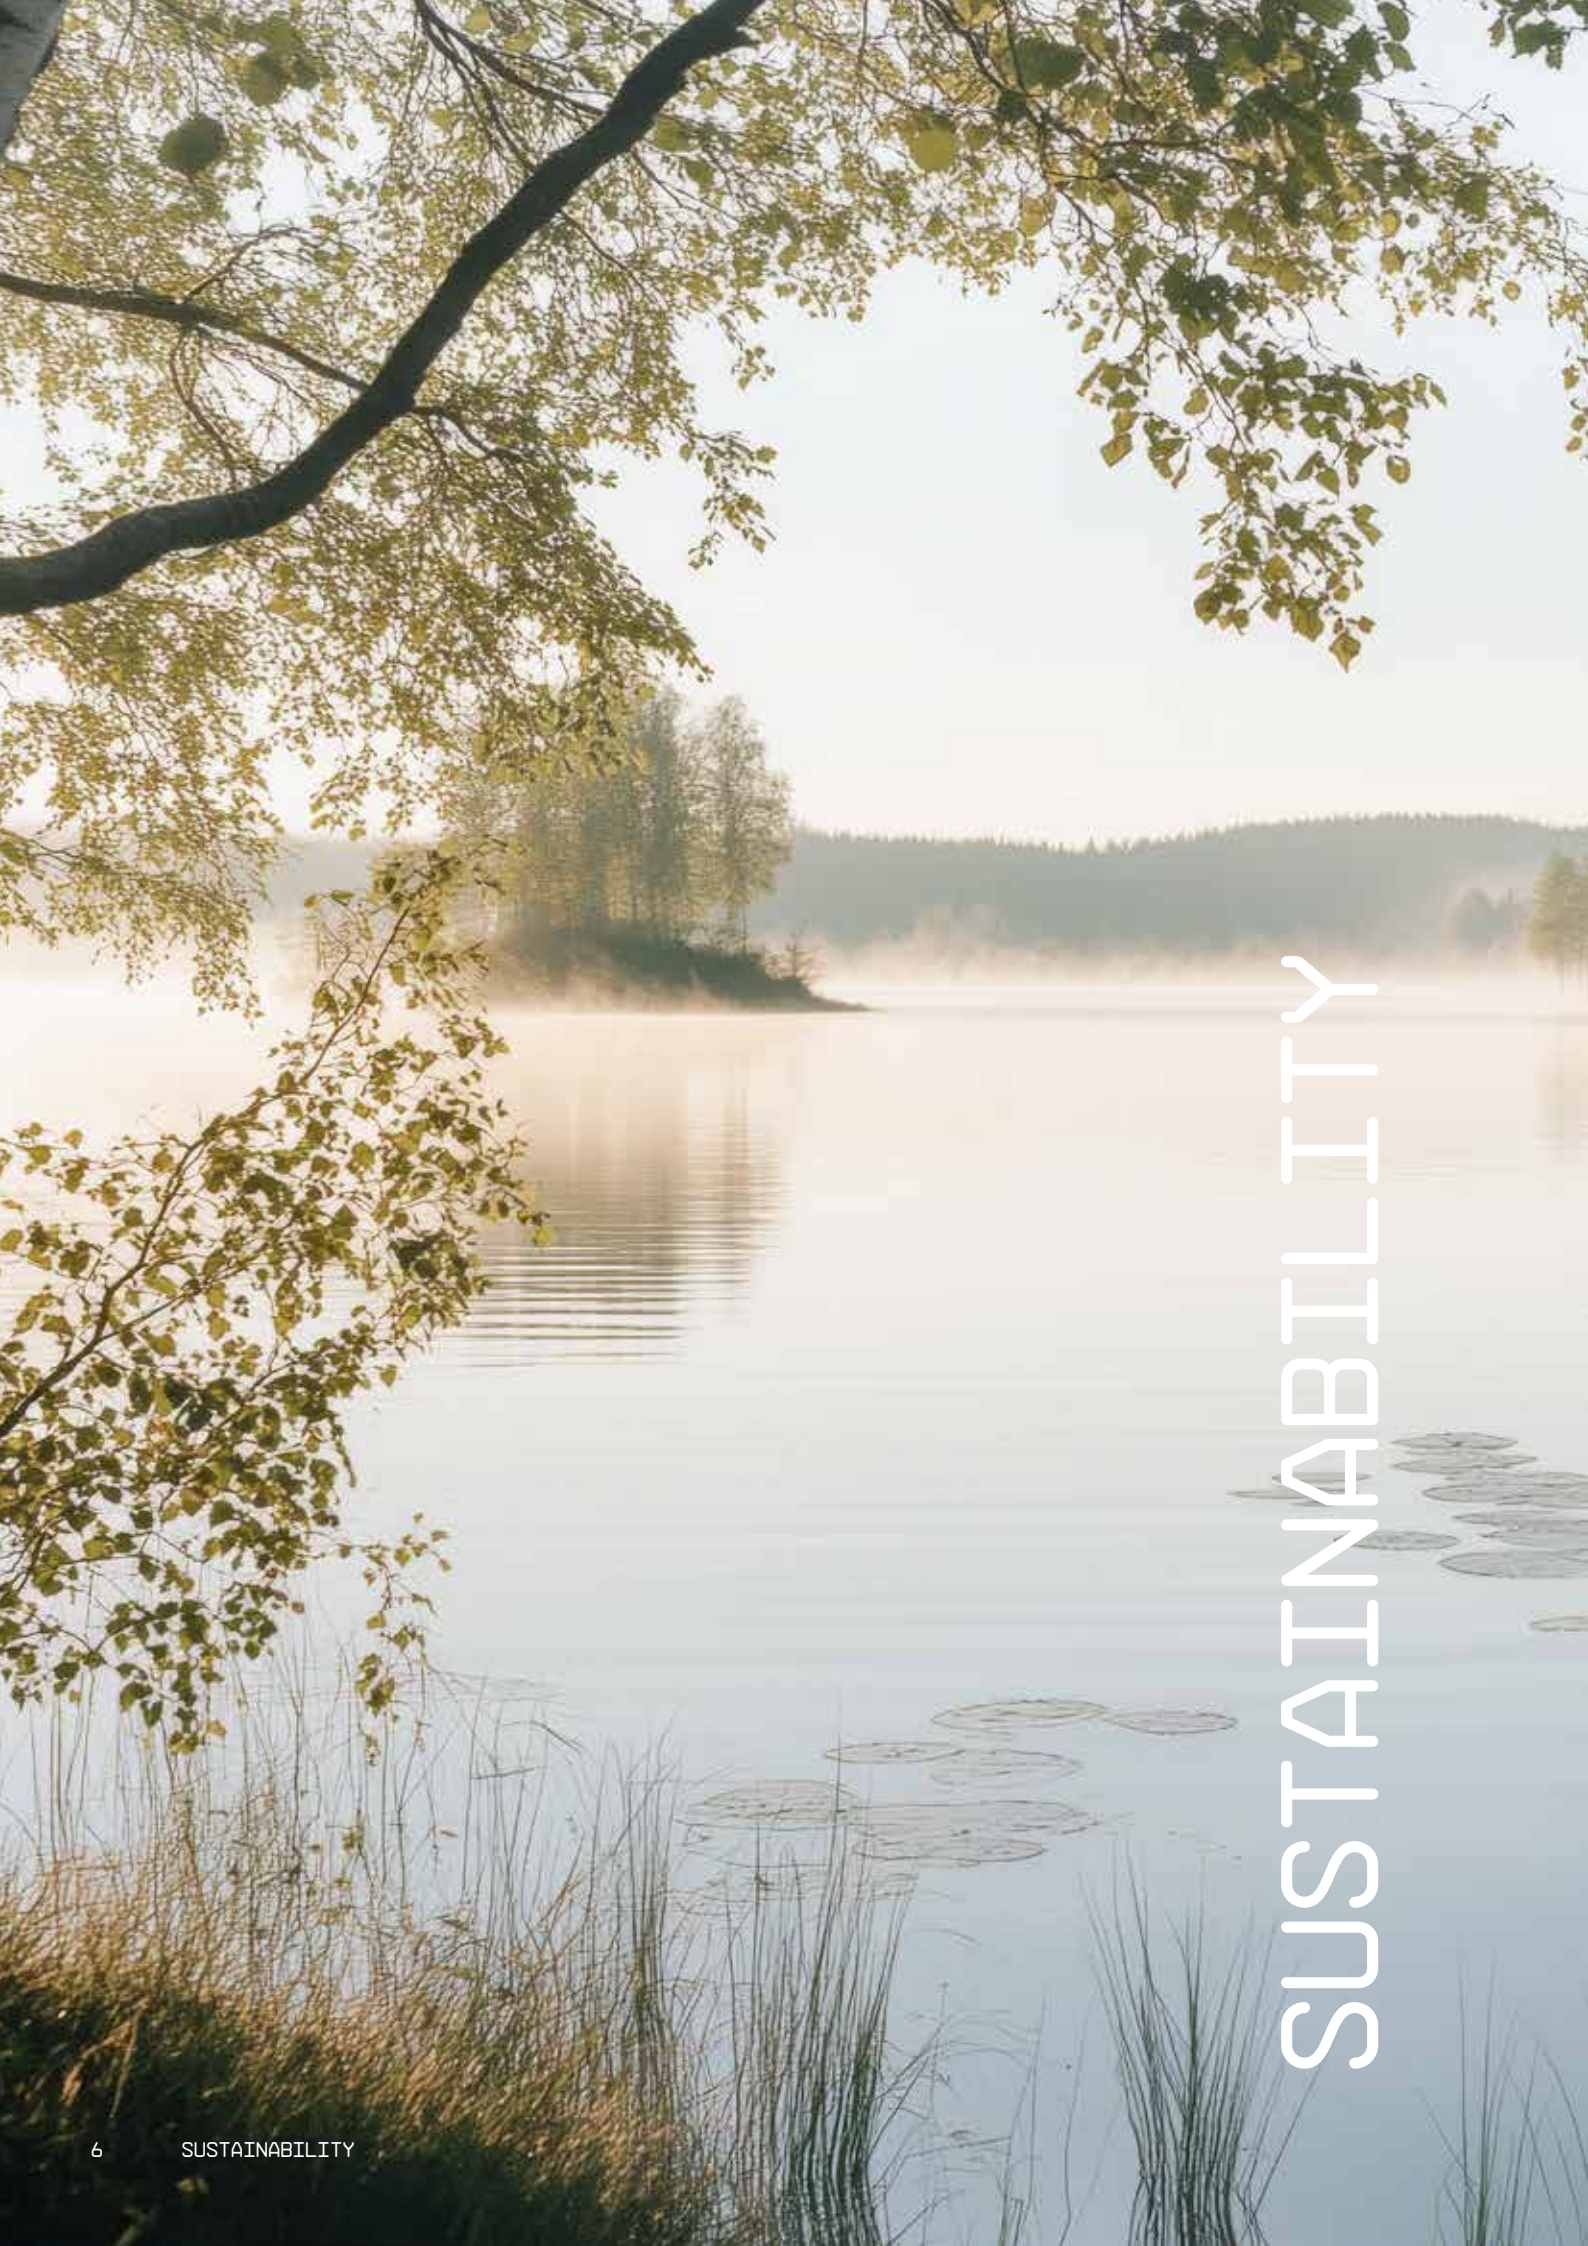

SVEDBERGS

Get inspired.

Bathrooms from Dalstorp since 1962

Svedbergs was founded in Dalstorp, Västergötland, as a small forge run by Holger Svedberg in the 1920s. During the 1960s, the focus shifted from agricultural tools to bathroom fittings, and a vision of creating bathrooms centred around Scandinavian design and quality. Still today, we produce our bathroom furniture ourselves in our very own factory, which gives us a unique opportunity to ensure each detail is of the highest quality.

SUSTAINABILITY

Sustainability at every step

At Svedbergs, sustainability is part of all of what we do, from the initial idea and design all the way to recycling. We are working towards creating circular products that retain their value over time.

We strive to ensure sustainability throughout the entire product lifecycle; right from the development phase we take steps to ensure our products can be uninstalled, recycled and upgraded. By using certified wood, we contribute to a reduced climate impact and promote biodiversity. We work actively to reduce our greenhouse gas emissions through careful calculations and a clear reduction plan covering everything from material choices to logistics.

