

WHY CHOOSE -WILSONART® COMPACT LAMINATE?

It's durable.

Built to last, Wilsonart® Compact Laminate features higher impact, moisture, scratch, and abrasion resistance than any comparable surface offering.

It provides you hundreds of options.

Wilsonart® Compact Laminate provides you with over 600 designs in a broad range of finishes as well as thicknesses ranging from 1/10" to 1".

It stands up to heavy cleaning.

Wilsonart® Compact Laminate is a self-supporting engineered solid composite surface and has great resistance to chemicals and disinfectants. Perfect for high traffic areas that require more frequent sanitization.

WHERE CAN YOU USE WILSONART® COMPACT LAMINATE?

Wilsonart® Compact Laminate comes in both single and double sided versions for flexible application.
