Sanitaryware and complementary products icon guide

Green building certification

These products fulfill Green building certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), envirenmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green building certification.

Water saving

Developed by VitrA with special bowl structures and low-flow internal mechanisms, the 2,5/4 L water conserving WC pan provide efficient flushing with less water and are certified for lowest water consumption by EU standards. When used together with VitrA concealed cisterns, these WC pan can reduce water consumption by up to 70 %.

Special needs

VitrA bathroom products designed to accomodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.

VitrA Touch-free

Controlled by a built-in sensor, the VitrA Touch-free Technology ensures hygiene in bathrooms by providing to control products touch-free, thus reducing the risk of cross contamination of pathogens.

VitrA Rim-ex

The smoothly attractive rimless WC pan Rim-ex prevents germ proliferation and offers superior hygiene thanks to its innovative design. Tests show Rim-ex is 95% more hygienic as compared to standard WC pans.

VitrA SmoothFlush

VitrA SmoothFlush WC pans have no rims or openings that might harbour harmful bacteria or microorganisms. This makes VitrA SmoothFlush WC pans much easier to clean and offer maximum hygiene.

Easy installation

Easy and quick installation with innovative applications.

Quick release WC seat

The screw-free fitting of the Quick Release VitrA WC Seat makes it easy to remove and refit after cleaning.

Soft-close seat

Special hinge for silent and soft closing.

VitrA Clean

Limescale is persistent in most bathrooms. VitrA Clean technology is a special double-glazing process that makes washbasins, WC pans and bidets water repellent. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years.

%100 recycled

It is a ceramic product consisting of 100% waste raw materials by utilizing all the waste generated during the production of ceramic sanitary ware. It is a patented technology.

VitrA

VitrA QuantumFlush

A brand new technology from VitrA: **QuantumFlush**

%120
The perfect cleaning technology

At the rear of the QuantumFlush is a strong momentum manifold with 3 outlets designed using the laminar flow principle. This engineering solution converts the turbulent flow of water in the manifold into laminar flow. This prevents energy loss by allowing the water to flow smoothly inside the toilet bowl. The energy of the water is maintained so that it reaches every point and cleans the bowl in the best possible way.

2x
Powerful yet splash free

In current flushing systems, water particles collide in the bowl due to irregular flow, resulting in splashing and the spread of bioaerosols in the bathroom environment. QuantumFlush, on the other hand, provides a cleaning power that not only exceeds the norm, it also prevents water from splashing and provides a hygienic toilet experience.

2x
Powerful yet silent

QuantuFlush utilises the power of water in the most efficient and quiet way. Due to the characteristics of laminar flow, it reduces the turbulent kinetic energy of the water and prevents the noise caused by the chaotic collisions of the water that is flushed. This allows QuantumFlusn to provide a much quieter flush than standard toilets.

Certified by Quiet Mark

VitrA

VitrA Rim-ex

Rimless WC that leaves no room for dirt

The VitrA Rim-ex system flushes every part of the VitrA wall-hung WC bowl, leaving bacteria nowhere to hide. Free of the channels that can harbour harmful bacteria and microorganisms, the VitrA Rim-ex toilet is easier to clean and 95% more hygienic than standard pans. The triple-nozzle diverter and the smooth curvature of the bowl give a thorough and 25% more hygienic flush each time.

Channel-free WC bowl

Standard WC bowl with a channel

VitrA

VitrA Hygiene

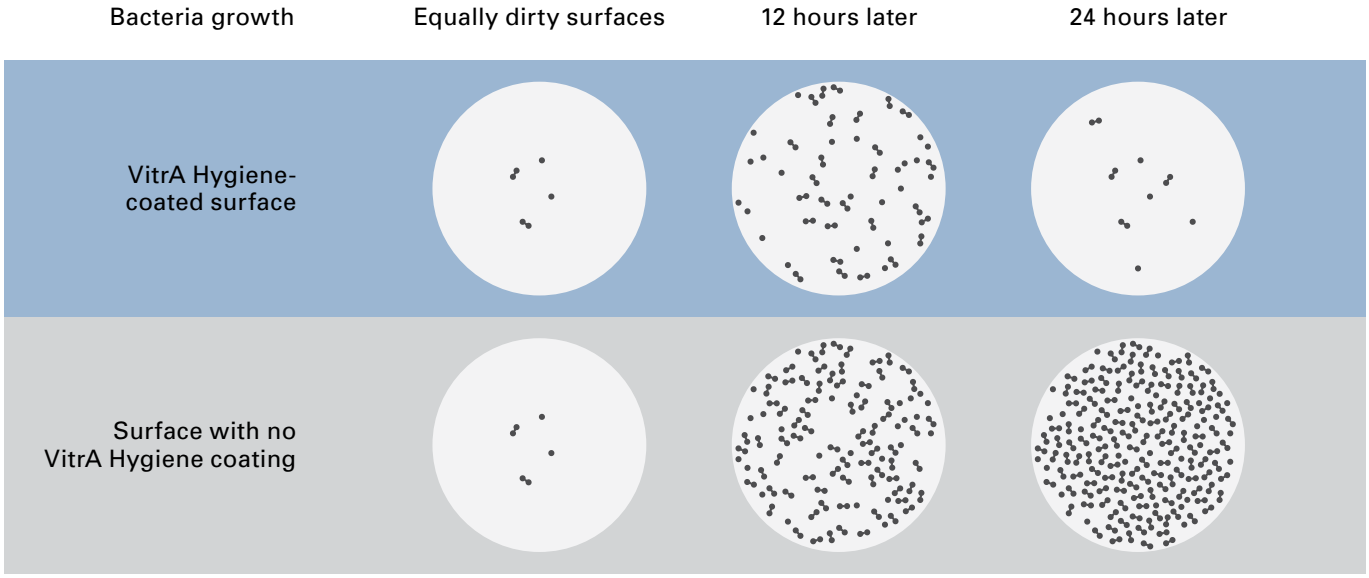
Ion-rich technology that inhibits the growth of harmful bacteria

VitrA Hygiene, which coats all VitrA ceramicware, inhibits the growth of harmful bacteria by 99.9%. By disrupting the cellular structure of bacteria that cling to the surface during use, this proprietary glaze prevents them from proliferating into a colony.