With over 70 per cent of our production operations taking place at our facilities in Dalstorp, we have control over the value chain, which helps ensure we can provide the highest quality. Our suppliers adhere to a strict code of conduct to ensure that human rights, acceptable working environments, and fair working conditions are respected. In order to ensure long-lasting quality, we provide warranties on many of our products. Read more on www.svedbergs.com.

- 100% Forest-certified wood
- 100% Renewable electricity
- 93% Renewable energy
- 70% Production in Dalstorp
- 22% Reduced energy consumption 2018–2023
- 18% Reduced greenhouse gas emissions 2021–2023

Epos 120x45 cm vanity unit in black ash flat front panel, Ise washbasin, Bold mixer, Norra mirror, Mossby bath, Spika bath mixer, Sigyn heated towel rail, Front shelf in black ash

OUR VISION

Inspiring spaces

Here at Svedbergs, a bathroom is more than just a room for hygiene. It is a haven, a place where you can shut the door behind you and step into a world of your very own. Regardless of whether you are seeking relaxation or inspiration, we can create a bathroom that brings together mind and body in perfect harmony.

The Mossby bath is 100% recyclable.

Choose your furniture range

Choosing the right furniture range is all to do with understanding your wishes and needs when it comes to your bathroom. Our ranges are designed to give you the freedom you need to create a unique atmosphere where functionality and sustainability are combined. Our ready-to-mount furniture makes it easy for you to transform your bathroom into a personal oasis that reflects your own style.

