

Beautifully Authentic High-Performance Roofing

Cedar Shake

Canyon Gray

Build With BRAVA

Whether you're taking your first steps, navigating mountain trails, walking beach side under blue skies, or sharing laughs around a campfire, life's core memories bring us back to one place: home.

Make it a home *Built with BRAVA.*

Inspiring Beauty

Every BRAVA Roof Tile Is A Choice Tile.

Extraordinary color, superior mineral pigment throughout, variegation within each tile and super fine detail create an unparalleled natural shake look.

Compression Molded

Compression molding makes our tiles stronger and more detailed.

Thicker, More Material

The gauge of BRAVA material is thicker and provides more headlap than comparable synthetic roofing products. The finished roof is more durable and dimensional.

Sustainable

We turn plastic destined for the landfill into a beautiful and durable roof made of recycled material that itself is fully recyclable.

Color For Life

Chemical or dye-based colorants get broken down by the sun over time and they degrade as you see in old comic books or photographs.

Pure mineral pigments keep a 3,000 year old wall colorful and paintings that are hundreds of years old remain bright.

BRAVA tiles are made with pure mineral pigments found in nature – colorants that can last for centuries.