Tests in accordance with the national and universal ISO 22196, JIS Z 2801, ASTM E 3031-15, and TSE 13420 protocols have verified the efficacy of VitrA Hygiene against gram negative (Escherichia coli) and gram positive (Staphylococcus aureus) strains.

The VitrA Hygiene glaze coats all external and internal surfaces prior to firing in a process for VitrA ceramic sanitaryware even under the most intense usage conditions.

Fewer chemicals and better hygiene with VitrA Hygiene



VitrA

VitrA Clean

Surface that repels dirt and dirty water

VitrA Clean has hydrophobic finish over the entire ceramic surface, which repels dirt and dirty water and simplifies cleaning without the need for aggressive agents.
VitrA Clean causes water to form droplets that slide down the sloping ceramic surface. As they are pulled down by gravity, these globules carry away any clinging dirt, thereby cleaning the surface.

Developed by the VitrA innovation team and constituting of long chains of molecules, VitrA Clean is suitable for all ceramicware surfaces such as washbasins, WC bowls and bidets in any colour or specification. VitrA Clean's protection lasts for the lifetime of the ceramicware under even the most intense use conditions.

VitrA

VitrA Seat Technologies

Comfortable and hygienic seat technologies

1- Extra hygienic seat
Thanks to its non-porous structure, Duroplast does not absorb chemicals and stops the growth of bacteria.
For this reason, it is more hygienic and durable than plastic seats.

2- Easy-to-clean seat and lid
The screw-free fitting of the Quick Release VitrA WC Seat makes it easy to remove and refit after cleaning.

3- Soft-closing lid
Thanks to the special hinge, the seat closes slowly and silently, ensuring safe use.

Liquid

Designed by Tom Dixon

Creativity in ceramics

Extending sculptural ceramics beyond the traditional realms of basins and sanitaryware, the collection includes the unusual feature of a rotund moulded ceramic stool – for use in the shower or anywhere else in the home.

Liquid's washbasins span an expressive range from discrete inset solutions to wall-hung, countertop and freestanding options.

İstanbul

Designed by Ross Lovegrove

Excellent combination of fluent forms and fine lines

Ross Lovegrove has created a new bathroom for the Istanbul series with a sophisticated approach inspired by nature. The bathroom's outstanding combination of fluent and sculptural forms with fine lines testifies to VitrA's mastership of production technology as well as Lovegrove's unique approach to technology and materials.

Elegant pieces achieve an impressive harmony with the fine lines of the Istanbul series. New generation washbasins with metal pedestal and countertop options feature minimalist, yet striking, details. Moreover, the compact form and unique design of the new generation urinal add pure stylishness to the series, especially with their concealed installation option.

reddot design award winner 2006

DESIGN PLUS powered by: ISH

With their innovative forms and alluring lines, the ceramic units and auxiliaries of this new bathroom suite further enhances the fabulous ambiance of the series and creates a whole new user experience.

Plural

Designed by Terri Pecora

Shared intimacy

Designed by Terri Pecora in collaboration with Design Studio VitrA, Plural offers the feeling of a vintage living room, inspired by the iconic mid-twentieth century look. Light and airy furniture are creatively embedded into the bathroom environment, introducing a welcoming domestic space where users can share time with others.

Plural's refined design language creates an atmosphere of sensual luxury. With an aesthetic mix and match of forms, finishes and colours, it brings objects and people together in a delightfully harmonious bathroom environment.

Outline

Ceramic virtuosity

A simple design shaped with round lines presents an attractive bathroom feature. Outline washbasins created with durable cerafine material offer exciting design freedom. Modern, authentic and charming, Outline washbasins come in 5 different forms: TV, oval, square, pebble and round, and in 5 colours: matt black, matt stone grey, matt taupe, matt white, and white.

Distinctive design and durable material.

Bringing a fresh new look to basin design, the Outline range is made from cerafine ceramic with the VitrA Clean glazed offers a choice of both new shapes and finishes.

Modern, authentic and charming, Outline washbasins come in 5 different forms – TV, oval, square, pebble and round, and in 5 colours – matt black, matt stone grey, matt taupe, matt white, and white.

Equal

Designed by Claudio Bellini

Brave simplicity

Designed by Claudio Bellini in collaboration with Design Studio VitrA, Equal truly offers a bathroom with character. Simplicity must be treated as the outcome of a brave sophistication, and as a design approach, it is the human shortcut to creating equilibrium within the clutter of an urban environment. This is the balance Equal creates by welcoming diverse needs and desires.

Frame

Clear thinking revealed

A new expression of the modern bathroom that perfects both the performance of each function and the visual appearance. The result is the enrichment of the expressive potential of the bathroom, enabling personalization and the creation of a deeply satisfying space.

Authentic design and functionality are connected in one collection. All the well-thought details that make the Frame unique are at the forefront. With a colour chart collection composed of black, white-oak, beige and a modern design language of thin edges and sleek lines, this enables users to express their style in the bathroom area.

Frame

Geometric minimalism

The innovative and modern design of Frame gives a striking new look to teh washbasin collection.
Frame countertop washbasins stand out with their geometric form and fine design.

Sento

Common sense, uncommon bathroom

The stunning design of Sento Collection is both charming and practical, meeting the individual needs of each bathroom. Sento's various modules present diverse and exclusive solutions for every bathroom to make them cozier and tidier.

The collection offers various colours and forms for different tastes and preferences. Both mirror cabinets and standard mirrors offer an LED illumination feature.

Sento

Slim WC seats and Slim cistern lids are just two of the innovations offered by Sento WC pans. The Sento WC pan's soft and pure lines create a precise and elegant harmony with whole series and especially with Sento washbasins.

Sento Kids

Bathroom solutions for beginners

The VitrA Sento Kids focuses on toilet usage at two main milestones in the personal development of children: three to five and five to six years. Specially designed ergonomic products for these periods aim to transform the toilet experience into safe, hygienic, and a natural process.