EPOS

For the design conscious. Epos stands out with its modern Scandinavian design and carefully selected materials, functionality and details. With its contemporary design, the range is available in a variety of configurations and colours with plenty of functions to choose from. Pages 16–29

POEM

Our most spacious furniture. The wide range of front panels and choice of materials and colours available in the Poem range make it easy to create unique designs, from simple to lavish bathrooms. Pages 30–39

INTRO

Ideal if you want to try something new. A furniture range with a timeless, clean design. Characterised by practical grip holes and straight lines, and made from powder coated sheet metal. Pages 46–51

BLOC

With its carefully-selected product combinations that offer great value for money, it's easy to choose some great options with this furniture range. Pages 40–45

The EPOS furniture range is an homage to Scandinavian design, where modern aesthetics meet functionality and sustainable materials. Each detail in the Epos range is carefully considered to ensure it will create a bathroom that is both beautiful and practical – a haven of style and comfort in perfect harmony.

EPOS

Epos 200 x 45 cm vanity unit in brown ash, Stripe front panel, Fross washbasin, Ejer mixer, Sirius worktop, tall cabinet with open storage, Ista mirror

Designed in partnership with Interior Designer Halvor Bakke. Modern, with endless options to make it truly your own.

Epos 160 × 45 cm vanity unit in white ash Relief,
Fross washbasin, Ejer mixer, Rem work top,
Valje mirror, Langfoss shower, Amor heated towel rail

MODERN ELEGANCE

With its clean lines and flexible design options, Epos offers you the freedom to create your dream bathroom. Choose between an integrated or counter top washbasin, in a variety of colour palettes and configurations to suit your space and needs. Epos is perfect for medium and larger bathrooms, allowing you to combine modern luxury with timeless elegance.

FOCUS ON DETAILS

The Epos range conveys a consistent sense of quality, with the wood elements in the drawers helping create a sense of warm and natural harmony. The combination of wood and modern design create a uniform look that elevates the aesthetics and functionality of the bathroom.

Epos – in partnership with Halvor Bakke

Our Epos furniture range is the result of close collaboration with Halvor Bakke, a Norwegian interior designer and TV personality. With our design team, he has developed a unique range where the potential combinations, colours, forms and functions take centre stage. The design has been developed in a way that takes care to create a bathroom that is not just practical, but also energising and inspiring every time you step inside.

As an interior designer, Halvor is keen to emphasise the importance of a personal touch in the bathroom, as well as making it a natural part of the home. He places real value in the details and aims to create an atmosphere that conveys a sense of joy in being at home.

Halvor Bakke, interior
designer, Oslo

Fronts

Five front options give five different looks. Choose between handles or a push open mechanism to find a style that suits your bathroom.

Flat

Front for a sleek, simple and elegant look. Create your individual style with standard colours, selected colours, real wood veneers and handles.

Flat push

Push open action for an elegant, minimalist style.

Relief

Solid front with integrated solid wood handle. The grip edging mirrors the top edge and accentuates the strong outline. Available in a choice of colours and real wood veneers.

Stripe

An elegant and modern front with clean lines. The channels are also designed to be combined with any handle to create whichever style you choose. Available in brown and black ash.

Stripe Push

Push open action for an elegant, minimalist style.

HANDLES AND KNOBS

Don't forget to purchase handles for your Epos with either Flat or Stripe front. Read more on page 75.

Colours

With four standard colours and four optional colours, it's easy to find your favourite. The optional colours are only available for the Flat and Flat Push open fronts.

Our design director for Epos

Epos takes a step away from traditional bathrooms and instead explores exclusive, tailor-made looks – and elements perhaps not conventionally associated with bathrooms. Epos is a little like an extension of your home, where design, smart functions and uncompromising details lead the way.

DESIGN YOUR VERY OWN UNIQUE BATHROOM

Epos allows you the freedom to create a bathroom that is unique to you. The range offers a variety of options so that you can tailor each detail to you – from the material and storage solutions to the colour and functions. You choose whether you want drawers, open storage or a combination of both. A light or dark feel, minimalist or with more details. Thanks to the vast number of combinations, you can create a bathroom based entirely around your needs and style, making it an extension of your home.

Regardless of whether you favour a minimalist aesthetic or want to put your own stamp on the space with luxurious details, Epos provides you with the tools you need to make your dream bathroom a reality.

Design Director Johan
Körner of Svedbergs

Epos 160 x 45 cm vanity unit in black ash with open shelves, Stora washbasin, Ejer mixer, Valje mirror

Standard

DRAWER INSERTS

These stylish, functional drawer inserts are included. The bottom of the drawer is made of metal, a practical material that's easy to keep clean. The drawer dividers are solid wood and painted the same colour as the front.

DOUBLE ELECTRICAL SOCKETS

Epos vanity units in widths of 120 cm and 200 cm include double electrical sockets inside a 40 cm wide drawer. For other vanity units, electrical sockets are available as an optional extra.

EASYMOUNT

Our simple EasyMount system requires fewer installation steps. It fixes to the wall with just a few screws, causing less impact on the moisture barrier.

Options

STORAGE

A stylish, practical open drawer. It's made of galvanised sheet metal and available with a wooden front painted the same colour as the unit front. This is an optional extra.

DRAWER LIGHTING

Drawer lighting is practical because it makes your things easier to find. But it also looks good and adds an exclusive touch. Drawer lighting is available as an optional extra for drawers and open storage units.

FLOOR LIGHT

An optional floor light adds an exclusive, cosy feel to the bathroom. The light is installed on the underside of the bathroom unit. Supplement it with a driver kit (optional).

POWER SOCKET

An optional electrical socket can be added to the bottom drawer in Epos units.

DRAWERS

A practical drawer insert can be added to the bottom drawer in Epos units.

For more detailed information on Epos, see page 100.

Rooted in genuine materials and skilful craftsmanship, this furniture series offers a range of looks, from natural Nordic to dark and earthy. A Poem about flexibility and timeless design.

POEM

Poem 120 × 45 cm vanity unit in pure oak profile,
Vette mixer, Hav washbasin, Valje mirror with lighting

The wide range of front panels and choice of materials and colours available in the Poem range make it easy to create unique designs, from the simple to the lavish.

Poem 60x35 cm vanity unit in white, Flat front panel, Tarju mixer, Sarek mirror cabinet, Tall cabinet in white

OUR MOST SPACIOUS FURNITURE

Poem comes with exclusive drawer inserts in the upper drawer. The spaciousness of the lower drawer means there is room for everything you might need.

100% RECYCLABLE

The raw wood materials used for the Poem furniture range are sourced from responsible and sustainably operating forestry providers. Poem can be uninstalled and recycled.

Fronts

Five front options give five different looks. Choose between handles or a push open mechanism to find a style that suits your bathroom.

