

THE THERMORAY TR SERIES

LIQUID FLAT PLATE COLLECTORS

The Solar Professional's First Choice in
Energy Solutions Since 1978

Product Overview

The ThermoRay TR has everything that professional contractors demand in a solar collector: sleek appearance, high performance, versatility, ease of installation, and rugged field-tested durability. Designed for markets in which heat and humidity are factors, the ThermoRay TR's features reduce the possibility for stagnation in overheated conditions. It's the best choice for commercial solar contractors.

SunEarth's ThermoRay Series collectors have over four decades of engineering and design experience built into every product. The ThermoRay TR collector defines quality and value in the North American market.