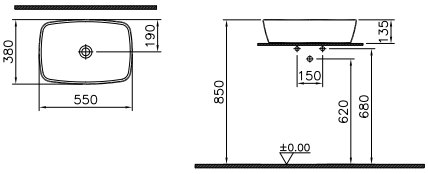
Shift

Designed by NOA

Simply functional

Designed in collaboration with German design studio NOA, the curved lines and deep basin lend a simplistic and beautiful bathroom collection. The wide variety of washbasins allows stylish bathrooms in every size and design.

Shift

Product / Code	Description
7057B003-0016	**Rectangular bowl, 55x38 cm** Without tap hole, without overflow hole
	


- Shift Collection is offered in X03 White colour only.
- 10 years warranty is offered only for ceramic sanitaryware products.

Nuo

Natural simplicity

Nuo washbasins have elegant, functional and minimalist lines. All Nuo washbasins have been redesigned for a more modern look and provide precisely the right combination of depth, shape and inclination to promote the maximum flow of water to the waste area. This prevents build-up of residue on the bowl surface making it easier to keep clean.

VitrA Clean

Washbasin, WC pan, bidet

Surface that repels dirt and dirty water

VitrA Clean has hydrophobic finish over the entire ceramic surface, which repels dirt and dirty water and simplifies cleaning without the need for aggressive agents. VitrA Clean causes water to form droplets that slide down the sloping ceramic surface. As they are pulled down by gravity, these globules carry away any clinging dirt, thereby cleaning the surface.

Developed by the VitrA innovation team and constituting of long chains of molecules, VitrA Clean is suitable for all ceramicware surfaces such as washbasins, WC bowls and bidets in any colour or specification. VitrA Clean's protection lasts for the of the ceramicware under even the most intense use conditions.

Faucets and shower systems icon guide

Unified Water Label
Unified Water Label indicates the water consumption level of faucets. Class A rating means maximum water saving with the same high level of comfort.

Green building certification
These products fulfill Green Building Certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green Building Certification.

Water conservation
Maximum comfort is ensured with minimum amount of water thanks to the special system used for faucets.

Energy conservation
The grey band on the cartridge can be used to set an upper limit on water temperature, saving energy by avoiding unnecessary heating.

BluEco
With the cartridge that moves to the left at 90 degrees, it saves energy by supplying cold water instead of warm water when the faucet is turned on in the mid-position.

FlowControl
Water saving control function that ensures intentional increase to the high flow.

V-Pure
It ensures the water flows clean and pure.

LowLead
Thanks to the enhanced technology, the level of nickel and lead are at the minimum level.

V-Bright
It offers a rich variety of matt and bright colors thanks to its PVD and wet coating technology.

Faucets and shower systems icon guide

SmoothMove
Easy and comfortable use for years thanks to its sensitive and soft on-off feature.

VitrA Touch-free
Controlled by a built-in sensor, the VitrA Touch-free Basin Mixer improves hygiene in public toilets and reduces the risk of pathogen cross-contamination. The sensor detects the user and contributes to water saving by stopping the flow as soon as the user moves away from the detection area.

V-Superfix
It provides easy and error-free installation in 15 seconds, without the need for tools with manually adjustable part.

Easy maintenance
Easy maintenance for the check valve with no need to remove the body.

Practical installation
Ease of manuel installation, without requiring any tools.

Easy Installation
Easy and quick installation with innovative applications.

Adjustable installation
It can tolerate installation errors of up to 7 degrees.

Multi-Fit
It offers the freedom to choose from a variety of alternatives with its multi-fit feature.

Brick fit
It allows for mounting on brick walls with a minimum depth of 77 mm.

Faucets and shower systems icon guide

Leak proof
It offers safe usage with its leak-proof cover.

Blind sight
The active button bulges out slightly while taking shower.
So, you can easily find the AquaControl's button diverter even when your eyes closed.

SinkComfort
The height of the kitchen mixers facilitates the cleaning and filling of large pots and pans.

ForwardLever
The forward rotation feature does not allow the mixer lever to move backwards, therefore making it easier to use when mounted close to the wall and in small spaces.

FreeSwing
The body of the mixer provides comfortable usage with its 360-degree rotation feature.

ProSpray
Kitchen mixers provide free use in the desired direction around the sink, thanks to their 360-degree rotation feature. The smooth switch between dual flow functions allows changing easily from a normal flow to spray jet flow.

Pull-out Duo Spray
The cool touch spray head of the kitchen mixer is pulled out easily and extends workspace around the sink by providing comfortable use. The double flow function provides customized washing with normal and spray flow options.

Pull-down Duo Spray
The cool touch spray head of the kitchen mixer is pulled down easily and extends workspace around the sink by providing comfortable use. The double flow function provides customized washing with normal and spray flow options.

SafeTouch
Internal body design creates an isolation layer between the warm water and body that prevents the contact of warm water to body. In this way, body surface is never too hot to touch.

Faucets and shower systems icon guide

SafeTemp
Protection against scalding by providing a deliberate/safe switch to temperatures above 38 degrees.

Constant temperature
AquaHeat Thermostatic faucets ensures always the right temperature, for utmost convenience and safety.

UniConnect
The universal connection feature means it’s compatible with all hand showers.

No limescale silicon nozzles
The specially designed silicon aerator discharges any lime build-up at the spout with a single touch.

DurableHose
Using advanced technology, the shower hoses are resistant to high temperature, pressure and weight.

AntiTangle
The one-piece Chromatech shower hose has a smooth surface, which prevents water leaks due to breakage and bending, whilst being easy to clean and tangle-free.

EasyClean
One-piece shower hose is easy to clean and tangle-free thanks to its smooth surface.

Comfort control
Direct water to the desired outlet with the button marked.

Height modification
An individual adaptation according to the user height and space of the shower enclosure is possible easily.

Faucets and shower systems icon guide

Aqua Massage
Intense shower flow with massage function that reduces your tension and relaxes your body

Aquarain
Produces the ideal rainfall for a quick and refreshing start to your day.