Flat

Front for a sleek, simple and elegant look. Create your individual style with standard colours, optional colours, real wood veneers and handles.

Flat push

Push open action for an elegant, minimalist style.

Profile

Flat design look with integrated concealed grip. Combining solid wood with veneer and adding one of our wood finishes offers a sense of master carpentry.

Edging

Discretely integrated and functional grip edging for a minimalist look. Colour-matched and with a thin silhouette for a refined feel in everything from the colour to the wood veneer.

Frame

Narrow yet distinctive frames made of solid wood with veneer infill, offer a contemporary feel with classic touches. Combined with a push opening mechanism or handle and particularly well suited to natural looks such as ash and oak.

Frame push

Push open action for an elegant, minimalist style.

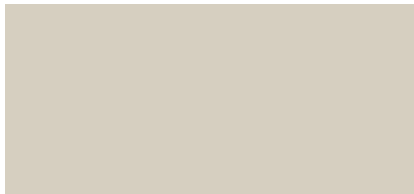

Colours

With five standard colours and three optional colours, it's easy to find your favourite. The optional colours are only available for the Flat and Flat push open fronts.

TIVED MIRROR

Our Tived mirror is adapted and dimensioned to work perfectly with the Bloc range.

BLOC MIRROR CABINETS

To create a cohesive look in your bathroom, add a Bloc mirror cabinet. Available in the same colours as our Bloc furniture range.

TRAP

The Easy Clean trap includes a hose and bottom valve in chrome, white or black matt. Alternatively, a standard trap with hose is also a good choice.

MIXERS

Don't forget to include mixers for your vanity unit. We offer mixers adapted to suit the simpler, smaller look of our Bloc range.

A furniture range that stands up to tough wear without compromising on design or function. Intro is made of galvanised sheet metal, using our unique EnduraDry method. This combination provides an exceptionally tight and durable surface finish. The result is a furniture range that will withstand the test of time.

INTRO

Intro 50x35 cm vanity unit in sand, Intro mirror cabinet, Skule mixer, Skapa washbasin

Robust, solid and durable, with a drawer or door in four optional colours. For small to medium-sized bathrooms.

Intro 45 x 35 cm vanity unit in white, Intro white mirror cabinet, Tron mixer, Skoga folding shower screen in polished aluminium, Spika shower mixer set

Ideal if you want an intro to something new. A furniture range with a timeless, clean design. Characterised by practical grip holes and straight lines.

Tron, a functional washbasin mixer suitable for smaller washbasins.

A DURABLE BATHROOM

Integrated handle in the form of a punched hole. The handle is both practical and hard wearing, as well as being easy to keep clean.

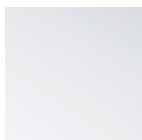

Discover the whole Intro range

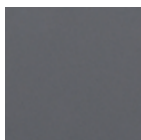

Choose your Intro

The range is available in several sizes, from 45 cm to 55 cm, making it suitable for small and medium sized bathrooms. You can choose between harmonious colours such as white, slate grey, sage and the warm, natural shade of sand. These colours help you create the perfect atmosphere for your personal style.

Stora Round

Materials: Sheet metal

Colour: Brushed brass, pencil black

A BEAUTIFUL FEATURE

Our counter top washbasins are available in a wide range of colours and forms, making it easy to create a look that suits your personal style and the design of your bathroom. Choose between rounded or rectangular shapes to create a piece that looks great in your home. The washbasins are also available in different colours, from classic white and soft shades that evoke nature, to more dramatic tones such as pencil black. This gives you the opportunity to create a unique and elegant focal point in the bathroom.

For more detailed information on our counter top washbasins, see page 127.

Worktops

A work top needs to do more than just look good and fit in with the rest of the bathroom. It should also have features that will help it stand the test of time. Dekton offers scratch, stain and UV resistance. Laminate is durable and allows for flexible mixer placement.

Quartz work top

Laminate worktops

Durable laminate work tops. Laminate work tops in sizes 60×45, 80×45, 100×45, 120×45 centre and double, and 160×45 double are reversible, which means you can choose whether to have the mixer hole on the right or left. All other sizes feature the mixer hole on the left. Supplied with an overhang. For free-standing washbasin mixers.

Quartz

Thanks to its grey, sand-coloured background, it creates a warm, inviting atmosphere.

Suitable for use with Poem.

Mica

The discreet dark grey works well with calming, warm browns and dark woods.

Suitable for use with Poem.

Slate

Clean and genuine. A simple colour that is dark and intense. Works best with a matt finish and wood patterns.

Suitable for use with Poem.

Dekton countertops

Dekton is an exceptionally hard, scratch-resistant material that is more resistant to bending than granite. The material is UV-resistant, which makes the surface easy to clean and prevents fading. Choose from Keon, Danae, Laurent, Sirius and Rem. Dekton worktops always feature a mixer hole on the left. The worktops have an overhang. For free-standing washbasin mixers.

Sirius

Has a matt black slate look.

Suitable for use with Epos and Poem.

Keon

Has a grey industrial look.

Suitable for use with Epos and Poem.

Rem

Has a relaxing marble look with a light background and through-coloured edge.

Suitable for use with the Epos range.

Danae

Has a sand-coloured limestone look.

Suitable for use with the Epos range.

Laurent

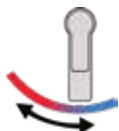

Has a dark background with gold marbling.

Suitable for use with the Epos range.

For more detailed information on our work tops, see page 128.

Washbasin mixer

While mixers used to just be mixers, today they are so much more – offering everything from water-saving features to design statements.

COLD START

Cold start is an energy-saving function that reduces unnecessary hot water use, saving up to 40% of the hot water that would otherwise be used in one year.

FLOW CONTROLLER

All of our mixers are fitted with flow controllers. They are limited to 5–6 L/min, meaning that you save 33–44% of the water you would use with a standard flow.

Mirrors

Find a mirror that suits the style of your bathroom and also has the functions you need. The right mirror can make a small bathroom look bigger. Use different balances of cool and warm light to create the perfect atmosphere.

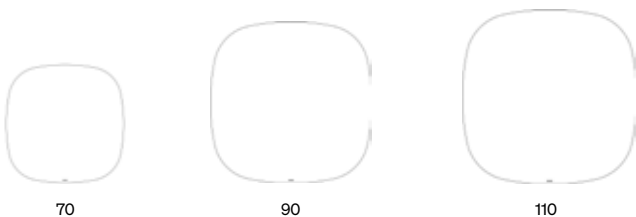

Discover our mirrors

Norra

Norra is a mirror that combines the organic shapes of nature with modern design. Inspired by biophilic design, it creates a harmonious and healing atmosphere in your home. With soft curves and natural transitions, Norra challenges traditional shapes and offers a sense of calm and balance. Comes with atmospheric background lighting.

