### Sensitech

pag.105

Sensitech, the porcelain tile surface made using a production method patented in Italy that combines superior slip-resistance with an unprecedented tactile softness, guaranteeing ease of cleaning and maintenance.  
Sensitech, la superficie in gres porcellanato realizzata con metodo produttivo brevettato in Italia, che associa elevate prestazioni di resistenza allo scivolamento ad un'inedita morbidezza tattile, garantendo facilità di pulizia e manutenzione.

### Velvetech

Velvetech, the new porcelain tile surface developed by Atlas Concorde with patent pending in Italy.  
Velvetech, la nuova superficie in gres porcellanato sviluppata da Atlas Concorde con brevetto depositato in Italia.

**Note on Velvet surface finish** / Nota sulla finitura Velvet

The Velvet surface replicates the effect of polished concrete. It has a velvety touch and semi-opaque highlights. The natural character of the surface is highlighted by areas of different opacity perceptible in oblique or reflected light. Suitable for residential or low-traffic commercial floors, where no anti-slip performance is required. If the product is in direct contact with the outdoors, solutions that absorb moisture and dirt must be used to prevent scratching. La superficie Velvet replica l'effetto di un cemento lucidato. Si distingue per la mano vellutata e per i riflessi semi-opachi. La naturalezza della superficie è evidenziata da zone di diversa opacità percettibili in luce radente o riflessa. Indicata per pavimenti residenziali o commerciali poco sollecitati, laddove non siano richieste prestazioni antiscivolo. Se il prodotto è a diretto contatto con l'esterno, prevedere dei dispositivi di assorbimento dell'umidità e dello sporco per prevenire la formazione di graffi.
