# Manifest a better build.

Manifest Collective presents customers and partners with seamless integration, a single contact and an expanded range of products and solutions. Our expertise in material science and product innovation has made us a trusted industry leader. Our brands, Therma-Tru, Larson, Fiberon, Fypon and Solar Innovations specialize in providing top-quality building products tailored for single-family rental homes and multi-family housing.

Our mission is to deliver innovative, durable and cost-effective solutions that enhance the outdoor living and community experiences for residents while maximizing value for development teams. Our products add incredible design and value, and require little to no maintenance. With a commitment to excellence and a customer-centric approach, we strive to be your trusted partner in creating sustainable and thriving communities.

## THERMA-TRU® DOORS

### WE'VE DESIGNED THE ONLY DOOR YOU'LL EVER NEED.™

With a complete door system engineered with craftsman precision and backed by more than 60 years of industry experience, Therma-Tru offers a selection to complement the architecture of multi-family residential dwellings, single-family build-to-rent housing, and more.

- ✓ Unlike wood, fiberglass will not warp or rot. And, unlike steel, it will not dent or rust.
- ✳ Explore a variety of style options at an excellent value.
- 🌿 Find the products you need to meet regional and national codes and approvals including NFRC- and ENERGY STAR-certified doors and sidelites, and HVHZ / WBDR options.
- 🔥 Therma-Tru offers an industry-leading selection of Fire-rated doors.
- ⠇ Explore a variety of options to meet code requirements for ADA-compliant applications, including doors with a 10" elevated bottom rail.
- 🔇 Our Noise Reduction doors provide an STC rating of up to 36.

LARSON® STORM DOORS  
& RETRACTABLE SCREENS

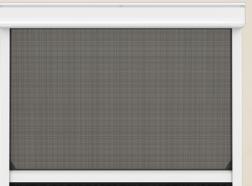

For more than 70 years, Larson has provided high-quality, high-performance home solutions.

Products Shown: Larson 146 Midview in Sandstone (above), Larson Motorized Retractable Screens (right)

146 EASY VENT SELECTION  
STORM DOOR

Hands-free convenience with a tap on the step-to-hold closer. The heavy-duty aluminum frame surrounded by 2X the weatherstrip seal shields the entry from the elements.

RETRACTABLE  
MOTORIZED SCREENS

Custom-made to fit any opening, and pre-assembled for easy recessed or surface-mount installation.

Note: See your Larson seller or visit [larsondoors.com](http://larsondoors.com) for details on limited warranties and exclusions.

Product Shown: Good Life, Weekender Collection in Cottage

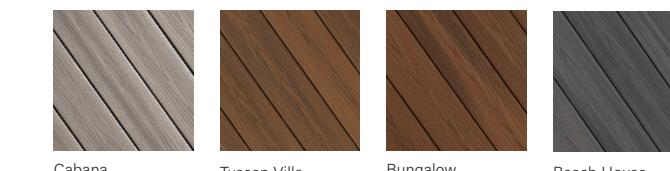

## FIBERON® DECKING

### DECKING DESIGNED DIFFERENTLY

Attract occupants with the addition of beautiful home features like Good Life decking — offering unbeatable performance and durability for any outdoor living space.

- Low maintenance and easy to install.
- Contains 96% recycled content.
- Our PE composite products contribute towards points in LEED and other green building rating systems.
- A Fire-rated version of Good Life decking is available and approved for use in all Wildland Urban Interface (WUI) zones.

FYPON® DECORATIVE MILLWORK  
It's all in the details.

Fypon makes homes and community spaces better with durable weather-resistant millwork solutions that provide long-term value.

 BRACKETS can easily be added to the interior or exterior of a living space for a decorative touch.

 Choose from a diverse assortment of decorative, non-venting and functional, venting LOUVERS to complement more architectural styles.

 Adding or replacing SHUTTERS is one of the easiest ways to add charm and enhance curb appeal.

 Designed for easy installation around an existing structural support, COLUMN WRAPS add character to any structure.

## SOLAR INNOVATIONS® FOLDING DOORS & CLEAR GLASS WALLS

Folding doors and glass walls can be used for commercial applications like schools, restaurants, hotels, offices and storefronts and residential projects like covered patios, enclosed porches and pool houses.

- Choose from a variety of sill options to meet design and / or performance standards.
  - ADA sills are available to meet code requirements.
- System contributes toward points in LEED, and includes recycled content.
- Slide and stack glass walls are structurally tested up to 40psf.

## SOLAR INNOVATIONS® SLIDE & STACK GLASS WALLS / SLIDING GLASS DOORS

Slide and stack glass walls are suitable for commercial and residential spaces and can be used to design stylish straight, angular, multiple-face and curved entryways. Sliding glass doors help expand the view or create an inviting entrance for any space.

- Choose from a variety of sill options to meet design and / or performance standards.
  - ADA sills are available to meet code requirements.
- System contributes toward points in LEED, and includes recycled content.
- Slide and stack glass walls are structurally tested up to 40psf.

Backed by Fortune Brands Innovations, our brands feature a legacy of more than 200 combined years of material science expertise and product innovation. No other brand portfolio offers a diverse range of products for the outer structure. Each brand brings a legacy of product innovation, providing a cohesive experience for building professionals and renters seeking durable, trusted products.
