Build With BRAVA

Whether you're taking your first steps,
navigating mountain trails, walking beach
side under blue skies, or sharing laughs
around a campfire, life's core memories
bring us back to one place: home.

Make it a home *Built with BRAVA.*

Inspiring Beauty

Every BRAVA Roof Tile Is A Choice Tile.

Extraordinary color, superior mineral pigment throughout, variegation within each tile and super fine detail create an unparalleled natural stone look.

Compression Molded

Compression molding makes our tiles stronger and more detailed.

Thicker, More Material

The gauge of BRAVA material is thicker and provides more headlap than comparable synthetic roofing products. The finished roof is more durable and dimensional.

Sustainable

We turn plastic destined for the landfill into a beautiful and durable roof made of recycled material that itself is fully recyclable.

Color For Life

Chemical or dye-based colorants get broken down by the sun over time and they degrade as you see in old comic books or photographs.

Pure mineral pigments keep a 3,000 year old wall colorful and paintings that are hundreds of years old remain bright.

BRAVA tiles are made with pure mineral pigments found in nature – colorants that can last for centuries.

Mother Nature Inspired Hues

Standard color line of natural color blends gives an authentic look of natural slate tile.

Premium striking color blends complimenting homes that strive for a luxurious look and feel.

Cool Roof Colors (Title 24 compliant) are perfect for any home looking for the benefits of increased energy efficiency.

Available in Single Width & Multi-Width

Single Width

Single width is standard and presents a more uniform look with all field slates being 12" .

Multi-Width

For a more traditional cottage style, our Multi-Width Slates are available in 6", 9", and 12" widths for greater variation across the roof.

Arendale Multi-Width

Light Arendale

Lasting Color

Revolutionary fade-resistant technology ensures your roof will look stunning year after year.

Lightweight

BRAVA materials are lightweight enough to be installed on homes without any structural reinforcement.

An aerial photograph of a suburban neighborhood. The houses are mostly single-story with white roofs and are surrounded by green lawns and trees. There are several winding ponds or lakes throughout the community. A paved road curves through the center of the image. The overall scene is bright and sunny, suggesting a clear day.

Trusted by Homeowner's Associations

When a community is developed, architecture and design are critical for success. Creating a cohesive and beautiful-looking community is easy with BRAVA roofing.
