

Beautifully Authentic High-Performance Roofing

# Spanish Barrel Tile

Autumn

# Build With BRAVA

Whether you're taking your first steps, navigating mountain trails, walking beach side under blue skies, or sharing laughs around a campfire, life's core memories bring us back to one place: home.

Make it a home *Built with BRAVA.*

# Inspiring Beauty

## Every BRAVA Roof Tile Is A Choice Tile.

Extraordinary color, superior mineral pigment throughout, variegation within each tile and super fine detail create an unparalleled natural terracotta look.

## Compression Molded

Compression molding makes our tiles stronger and more detailed.

## Thicker, More Material

The gauge of BRAVA material is thicker and provides more headlap than comparable synthetic roofing products. The finished roof is more durable and dimensional.

## Sustainable

We turn plastic destined for the landfill into a beautiful and durable roof made of recycled material that itself is fully recyclable.

# Color For Life

**Chemical or dye-based colorants get broken down by the sun over time** and they degrade as you see in old comic books or photographs.

**Pure mineral pigments keep a 3,000 year old wall colorful** and paintings that are hundreds of years old remain bright.

**BRAVA tiles are made with pure mineral pigments found in nature** – colorants that can last for centuries.

# Mother Nature Inspired Hues

**Standard** color line of natural color blends gives an authentic look of natural terracotta tile.

**Premium** striking color blends complimenting homes that strive for a luxurious look and feel.

**Cool Roof Colors** (Title 24 compliant) are perfect for any home looking for the benefits of increased energy efficiency.

**VIDEO:** See how color changes throughout the day and access high resolution photos. **Scan QR Code.**

## Brutally Tough

BRAVA materials won't suffer damage during transport, installation, or even the friend who always slices on the fairway.

Pine Green

Antique Clay

## Lasting Color

Revolutionary fade-resistant technology ensures your roof will look stunning year after year.

## Lightweight

BRAVA materials are lightweight enough to be installed on homes without any structural reinforcement.

Trusted By

# Historical & Landmark Buildings

What we do is more than protecting  
homes. We set out to impact and  
inspire our communities.

Graphite

Black Brown Blend

## Sustainable

We turn plastic destined for the landfill into a beautiful and durable roof made of recycled material that itself is fully recyclable.

An aerial photograph of a residential community featuring numerous houses with red-tiled roofs. The houses are arranged in a cluster, with a winding road and parking areas interspersed among them. Lush greenery, including palm trees and other tropical plants, surrounds the buildings. In the background, a swimming pool and a tennis court are visible. The community is situated near a body of water, which is visible on the right side of the image. The overall scene is bright and sunny, with shadows cast by the trees and buildings.

## Trusted by Homeowner's Associations

When a community is developed, architecture and design are critical for success. Creating a cohesive and beautiful-looking community is easy with BRAVA roofing.

Tuscan Clay

# Industry Leading Protection

## Limited Lifetime Warranty

BRAVA offers a Limited Lifetime Warranty with a coverage period of 50-years making it one of the strongest warranties in the industry.

## Fortified Roof Program

Save money with grants and insurance policy discounts with FORTIFIED Roof™. See our website for program requirements and benefits **before** you start your project.

## Wildland Urban Interface

Some areas require compliance with the WUI code. BRAVA is a Class A fire rated roofing system and our products are WUI approved and reduce risk of wildfire spread.

# Installed by Factory-Trained Roofing Contractors