Choose your size

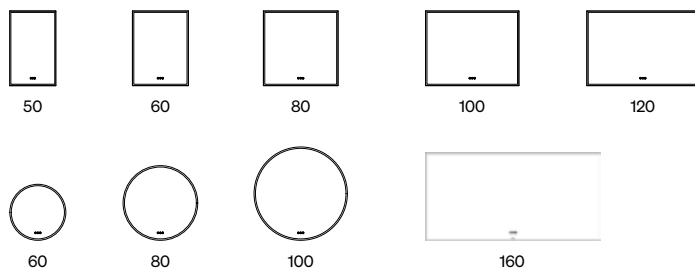

For more detailed information on our mirrors, see page 134.

Ista

Choose your size

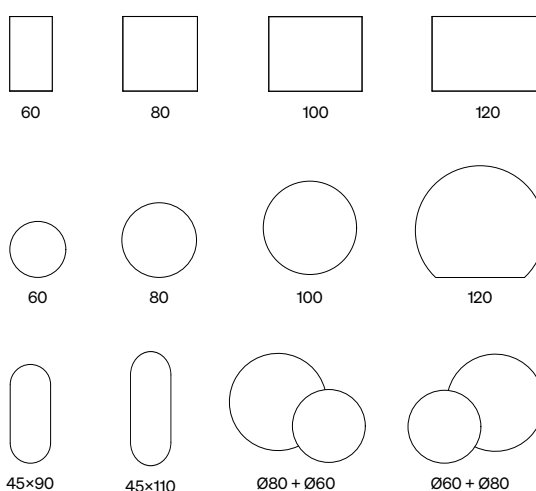

Touch button control

Mirror with functional lighting featuring touch-controlled brightness and colour temperature adjustment. The lighting is dimmable and the light temperature can be adjusted to an optimal level, whether it's for makeup or mood lighting. Available with or without a black frame.

Valje

Choose your size

Bringing personality into the room

Mirror with atmospheric background lighting. Choose from a full range of options to find the perfect size and shape for your bathroom, from square or rectangular to round. Add lighting to the rectangular mirrors or a standalone pendant light.

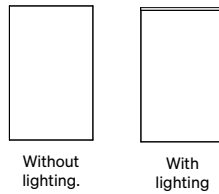

Add lighting to the rectangular mirrors or a standalone pendant light.

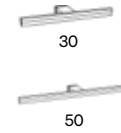

Tived

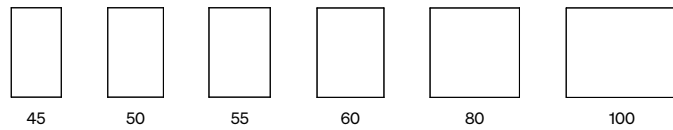

Lighting

LED lamp

Choose your size

A classic

A classic flat mirror available in three versions and many different widths. Choose a mirror without lighting, with overhead lighting, or with overhead lighting and basin lighting (the light shines down onto the basin). You can also add a shelf and a standalone LED light fixture.

Pendant lighting

One or more pendant lights in a bathroom make for both a beautiful design detail and an extra light source. We have both cylindrical and spherical pendant lights. Compatible with different light sources, choose a spotlight for concentrated lighting or a larger sphere for atmospheric lighting.

Cylinder

Available in black and brass.

Globe

Available in opal or smoky glass.

Mirror cabinets

We could be said to be the inventor of the mirror cabinet. Back in the 1960s, we launched the classic mirror cabinet that still lives on today. Today, the choice is much greater and the details are more sophisticated. The storage solutions are also more carefully designed and have many smart functions.

Discover our mirror cabinets

Skuru

A clean, minimalist style that creates an exclusive atmosphere in your bathroom. This is largely due to the LED lighting, which has a knob for steplessly adjusting the colour temperature and brightness. An electrical socket, basin lighting and a smart magnet for holding small objects such as tweezers are included. Coated using our unique DuraDry method.

White Sand Pure oak White ash Brown ash Black ash

Sarek

A practical bathroom cabinet, only 12 cm deep. Flexible and practical with two moveable glass shelves and an electrical socket in the cabinet ceiling. Energy-efficient LED lighting included, with the option of adding basin lighting. Coated using our unique DuraDry method.

White Sand Pure oak Brown ash Black ash

Bloc

A practical bathroom cabinet, only 12 cm deep. Flexible and practical with two moveable glass shelves and an electrical socket in the cabinet ceiling. Energy-efficient LED lighting included, with the option of adding basin lighting.

White Grey

Intro

Hard-wearing mirror cabinet made of galvanised sheet metal, a material originally designed for the automotive industry. Our unique EnduraDry coating with an environmentally friendly zinc-iron alloy provides excellent protection against rust.

Storage

Modern design with a focus on function and smart solutions. Create an organised bathroom in which every detail has been carefully considered. Everyone's talking about keeping things organised. It sounds easy but it's more tricky in practice. A good starting point is having the right storage solutions. And now they're available. More than ever before. And in a colour and finish to complement your bathroom.

GLASS SHELVES

Glass shelves in your cabinet add a luxurious touch. They're also practical, giving you a better view of the contents.

OPEN STORAGE

Our tall storage units can easily be supplemented with open side storage to increase their total width.

LIGHTING IN CABINET

Having lighting in your cabinet is both welcoming and practical. Practical because it makes your things easier to find.

CHARGING STATION

Once you've had a charging station in your bathroom unit, you'll never look back. For your mobile phone, shaver or hair curler.

FLOOR LIGHT

Lighting both inside and under the cabinets is practical and looks attractive and cosy.

Discover all our storage

Colours

With six standard colours and three optional colours, it's easy to find your favourite. Our optional colours can only be chosen for the Flat front.

Standard colours

Handles

There are different ways to look at a handle. Perhaps the most common is to see it as a useful device for opening a door, drawer or cabinet. We see it as a key detail that provides real character for your bathroom.

Langfoss

A pared-back, graphic design look with billowy textiles to soften the look. A shower that envelops your whole body. Thin profiles create a clean, minimalist look. This wave-shaped textile adds a spectacular element to any bathroom. The combination creates a luxurious, cosy experience. Langfoss creates a feeling of exclusivity. The innovative approach focuses on design, space and details. It was inspired by one of Norway's highest waterfalls.

INTEGRATED HANDLE

For Langfoss, we picked a unique handle solution. A milled hole in the glass, paired with an attractive aluminium profile. For a stylish design.

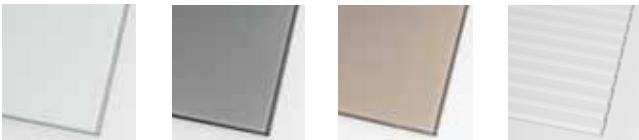

SHOWER HEIGHT

Langfoss is our most exclusive shower set. The shower height of 230 cm creates a spacious hotel look with a hint of luxury.

SHELF

A minimalist display shelf fitted directly onto the glass. The shelf has been designed with the same aesthetics as the shower profiles. Available as accessories.

Corner shower

The Langfoss corner shower is available in several possible combinations, each as stylish as the next.