Aquarain XL
Invigorating rainfall from the larger surface area ensures complete and consistent cover for your whole body.

Aquasoft
Thanks to its special technology AquaSoft Shower Flow relaxes you with its calmness that purifies both your body and soul.

Aquaspray
Thanks to its special technology, the water drops are more voluminous and soft.

Aqua Air Drop
Thanks to its special technology, the water drops are more voluminous and soft.

Aquastream
A soft flow of pure water from the shower head's centre, like a fresh spring falling, reduces stress.

Aquamist
A revitalizing misty flow glides gently over your skin for a relaxing feeling.

Waterfall
Feel the revitalizing effects of water cascading down on you like a waterfall.

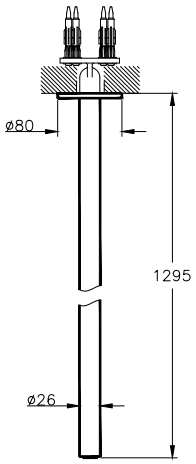
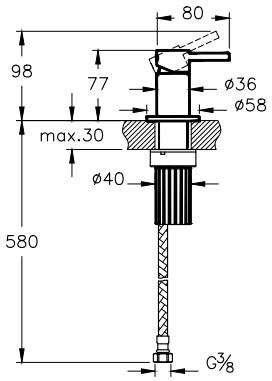
A42680	Basin mixer from ceiling, (ceiling mounted)	Chrome
A4268029	Basin mixer from ceiling, (ceiling mounted)	Soft copper
A4268034	Basin mixer from ceiling, (ceiling mounted)	Brushed nickel
A4268036WTC	Basin mixer from ceiling, (ceiling mounted)	Matt black

- Height from the ceiling up to aerator: 1295mm
- Cache aerator
- Max 5L/min flow rate
- 1 pcs 100 mm pipe, 2 pcs 50 mm pipes are included
- To control from counter A42682 should be used, to control from wall A42621 should be used.
- Concealed parts are included
- Concealed part of A42621 is not included.



Product code	Description	Coating
A42682	Built-in controller, (counter mounted)	Chrome
A4268229	Built-in controller, (counter mounted)	Soft copper
A4268234	Built-in controller, (counter mounted)	Brushed nickel
A4268236WTC	Built-in controller, (counter mounted)	Matt black

- Countertap usage
- Rosette and handle are included
- To be used with A42680 and A42683 is advised
- High strength 100% brass cartridge
- Comfortable opening-closing for many years with teflon coated ceramic disc cartridge.



- 10 year warranty is offered for chrome coated faucets and 5 year for coloured faucets and accessories excluding touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- 2 years warranty is offered for touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- Refer to pages 876-893 for compatibility table of faucets with washbasins.

VitrA

AquaTech Series

V-Box	590
AquaSee	601
AquaMed	612

V-Box

DVGW-approved V-Box complies with all international standards.

V-Box

V-Box icon guide

Adjustable installation
It can tolerate installation errors of up to 7 degrees.

Blind sight
The active button bulges out slightly while taking shower.
So, you can easily find the AquaControl's button diverter even when your eyes closed.

Multi-Fit
It offers the freedom to choose from a variety of alternatives with its multi-fit feature.

Brick fit
It allows for mounting on brick walls with a minimum depth of 77 mm.

Leak proof
It offers safe usage with its leak-proof cover.

Easy maintenance
Easy maintenance for the check valve with no need to remove the body.

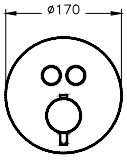
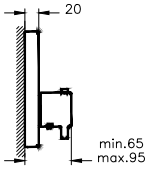
- Without concealed part





Product code	Description	Coating
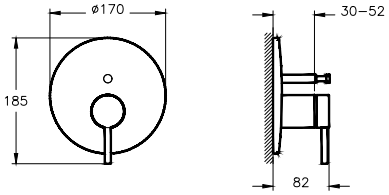
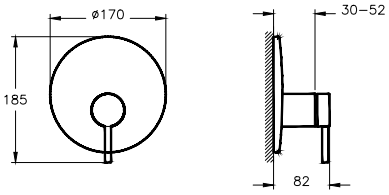
A42822	Mechanic built-in bath mixer (V-Box exposed part)	Chrome
A4282229	Mechanic built-in bath mixer (V-Box exposed part)	Soft copper
A4282234	Mechanic built-in bath mixer (V-Box exposed part)	Brushed nickel
A4282236	Mechanic built-in bath mixer (V-Box exposed part)	Matt black

- Concealed part A42806 must be installed during wall application
- Finish set consisting of: rosette, lever and diverter
- Without concealed part



Product code	Description	Coating
A42823	Built-in shower mixer (V-Box exposed part)	Chrome
A4282329	Built-in shower mixer (V-Box exposed part)	Soft copper
A4282334	Built-in shower mixer (V-Box exposed part)	Brushed nickel
A4282336	Built-in shower mixer (V-Box exposed part)	Matt black

- Concealed part A42806 must be installed during wall application
- Finish set consisting of: rosette, lever
- Without concealed part

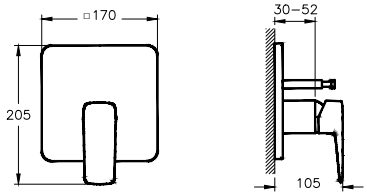


- 10 year warranty is offered for chrome coated faucets and 5 year for coloured faucets and accessories excluding touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- 2 years warranty is offered for touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- Refer to pages 876-893 for compatibility table of faucets with washbasins.

V-Box

Product code	Description	Coating
A42828EXP	Built-in bath mixer, (exposed part)	Chrome
A4282874EXP	Built-in bath mixer, (exposed part)	Soft gold
A4282829EXP	Built-in bath mixer, (exposed part)	Soft copper
A4282834EXP	Built-in bath mixer, (exposed part)	Brushed nickel
A4282836EXP	Built-in bath mixer, (exposed part)	Matt black

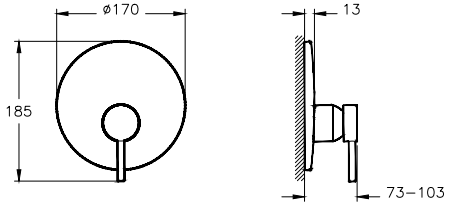
- Concealed part A42806 must be installed during wall application.
- For other spouts see pages 632-637
- Finish set consisting of: rosette, lever and diverter.
- Concealed part is not included.



