**PERFORATED  
PANELS**

UNIK

Omega <sup>®</sup>  
FENCE SYSTEMS

The background is a dark teal color with a repeating pattern of stylized leaves. The leaves are a slightly lighter shade of teal, creating a subtle, textured effect. The pattern is dense and covers the entire area.

UNIQUE  
AS YOU  
CAN  
IMAGINE

The Omega II Fence Systems' UNIK perforated panels are a perfect addition to any of the fence styles offered. Add a few panels for decorative accents, include next to a gate with custom words, address, logos, etc. Needing privacy on some parts of the installation, but not all? Use a fading pattern to allow light at the top with a solid panel at the bottom.

The aluminum panels are bent back 2" for durability. The overall size is 92" x 44" but the panel can be rotated as all sides are identical. Choose from one of the standard designs or send in your art file and let Omega II bring your vision to life!

Panels are installed on square or flat posts with pre-drilled holes making this installation as simple as it gets!

Want to play off shadows, lighting, images on sidewalks without any additional material on the site? Use the Omega II UNIK perforated panels! A new design from the original trusted fence company.

# CUSTOM DESIGN

The Omega II Fence Systems UNIK perforated panels are constructed of powder-coated aluminum sheets that have a 2" fold all around the panel for durability and ease of installation. The pattern library can be used as shown, or to give you design ideas, or get creative and submit your artwork file for custom designs. Complexity levels range from A to D, which is reflected in the privacy level and pricing. Add the Omega UNIK panel to any of the other families of panels we offer or use it on its own. Both swing and cantilever gates are available with the UNIK system. The unique possibilities are endless! Contact us for more information.

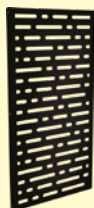

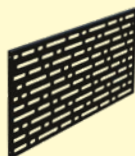

UNIK is the perfect fence system for customizability. This product offers the architect almost infinite design versatility. Made from a folded aluminum sheet.

#### VERTICAL PANEL

<b>STANDARD HEIGHT</b>	91 <sup>3</sup> / <sub>4</sub> " (2330 mm) or 67 <sup>3</sup> / <sub>4</sub> " (1721 mm)
<b>STANDARD LENGTH</b>	44" (1118 mm)
<b>MATERIAL</b>	1/8" (3.18 mm) thick aluminum*
<b>FINISH</b>	Polyester powder coated
<b>HARDWARE</b>	5/16" (8 mm) carriage bolts and tamper proof (tri-groove) nuts

#### HORIZONTAL PANEL

<b>STANDARD HEIGHT</b>	43 <sup>3</sup> / <sub>4</sub> " (1111 mm). Stackable
<b>STANDARD LENGTH</b>	92" (2337 mm) or 68" (1727 mm)
<b>MATERIAL</b>	1/8" (3.18 mm) thick aluminum*
<b>FINISH</b>	Polyester powder coated
<b>HARDWARE</b>	5/16" (8 mm) carriage bolts and tamper proof (tri-groove) nuts

#### SQUARE POST

#### FLAT POST

<b>DIMENSIONS</b>	2" x 2" or 3" x 3" (50.8 x 50.8 mm or 76.2 x 76.2 mm)	2 <sup>1</sup> / <sub>2</sub> " x 1/4" (63.5 x 6.35 mm)
<b>CAPS</b>	Standard Cap	Flush (no caps)
<b>BOLTING</b>	Carriage Bolt 5/16" (8 mm) - Tamper Proof Nuts	
<b>STANDAR COLOR</b>	 Signal black (RAL: 9004). Choose from our standard and optional colors or hundreds of custom colors from the RAL selection.	
<b>GAP BOTTOM PANEL/GROUND</b>	2" (50.8 mm)	
<b>COMPLEXITY</b>	The cost of our perforated panels is listed in order of complexity. A panel rated A is therefore less expensive than a panel rated D, for which more cutting work is required. For more information, please ask our customer service.	

\*Ask our representatives for other materials and thicknesses available.
