COMPLIANT

SmartTech™
SmartTech™ is the combination of MTI’s Smart Controller™ and Smart Safety™ technology using a centralized computer controller that enhances safety, reduces energy consumption, and provides smoother movement, additional memory options and more user preferences.

ComfortSync™
With a US Access Board ADA-compliant 17” entry height, the 830-17’s ComfortSync™ provides a smooth and independent 7" automatic power extension of the footrest as it follows the natural relationship of the patient’s leg, also accommodating taller patients.

Ensuring Compliance

Designed to accommodate diverse patient and caregiver needs with ease and efficiency, our 830-17 Procedure/Exam Chair offers power lift, backrest, tilt, footrest, and footrest extension functions with programmable settings for seamless patient positioning and comfort for both the patient and caregiver.

ADA Regulations specify that your exam chair meets certain requirements that include using a qualified transfer support. MTI offers 11 ADA-compliant specialty-specific exam chairs that can be paired with one of our transfer support accessories, delivering ADA compliance for your practice's specific needs, at a cost that makes sense for your practice.

We're here to help.

Contact an MTI Solutions Advisor to determine which of our ADA-compliant products is right for your practice.