Product code	Description	Coating
A43711EXP	Built-in mechanic shower mixer (V-Box exposed part)	Chrome
A4371174EXP	Built-in mechanic shower mixer (V-Box exposed part)	Soft gold
A4371124EXP	Built-in mechanic shower mixer (V-Box exposed part)	Brushed gold
A4371125EXP	Built-in mechanic shower mixer (V-Box exposed part)	Bruched nickel
A4371129EXP	Built-in mechanic shower mixer (V-Box exposed part)	Soft copper
A4371134EXP	Built-in mechanic shower mixer (V-Box exposed part)	Brushed copper
A4371136EXP	Built-in mechanic shower mixer (V-Box exposed part)	Matt black

- Concealed part A42213 must be installed during wall application.
- Designed to run one of the following outlets: bath spout, showerhead, water jets or handshower via handshower outlet
- Finish set consisting of: rosette, lever.
- Concealed part is not included.

To be launched on 1st of June 2025.

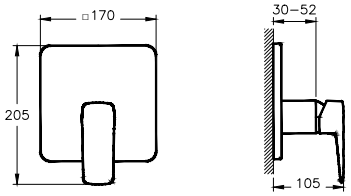


- 10 year warranty is offered for chrome coated faucets and 5 year for coloured faucets and accessories excluding touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- 2 years warranty is offered for touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- Refer to pages 876-893 for compatibility table of faucets with washbasins.

V-Box

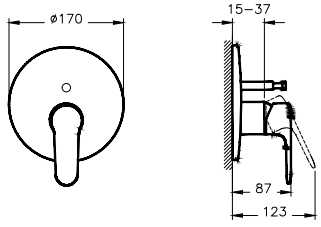
Product code	Description	Coating
A42827EXP	Root Square Built-in Shower Mixer (exposed part)	Chrome
A4282774EXP	Root Square Built-in Shower Mixer (exposed part)	Soft gold
A4282729EXP	Root Square Built-in Shower Mixer (exposed part)	Soft copper
A4282734EXP	Root Square Built-in Shower Mixer (exposed part)	Brushed nickel
A4282736EXP	Root Square Built-in Shower Mixer (exposed part)	Matt black

- Concealed part A42806 must be installed during wall application.
- Finish set consisting of: rosette, lever
- Concealed part is not included.



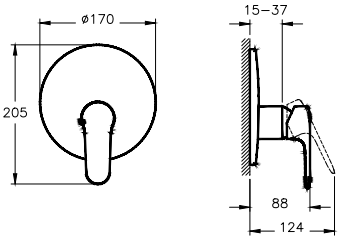
Product code	Description	Coating
A42830EXP	Root Round Built-in Shower Mixer (exposed part)	Chrome
A4283074EXP	Root Round Built-in Shower Mixer (exposed part)	Soft gold
A4283029EXP	Root Round Built-in Shower Mixer (exposed part)	Soft copper
A4283034EXP	Root Round Built-in Shower Mixer (exposed part)	Brushed nickel
A4283036EXP	Root Round Built-in Shower Mixer (exposed part)	Matt black

- Concealed part A42806 must be installed during wall application.
- To be used with a bath spout, A42719 and A42720 is advised. For other spouts see pages 632-637
- Finish set consisting of: rosette, lever and diverter.
- Concealed part is not included.



Product code	Description	Coating
A42829EXP	Root Round Built-in Shower Mixer (exposed part)	Chrome
A4282974EXP	Root Round Built-in Shower Mixer (exposed part)	Soft gold
A4282929EXP	Root Round Built-in Shower Mixer (exposed part)	Soft copper
A4282934EXP	Root Round Built-in Shower Mixer (exposed part)	Brushed nickel
A4282936EXP	Root Round Built-in Shower Mixer (exposed part)	Matt black

- Concealed part A42806 must be installed during wall application.
- Finish set consisting of: rosette, lever.
- Concealed part is not included.



- 10 year warranty is offered for chrome coated faucets and 5 year for coloured faucets and accessories excluding touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- 2 years warranty is offered for touch-free controlled (AquaSee), SST electronic and Perfect Time (AquaTouch) mixers.
- Refer to pages 876-893 for compatibility table of faucets with washbasins.

AquaSee

Product code	Description	Coating
A47213	Origin Touch-free Basin Mixer, counter top (mains)	Chrome
A4721329	Origin Touch-free Basin Mixer, counter top (mains)	Soft copper
A4721334	Origin Touch-free Basin Mixer, counter top (mains)	Brushed nickel
A4721336WTC	Origin Touch-free Basin Mixer, counter top (mains)	Matt black

- After 60 seconds of continuous detection of an object, electronics automatically stop the water flow.
- Spout length: 125 mm
- Spout height: 140 mm
- Hot-Cold water inlet
- 6V DC mains connection
- Max. 5 L/min. flow rate
- Control and valve unit are included.
- To prevent touching and to provide energy saving, temperature and safety control adjusted via control and valve unit.
- Distance between faucet center and beginning of washbasin bowl area must be max. 70 mm (Refer to page 744).
- STA extension codes can be ordered.
- Maximum 1.3 L/min water flow is provided in STA extension codes.

Kitchen sink mixers icon guide

Unified Water Label
Unified Water Label indicates the water consumption level of faucets. Class A rating means maximum water saving with the same high level of comfort.

Green building certification
These products fulfill Green Building Certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green Building Certification.

V-Bright
It offers a rich variety of matt and bright colors thanks to its PVD and wet coating technology.

Energy conservation
The grey band on the cartridge can be used to set an upper limit on water temperature, saving energy by avoiding unnecessary heating.