Shower screens

The Langfoss shower screen has profiles and details that create a graphic, minimalist look.

Red Dot Winner 2021

The Red Dot Design Awards are one of the world's most prominent design competitions. Design and product awards are presented for pieces that stand out in terms of innovation, quality and aesthetics.

DESIGN FOR THE DESIGN CONSCIOUS

Langfoss combines elegant design with smart functions, creating a luxurious and exclusive feel. This unique textile provides a sense of elegance. The glass walls are available in a number of finishes, bringing a sophisticated and personal touch to your bathroom. Each detail in the design has been carefully considered, such as the integrated shelves that allow for simple yet stylish storage.

Langfoss is not just visually impressive, it is also sustainable. The range features 6 mm toughened safety glass and is manufactured in Sweden from 100% recyclable materials (including environmentally certified textiles)

For more detailed information on Langfoss, see page 150.

Discover the whole Langfoss range

180°

Large glass panels give an open, exclusive look. Designed for those who value an aesthetic, stylish look. 180° spans everything from standard options to customised special design solutions. We have a solution for everything. For example, you can choose between Bronze or Smoked Glass for a more inviting and exclusive feel. Complement your choices with coloured fittings that either blend in or create stunning contrasts.

TOUGHENED SAFETY GLASS
8 mm toughened safety glass. CE marked. Made in Sweden.

BRONZE GLASS
Bronze glass gives an exclusive spa feel and gives the softest look of all our dark glasses.

Special shower

Each home is unique, with its own dimensions, angles and spaces. If you can't find the perfect shower for your space, we can customise the measurements to your requirements and preferences.

Our tailored solutions will ensure you have a shower that does more than just match your bathroom – it will also maximise functionality and harmony in the space. We give extra thought to each detail, so that you can create a shower environment that feels both personal and well considered.

Discover the whole 180° range

For more detailed information on 180°, see page 156.

Yding overhead shower set, Front shower shelf in polished
pencil black, U electric heated towel rail in pencil black

Corner shower

There's a lot to be said for the corner showers in our 180° collection. Maybe the smartest thing of all is that the doors can be folded inwards when the shower is not in use to free up floor space. What's more, the doors finish closing automatically. And that's before even mentioning the corner showers' attractive design.

Shower screens

Our 180° shower collection offers a variety of beautiful and practical shower screens. Which type suits your bathroom best? A solid screen, a screen with a door or a screen for combining with a bath? All three solutions are practical and enhance the design of your bathroom.

Alcove, single and double

If you've already got three walls and want to build an alcove shower, we've got various solutions: single, double and double combination. The large glass panels create a light and airy look and are easy to clean. The handles, hinges, rod and floor mounting enhance the overall look.

Front storage concept

A storage concept running from one surface to the next, keeping your products right where you need them. A horizontal design that ties together different functions into one cohesive whole. A practical storage shelf made of waterproof aluminium, for positioning inside or outside the shower space. Choose from different front options made of wood or metal to match your shower, bath or furniture.

PRACTICAL DESIGN

Available in widths of 70 and 80 cm, this solution is designed to grow practically and be adaptable to the different zones of a bathroom.

Compatible with the Langfoss, Skoga and 180° ranges, offering a harmonious look and simple installation, whereby it can also be glued in place for clean, subtle installation. The four elegant hooks on the underside add to both the aesthetics and functionality, ensuring each detail is well thought out.

For more options for shower area storage, see page 97.

Skoga

It is named after Iceland's largest waterfall and inspired by its natural beauty, power and possibilities. Skoga is characterised by functionality, with a design that is easy to love.

TOUGHENED SAFETY GLASS 6 MM

The various Skoga shower options come with 6 mm toughened safety glass that is CE marked.

RING HANDLE

The various Skoga shower options come with grip holes as standard. The grip holes match the shower profiles.

HANDLES

Skoga handles offer an elegant, airy design with a contemporary look. For those looking for a more ergonomic grip.

Smoked glass

For all bathrooms

Design, flexibility and now storage, too, are key. The result? Now there's a Skoga for every bathroom. Whether your bathroom is large, small or has an unusual shape.

Discover the whole Skoga range.

Corner shower, round

The soft, flowing design creates calm and harmony. The half-frosted glass panel screens the user from view, but other options are available too. The hinges make the doors easier to open and close, and the seal sits tightly against the floor. The profiles allow for pipe installation.

Corner shower, straight

The design has a stringent, almost graphic feel. The smart lifting hinges make the doors easier to open and close, and the seal sits tightly against the floor to prevent splashing. The doors can be folded inwards to save space when the shower is not in use. The profiles are slim and allow for pipe installation.

Shower screen

Skoga shower screens are available in many versions, but they all convey the same basic style. The hinges make the door easy to open and close and the seal sits tightly against the floor. A rod can be used to transform a moving door into a fixed door. Although the profiles are slim, they still allow for pipe installation.

Alcove, single or double

A shower experience starts long before you turn on the taps, and does not stop until long after the shower is over. With its attractive design, Skoga transforms your alcove shower into a beautiful bathroom feature. And the practical details maximise floor space and minimise splashing.

Folding screen shower

Our folding screen showers are designed to fit all bathrooms and take up as little space as possible. As their name suggests, these showers fold away when not in use. Choose between different models and designs to find the perfect solution for your bathroom.

Skoga storage

Storage with room for everything you need. What really sets it apart is the outwardly slimline look with semi-hidden, generous shelves with practical rails inside. Perfect for everything you need for a shower. A total of five large shelves can be found inside the shower profile, along with a practical hook on the outside for dressing gowns and/or towels. Colours matched with the other details in your bathroom.

For more detailed information on Skoga, see page 164.

Ritual

A closer, more enveloping shower experience. A new ritual to love. Ritual is a complete, practical shower enclosure suitable for bathrooms big and small. The shower enclosure takes up relatively little space, is equipped with safety glass, and boasts generous opening dimensions.

A COMPLETE SOLUTION
Ritual is a complete solution with mixer.

TOUGHENED SAFETY GLASS
The Ritual shower enclosure comes with 4 mm toughened safety glass.

Discover the whole Ritual range

For more detailed information on Ritual, see page 182.

Baths

A natural centre point in the bathroom and something to rest your eyes on. A symbol of inspiration – a wonderful moment of relaxation or revitalisation.

LUCITE

Lucite is our most exclusive material solution, perfect for those who are particularly design conscious. Thanks to its shapeability, Lucite can be adapted to almost any design, making it easy to put your own personal mark on your bathroom. The material meets the requirements of the most stringent environmental certification, CAL65, and is also 100% recyclable – a sustainable premium choice. The high quality surface is both durable and elegant, intended to be combined with sophisticated bathroom design.

ACRYLIC

Acrylic is a popular and functional alternative, combining comfort and durability. It offers a warm, soft and smooth surface, making your bathing experience even more luxurious. Thanks to its low moisture absorption, acrylic is easy to keep clean, and its shapeability allows it to be used to create different styles, with something to suit almost every bathroom. A reliable and affordable option that offers a variety of design options.

