# IMPROVE RELIABILITY, SECURITY AROUND SALES OPERATIONS

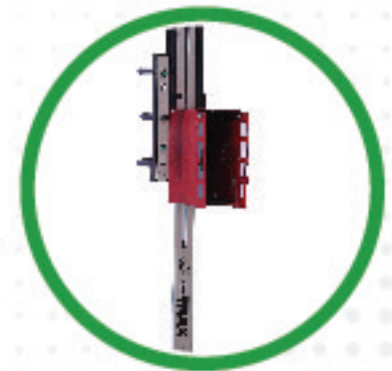

## Drive-thru

Bullet-resistant windows, transaction drawers and multi-lane systems ideal for new buildings or retrofit installations.

## Drive-up

Captive Carrier and pneumatic tube systems deliver products to a dedicated order pickup parking space, with compatible audio and video solutions.

## Walk-up

Through-wall drawers or window-drawer combos with BR glass elevate security without compromising experience around walk-up transactions and customer check-in.

## Vault-to-floor

Captive Carrier and pneumatic systems safely and securely send product from your vault to POS or budtender stations on your retail floor, expediting business while mitigating risk.

## YOUR ONE STOP FOR VIDEO SURVEILLANCE SYSTEMS AND ACCESS CONTROL

Trusted, proven brands with tailored solutions to meet your needs and budget. Getting it all from Bavis means one less vendor to deal with!

- Analog or IP cameras
- Remote-access recorders (DVR, NVR, hybrid)
- Variety of readers, credentials and controllers
- Manage from the cloud

## **ABOUT BAVIS**

Since 1957, Bavis Fabacraft has manufactured physical security solutions that expand customer access, enhance employee and customer safety and empower businesses to transact more, faster.