Water conservation
Maximum comfort is ensured with minimum amount of water thanks to the special system used for faucets.

ProSpray
Kitchen mixers provide free use in the desired direction around the sink, thanks to their 360-degree rotation feature. The smooth switch between dual flow functions allows changing easily from a normal flow to spray jet flow.

Pull-out Duo Spray
The cool touch spray head of the kitchen mixer is pulled out easily and extends workspace around the sink by providing comfortable use. The double flow function provides customized washing with normal and spray flow options.

Pull-down Duo Spray
The cool touch spray head of the kitchen mixer is pulled down easily and extends workspace around the sink by providing comfortable use. The double flow function provides customized washing with normal and spray flow options.

SinkComfort
The height of the kitchen mixers facilitates the cleaning and filling of large pots and pans.

Kitchen sink mixers icon guide

ForwardLever
The forward rotation feature does not allow the mixer lever to move backwards, therefore making it easier to use when mounted close to the wall and in small spaces.

FreeSwing
The body of the mixer provides comfortable usage with its 360-degree rotation feature.

Practical installation
Ease of manuel installation, without requiring any tools.

LowLead
Thanks to the enhanced technology, the level of nickel and lead are at the minimum level.

Unified Water Label
Unified Water Label indicates the water consumption level of faucets. Class A rating means maximum water saving with the same high level of comfort.

Green building certification
These products fulfill Green Building Certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green Building Certification.

Water conservation
Maximum comfort is ensured with minimum amount of water thanks to the special system used for faucets.

SafeTouch
Internal body design creates an isolation layer between the warm water and body that prevents the contact of warm water to body. In this way, body surface is never too hot to touch.

SafeTemp
Protection against scalding by providing a deliberate/safe switch to temperatures above 38 degrees.

Constant temperature
AquaHeat Thermostatic faucets ensures always the right temperature, for utmost convenience and safety.

UniConnect
The universal connection feature means it's compatible with all hand showers.

No limescale silicon nozzles
The specially designed silicon aerator discharges any lime build-up at the spout with a single touch.

DurableHose
Using advanced technology, the shower hoses are resistant to high temperature, pressure and weight.

AntiTangle
The one-piece Chromatech shower hose has a smooth surface, which prevents water leaks due to breakage and bending, whilst being easy to clean and tangle-free.

EasyClean
One-piece shower hose is easy to clean and tangle-free thanks to its smooth surface.

Shower systems icon guide

Comfort control
Direct water to the desired outlet with the button marked.

Height modification
An individual adaptation according to the user height and space of the shower enclosure is possible easily.

Aqua Massage
Intense shower flow with massage function that reduces your tension and relaxes your body

Aquarain
Produces the ideal rainfall for a quick and refreshing start to your day.

Aquarain XL
Invigorating rainfall from the larger surface area ensures complete and consistent cover for your whole body.

Aquasoft
Thanks to its special technology AquaSoft Shower Flow relaxes you with its calmness that purifies both your body and soul.

Aquaspray
Thanks to its special technology, the water drops are more voluminous and soft.

Aqua Air Drop
Thanks to its special technology, the water drops are more voluminous and soft.

Aquastream
A soft flow of pure water from the shower head's centre, like a fresh spring falling, reduces stress.

Aquamist
A revitalizing misty flow glides gently over your skin for a relaxing feeling.

Waterfall
Feel the revitalizing effects of water cascading down on you like a waterfall.

- Designed to run one of the following outlets: bath spout, showerhead, water jets or handshower via handshower outlet

Product code	Description	Coating
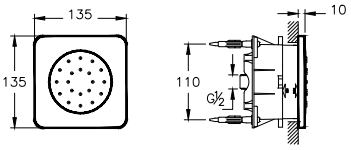
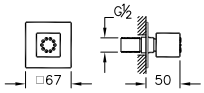
A45709	Built-in water jet	Chrome

- Single spray mode: Aquaspray
- Ø80 mm
- Rosette: 135 x 135 mm
- Ball-joint with turning angle 10° (±10°)
- Easy clean
- Maximum 4 pieces should be used in a shower system.



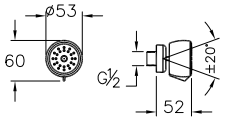
Product code	Description	Coating
A45689EXP	Water jet	Chrome

- Single spray mode: Aquaspray.
- 35 x 35 mm
- Ball joint with turning angle 20o (+/-10o)
- Maximum 4 pieces should be used ia shower system



Product code	Description	Coating
A45522EXP	Water jet	Chrome

- 2 spray modes: Aquamassage, Aquastorm
- Ø53 mm
- Ball-joint with turning angle 10° (±10°)
- Maximum 4 pieces should be used in a shower system



- 5 years warranty is offered for shower systems.

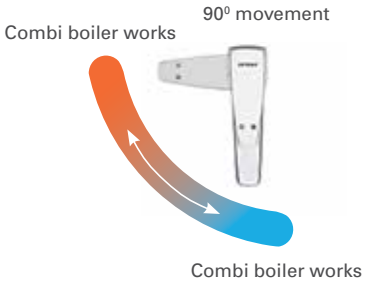
More durable, more practical and more aesthetic.

Unified water label

Unified Water Label indicates the water consumption level of faucets.Class A rating means maximum water saving with the same high level
of comfort.



Energy saving

Blue Eco cartridge which works with 90 degree angle, prevents unnecessary working of your combi boiler by giving only cold water when opened in the middle position. Thus, it saves more energy.

Maximum hygiene

With its high hygene standards, all the areas that the water touches are produced with materials which are hygenic and harmless to human health in VitrA faucets. They protect to color, taste and the smell of the water in its natural form.

Adjustable cartridge

VitrA faucets provide extra energy and water saving thanks to its cartridges with temperature and flow limiters.

Easy cleaning

VitrA faucets, can be cleaned by a little touch thanks to its special aerators with silicon fiber. Clean aerators always provide smooth water flow and extend the product's life.

Moving aerators

VitrA moving aerators offer feasibility to change direction of the flow with a single touch. It flows the water wherever desired and it is compatible with different sizes of washbasins.