ENAMEL

Enamel is a classic natural material that not only offers a timeless aesthetic, but is also known for its extreme durability. Many iconic baths in film and culture have been made of enamel, giving the material an enduring appeal. The robustness of the enamel ensures that the bathtub can withstand scratches and wear, making it the perfect option for those looking for a bath that will last for generations.

baths

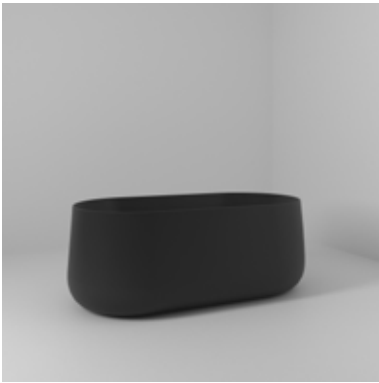

QUALITY, DESIGN AND FUNCTION.

Free-standing or corner position. We have baths in Lucite, acrylic and enamel. Elements all our baths have in common are excellent quality and finish and the perfect balance of form and function.

Auren bath in white, Front wall shelf in white ash,
Spika bath mixer set.

Independent

Auren

Auren is an uncompromisingly modern, matt bath placing high priority on design. Thin edges angled gently inwards give a slimlined and modern look.

Materials: Lucite

Colour: White matt, black matt

Ume

Ume offers a bathing depth of 45 cm and a round and ergonomic design that makes it a pleasure to sit in. Supplied complete with drain connection. Add a wall-mounted mixer.

Materials: Lucite

Colour: White

Vaulen

Vaulen has a timeless, sober design that works excellently with most settings. Free-standing, inviting design for a warm, soft bathing experience.

Materials: Lucite

Colour: White matt

Mossby

Contemporary design with the option for storage gives Mossby its unique nature. Corner baths with refined practical surfaces and well-proportioned sizes.

Materials: Lucite

Colour: White matt

Skagen

Skagen is an oval bath with soft, classic shapes. Free-standing baths with curved contours for an ergonomic and generous bathing depth.

Materials: Lucite

Colour: White matt

EASYCLEAN

Our Lucite baths include our practical EasyClean drain connection for simple cleaning. Available in colours to match the finish of the bath.

DRAIN CONNECTION

The drain connection and bottom valve are always included in our baths.

Corner baths

Lule

Form and function all in one bath.

Round and ergonomic. Made of Lucite, which is stronger than acrylic and has a more luxurious surface. Add a mixer for wall or rim mounting.

Materials: Lucite
Colour: White

Ihre

Ihre combines an angular look with rounded elements, creating a perfectly cohesive finished look. Corner baths with a soft interior and pared-back exterior, as well as a functional and space-saving rounded corner.

Materials: Lucite
Colour: White

Torne

Practical baths with plenty of shower space. Perfect if you have a small bathroom and want to take baths as well as showers. Available for right-hand or left-hand installation.

Materials: Acrylic
Colour: White

Kalix

An attractive, simple bath that is ideal for one person. The soft, rounded lines look great and provide exceptional comfort.

Materials: Acrylic
Colour: White

Enamel bathtub

An enamel bath made of enamelled pressed sheet metal. Add an additional front to create a solid front piece. Available in several sizes and also as a sit-up bath.

Material: Enamel
Colour: White, black, graphite grey, sand, sage

For more detailed information on our baths, see page 183.

Shower and bath mixers

Specially developed and adapted shower and bath mixers that go perfectly with the rest of our range. Design and function are key. The finish of our shower and bath mixers ties in with other parts of our range, such as fittings, handles and washbasin mixers, to create a unified look for your bathroom.

Heated towel rails

Wrap your body in a lovely warm bath towel after every shower or bath. We have a large selection of stylishly designed centrally heated towel rails and electric heated towel rails. Choose a towel rail that matches your bathroom and heating system.

ECO MODE

Some of our electric heated towel rails have an Eco mode, which reduces electricity consumption by 50%.

BOOST

Adjustable one-off timer that turns itself off automatically at the end of the time set. Saves both energy and the environment.

TIMER

Scheduled timer, can be set for periods of 1 to 12 hours. Using the timer can reduce energy consumption by up to 95%.

Magnetic

Magnetic is a heated towel rail that you can adapt to create your own look. Move the magnetic hooks around and choose to add in extras based on your own needs and situation.

TOWEL HANGER

Magnetic comes with a fixed bracket at the top on the front. Chrome or white bracket for white fronts and pencil black or black bracket for black fronts.

KNOB

You will receive two knobs with your Magnetic unit. Chrome or white knobs for white fronts and pencil black or black knobs for black fronts as standard. You can purchase more if you wish.

FRONT

Magnetic offers a thin, clean look that you can configure as you wish. The perfect blank canvas.

TOUCH PANEL

Integrated touch panel flush with the metal panel. Can be used to activate Eco mode and a timer to reduce energy consumption.

Mirror cabinets

We could be said to be the inventor of the mirror cabinet. Back in the 1960s, we launched the classic mirror cabinet that still lives on today. Today, the choice is much greater and the details are more sophisticated. The storage solutions are also more carefully designed and have many smart functions.

For more detailed information on our mirror cabinets and accessories, see page 137.

Work top details

¹ Dekton work tops always come with a mixer hole on the left. The laminate work tops are reversible. Counter tops come with overhang.

Poem

The Poem furniture range is the most extensive on the market for smaller bathrooms. Choose from two depths, six widths and four different front panel options in five standard colours and three optional colours.

Options

Options	Order no.
Lower drawer inserts	5950
Power sockets, Black	98780

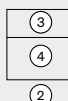

Choose lighting

Lighting for Poem 160x45 with four drawers:

Start with two driver kits (1) and choose two upper drawer lighting solutions (3), two lower drawer lighting solutions (4) and two floor lights (2).

If the lighting is connected to the mains supply in your bathroom, use the wall switch to turn your vanity unit light on and off.

Poem 160x45 with 4 drawers.

Options	Order no.
① Driver kit lighting	5991
② Lighting open shelf / floor light	5992
③ Top drawer lighting	5993
④ Lighting lower drawer/ 40 cm drawer closed	5994

Laminate work tops

Durable laminate work tops. Laminate work tops in sizes 60×45, 80×45, 100×45, 120×45 centre and double, and 160×45 double are reversible, which means you can choose whether to have the mixer hole on the right or left. All other sizes feature the mixer hole on the left. Supplied with an overhang. For free-standing washbasin mixers.

	Double	21602-D	21603-D	21601-D

Quartz

Thanks to its grey, sand-coloured background, it creates a warm, inviting atmosphere. A real all-rounder.

Mica

The discreet dark grey works well with calming, warm browns and dark woods.

SLATE

Clean and genuine. A simple colour that is dark and intense. Works best with a matt finish and wood patterns.