Eczacıbaşı Building Materials Co. reserves the right to make technical modifications and alter colors without prior notice.

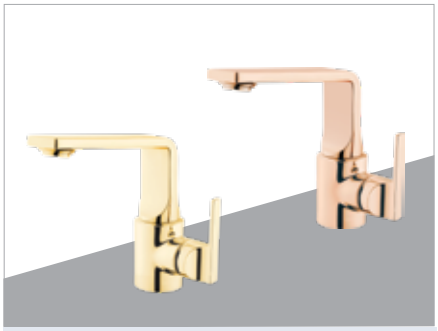
More durable, more practical and more aesthetic.

Flow variety

VitrA offers three different flow option to meet with user expectations. Standard, natural and rectangular water flow alternatives create different experiences and provide water flow forms in harmony with design lines.

Size variety

VitrA, with its wide product range for different usage and installation needs, offers a rich size variety to meet the needs of every bathroom design.



Long-lasting colors

Compate to regular coating, VitrA provides ten times more durable and long lasting facial coating options thanks to its PVD coating technology

Variety of styles

VitrA bathroom faucets bring together the most innovative designs and products of different designs which will meet the changing tastes, styles and expectations

Liquid

The supporting cast

The classic bathroom palette of black, white and chrome is complemented in Liquid's furniture options.

Under-washbasin closed storage offers a choice of scalloped stripes of Scandinavian glass or the robust stamp of perforated black metal mesh. With internal shelves of glass, the units can be floor or wall mounted. An open-storage alternative introduces contrasting lozenges of blue glass shelving oversailing a simple frame.

The collection's core palette is further extended in a choice of embossed wall tiles – offering understated tactility and infinite options for seamless personal creativity.

Plural

Shared Intimacy

Designed by Terri Pecora in collaboration with Design Studio VitrA, Plural offers the feeling of a vintage living room, inspired by the iconic mid-twentieth century look. Light and airy furniture is creatively embedded into the bathroom environment, introducing a welcoming domestic space where users can share time with others.

Plural's refined design language creates an atmosphere of sensual luxury. With an aesthetic mix and match of forms, finishes and colours, it brings objects and people together in a delightfully harmonious bathroom environment.

Origin

Silent gracefulness

Created by Design Studio VitrA, grace shapes the Origin Collection's minimalism. A systematic approach that complements and underlines the bathroom atmosphere, Origin is a meeting point for mixers, accessories, shower systems and counter solutions. Subtle lines, sleek designs and unmatched colour alternatives create a wealth of choice in sanitary ware, and lead to a truly customisable bathroom environment.

A shelf system like no other

Everything that is needed in the bathroom can be organised on shelves and in units that complement the graceful design. Units with integrated drawers allow quick access to needed items.

Bathroom units can be easily customised to different sized spaces, thanks to a choice of modules and dimensions. In 30- and 60 cm alternatives, the shelves can be combined with other shelves or side units in 60 cm or 90 cm.

Sento

Common sense, uncommon bathroom

The stunning design of Sento Collection is both charming and practical, meeting the individual needs of each bathroom. Sento's various modules present diverse and exclusive solutions for every bathroom to make them cozier and tidier. The collection offers various colours and forms for different tastes and preferences. Both mirror cabinets and standard mirrors offer an LED illumination feature.

Impressive pieces, functional solutions.

The washing machine unit also has a closed cabinet to neatly store anything you want. In this section, there is a laundry basket and shelf for storing cleaning materials. The elegant upper unit provides extra storage with its drawer and shelf details.

The tall unit is suitable for storing different size of cleaning materials. Air vents inside of the cabinet prevent humidity by providing good ventilation.

Sento

Smart solutions for bathrooms

Sento's modern lines and excellent colour harmony are dazzling. Moreover, the series offers a large range of products with suitable solutions for smaller areas.

The tall unit, which is especially designed for functionality, has shelves for storage, a laundry basket and power plug, and a special area for storing personal care products.

The washbasin unit has a compact form that is suitable for smaller bathrooms and it provides extra storage.

The series offers various colours and forms for different tastes and preferences. Both mirror cabinets and flat mirrors offer LED illumination feature.

Integra Round

Harmonious solutions for modern bathrooms

The New Integra Round combines style with practicality through its functional design and trendy colours, while its 45, 60, 80, 100, and 120 cm size options offer flexibility of use with both vanity and countertop washbasins. Its fully extendable drawers and tall cabinets with laundry baskets bring order to your bathroom. With 8 different colour options, including striking shades such as matt terra cotta and matt green, the New Integra Round brings a unique and modern touch to your bathroom.

Integra Square

Organised solutions with angular lines

The New Integra Square brings a sense of spaciousness and order to your bathroom with its modern design and wide range of products. Offering solutions for every need with its 45, 60, 80, 100, and 120 cm size options, the collection provides flexibility of use with both vanity and countertop washbasins. It highlights functionality with its drawers providing wide storage space, a laundry basket option, and compact cabinets with mirrored top doors.

Root Collection

The ideal solution for your dream bathroom in 3 steps

The Root Collection, allows you to design the bathroom of dreams in just three easy steps.

1- For desired bathroom design, firstly different styles of washbasins, faucets and washbasin unit can be decided, then prefered combinations of colours can be chosen.

2- The right size for washbasin and washbasin unit can be defined according to the area of bathroom, followed by the height of preferred faucet.

3- By completing design with mirrors, tall units and units with additional storage, the perfect solution for the bathroom of dreams will become a reality.

VitrA

Showering areas

Showering areas icon guide

VitrA antislip

Developed to offer safety against the risk of accidents. Bathtubs and shower trays treated with VitrA antislip will not get slippery over the years as a result of frequent contact with soap and water.

Special needs

VitrA bathroom products designed to accomodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.

General information

- Eczacıbaşı Building Materials Co. always keeps the rights to make any changes on the product.
- In case bath filler will be used for appropriate bathtub models, the drilling on product body can be done before the shipment if the code/model of the faucet is provided at CRM note at the time of order.
- For faucets usage on bathtubs please check page 1377. Application areas shown are for body bathtubs and may vary for whirlpools. Contact VitrA officers for such applications.
- Since solid wooden items on products are of natural wood, colour and texture may vary.
- Complementary wooden items (panels, shower matts, shower system, etc) should be installed in enclosed areas avoiding exposure to outside weather conditions. Other wise, the product shall become out of spoce of guarantee.
- Check product data sheets and technical documents for detailed information on installation.

Compact units

Zest Shower Unit	1257
Roomy Neo Shower Unit	1263
Cosey Mini Shower Unit	1267

Compact units

Functional, multi-purpose, very practical

VitrA systems make other showers seem as crude as washing yourself with a bucket and garden hose. Units offer a range of functionality and optional features (such as massage and steam bath) that transform your shower stall or bathtub into a fountain of renewal. Having a shower will never again seem like a chore.

Compact units			
Unit	Length	Width	Serie name
Compact shower unit	160	90	Zest (pg; 1257,1258)
	150	90	Roomy (pg; 1263)
	150	80	Roomy (pg; 1264)
	120	90	Zest (pg; 1259,1260); Roomy (pg; 1265)
	120	80	Roomy (pg; 1266)
	90	90	Zest (pg; 1261,1262)

- ! Before installing the product make sure that;
- The ceiling is Minimum 2,3 m high, for Zest, Zest Space it is 2,4 m high.
- The local water pressure is between 3-6 bars.
- The floor should be tiled of even.
- The walls are straight and the installation corner is exactly 90'.
- For built-in installations (flat and zero surface shower trays), a low floor application of 15 cm is required for the installation for the siphone and the depth of the shower tray.
- The assembly of the zero surface shower trays should be done at the same time with tiling. The water proof membrane should be placed below tiles.

• 2 years warranty is offered for all showering areas product. Please check general information on page 1361.
• Please check installation guide for page 1233.

Istanbul

Designed by Ross Lovegrove

Pure and natural organic forms

Inspired from Istanbul's mixed culture and traditions but a series of future … Istanbul, Ross Lovegrove, almost defines beauty again. Completes the series with bathtub products.

Water Jewels

Designed by Matteo Thun

Sparkling elegance, a fabulous design!

With its oval acrylic structure, water-resistant wooden panel and special pop-up waste & over ow set, the Water Jewels Bathtub offers an exclusive bathroom experience.

4 Life

Ultimate comfort in impeccable style

The 4 life Series, offering various alternative shapes, stands out with its aesthetic design.

Combo

Twice the function, twice the pleasure

Regenerating bathing experience from all aspects… While a purifying and reviving shower ensures that you start the day full of energy, you can get rid of the fatigue of the day with a lengthy and relaxing soak in the bathtub.

You can enter the bathing section of Combo through its door, where you will be able to enjoy the pleasures of both a shower and a bath, with ease.

General information

- Eczacıbaşı Building Materials Co. always keeps the rights to make any changes on the product.
- In case bath filler will be used for appropriate bathtub models, the drilling on product body can be done before the shipment if the code/model of the faucet is provided at CRM note at the time of order.
- For faucets usage on bathtubs please check page 1377. Application areas shown are for body bathtubs and may vary for whirlpools. Contact VitrA officers for such applications.
- Since solid wooden items on products are of natural wood, colour and texture may vary.
- Complementary wooden items (panels, shower matts, shower system, etc) should be installed in enclosed areas avoiding exposure to outside weather conditions. Other wise, the product shall become out of spoce of guarantee.
- **Check product data sheets and technical documents for detailed information on installation.**

Usage of wooden complementary items

General warnings about usage of wooden complementary items

- Colour and texture may vary since solid wooden parts of products are made of natural wood.
- Complementary wooden items (panel, matt, shower system etc.) should be installed in enclosed areas. Products intended for use at home or in enclosed areas should not be used in areas subject to outside weather conditions, under direct sunlight, rain, moisture etc, at gardens or in areas, washed with water, in order to preserve its lifetime. Otherwise, the product shall become out of scope of guarantee.
- Wet bath fibers left on product and the liquids leaking from soap and shampoo bottles may result in colour changes on product.
- Do not use hydrochloric acid, abrasive/ powder detergent, soft soap and hard /scratching cleaning sponge for cleaning wooden items. Avoid contact with bleachers, organic solutions, paint removers acetone and other solvents.

Key notes about usage of wooden panels

- Wooden panels should not be left wet for a long time, it should be dried with cloth after each usage to ensure a better and longer lifespan.
- Bathroom floor should be cleaned by wiping to avoid contact of product with plenty of water.
- Wooden wipers are not recommended since wooden panel is varnished.
- Use of a soft cloth and glass cleaner in cleaning of wooden surface is adequate. Wipe the cloth in the direction of coating, not with circular movements.
- Installation of wooden panels should not be done at the same level with bathroom floor to avoid damaging of wooden panels from water accumulating on the floor during bathing or cleaning.
- Use of enclosure on wooden panel products should be recommended. It should be ensured that water splashed from the edges of bathtub, walls or shower heads during bathing is kept on the surface of enclosure glass and flowed into the product.
- You can refer to VitrA Bathtub Officers for removal of scratches appeared on the surface of wooden panel as a result of accident and stroke.

Considerations about usage of wooden shower matts

- Wooden matt is made of natural iroko wood and iroko wood is among the most water resistant woods.
- As wooden matts are natural materials, it is likely to release its own sap during usage.
- Since wooden matts are suitable for raw use, they are supplied with no varnish or finish and should be cleaned with a soft cloth and warm water after each use. Otherwise, unmelted soap products, dirt and limewater create a thin layer on wooden base making it hard to clean up.
- In addition to the cleaning after each use, you can opt to use wooden surface cleaners recommended for varnish and finish-free surfaces. You can supply such wooden surface cleaners from DIY stores.
- Usage of surface cleaners are recommended at every 6 months and the maintenance should be completed by using teak oil. This applicaiton is crucial in case the wooden parts are subject to sunlight in the bathroom.