Dekton counter tops

The work tops are made of Dekton, an exceptionally hard, scratch-resistant material that is more resistant to bending than granite. The material is UV-resistant, which makes the surface easy to clean and prevents fading. Choose from Keon, Danae, Laurent, Sirius and Rem. Dekton worktops always feature a mixer hole on the left. The worktops have an overhang. For free-standing washbasin mixers.

Norra

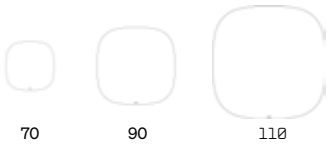

Norra is a mirror that combines the organic shapes of nature with modern design. Inspired by biophilic design, it creates a harmonious and healing atmosphere in your home. With soft curves and natural transitions, Norra challenges traditional shapes and offers a sense of calm and balance. Comes with atmospheric background lighting.

Skuru

A clean, minimalist style that creates an exclusive atmosphere in your bathroom. This is largely due to the LED lighting, which has a knob for steplessly adjusting the colour temperature and brightness. An electrical socket, basin lighting and a smart magnet for holding small objects such as tweezers are included. Coated using our unique DuraDry method.

100×100

Skoga storage

Skoga storage is suitable for use with all Skoga profile showers, providing extra vertical storage within the shower. The storage is mounted between the shower and wall, and has five fixed shelves.

NB: Please remember that Skoga storage is built out 10 cm from the wall, meaning that you must subtract 10 cm from the corresponding measurement of your desired shower solution.

Example 1: Skoga corner shower, straight, 90×90 with Skoga storage. Order Skoga corner shower, straight, 80×90 and Skoga storage.

Example 2: Skoga shower screen, fixed, 80, with Skoga storage. Order Skoga shower screen, fixed, 70, and Skoga storage.

Skoga Corner shower combo

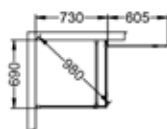

- Consists of a fixed screen with curtain rail (max. 105 cm), floor mounting and transparent rubber seal against the floor, plus one folding door (180°) with transparent rubber seal against the floor and between the glass panels.
- No threshold - disabled friendly.
- Toughened safety glass 6 mm.
- Wall profiles allow pipe installation 30 mm from wall.
- Showers can be supplemented with 30 or 50 mm wall profiles.
- Height: 198 cm (201 cm upper edge of rod).
- Door opening: 60-90 cm.
- Includes grip holes. Handles are available as accessories.

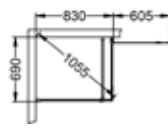

Skoga storage

Skoga storage is suitable for use with all Skoga profile showers, providing extra vertical storage within the shower. The storage is mounted between the shower and wall, and has five fixed shelves.

NB: Please remember that Skoga storage is built out 10 cm from the wall, meaning that you must subtract 10 cm from the corresponding measurement of your desired shower solution.

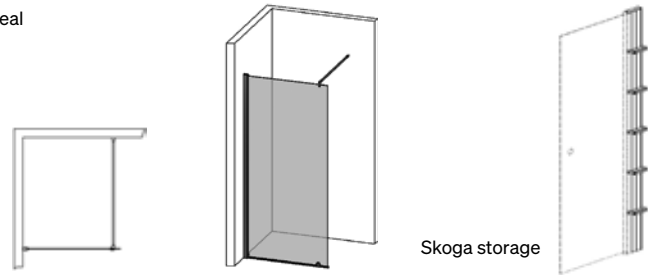

Example 1: Skoga corner shower, straight, 90×90 with Skoga storage. Order Skoga corner shower, straight, 80×90 and Skoga storage.

Example 2: Skoga shower screen, fixed, 80, with Skoga storage. Order Skoga shower screen, fixed, 70, and Skoga storage.

Skoga Shower screen fixed

- Comes complete with curtain rod (max 105 cm), floor mount and transparent seal against the floor.
- Toughened safety glass 6 mm.
- Wall profile allows for pipe installation 30 mm from the wall.
- The shower walls can be supplemented with 30 or 50 mm wall profiles.
- Height: 198 cm (201 cm ovkant stag).

Skoga storage

Skoga storage is suitable for use with all Skoga profile showers, providing extra vertical storage within the shower. The storage is mounted between the shower and wall, and has five fixed shelves.

NB: Please remember that Skoga storage is built out 10 cm from the wall, meaning that you must subtract 10 cm from the corresponding measurement of your desired shower solution.

Example 1: Skoga corner shower, straight, 90×90 with Skoga storage. Order Skoga corner shower, straight, 80×90 and Skoga storage.

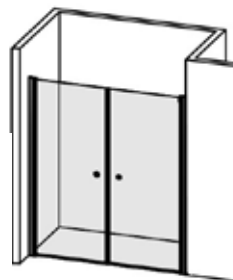

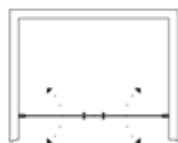

Example 2: Skoga shower screen, fixed, 80, with Skoga storage. Order Skoga shower screen, fixed, 70, and Skoga storage.

Skoga Corner shower with folding screen, fixed wall/door

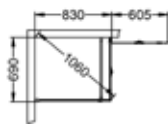

- Consists of a fixed screen with curtain rail (max. 105 cm), floor mounting and transparent rubber seal against the floor, plus one folding door (180°) with transparent rubber seal against the floor and between the glass panels.
- The door can be opened/folded inwards. Practical if you have furniture in front of the door.
- No threshold - disabled friendly.
- Toughened safety glass 6 mm.
- Wall profiles allow pipe installation 30 mm from wall.
- Showers can be supplemented with 30 or 50 mm wall profiles.
- Height: 198 cm (201 cm upper edge of rod).
- Door opening: 60-90 cm.
- Includes grip holes. Handles are available as accessories.

Stuor overhead shower set

Shower head: Ø40 cm
 Height: 195,5 - 233 cm (For mounting at a standard height of 110 cm.)
 Pressure-balanced mixer, which reacts rapidly to temperature and pressure fluctuations, ensuring an even water temperature.
 Energy class A.
 Wall mounting suitable for use in wet environments.
 Smooth 1.5 m hose; hygienic, easy to keep clean and long lasting (compared to braided metal hoses).
 The overhead shower is can be swivelled and the height can be adjusted.

Add a bath spout if you are using with a bath. Add an extension rod (90 cm) if the mixer is to be mounted lower, for example at bath height. This makes it possible to stand and shower in the bath.

The heated towel rail is ready to be connected to your central heating system or for electrical connection. You have three options:

1. Electrical connection. Choose an electrical element that is adjustable 30-60° C with a switch. The electrical element is connected externally to any of the bottom corners. When fitting, fill your heated towel rail with water/glycol (90/10) solution.

2. Central heating. Connection to your central heating system (sealed systems only, not tap water system).

3. Dual fuel. Uses both the above alternatives, which is an advantage in the summer when the central heating system is often switched off.
