

## **SMART-RECEIVERS**™

### **Features & Benefits**

- Great for prefabrication
- · Efficient mounting
- Quick repositioning
- · High strength yield
- Use with 13/16" & 1-5/8" strut
- No measuring required

## bimobject

#### **Product Details**

Material: 12 Gauge Structural Steel, Grade 50

Finish: Pre-galvanized Zinc Applications: Electrical

# **SMART-RECEIVER™ SPECIFICATIONS**

|                                  | PART#       | DESCRIPTION   | MAX<br>LOAD | DETAILS   | APPLICATIONS  |
|----------------------------------|-------------|---|-------------|---|---|
| CINEW INVENTED TO DAKOTA 1/4F-20 | DS-TR14-BPT | 1/4"-20 Dakota<br>Threaded<br>Receiver<br>(w/ barbs)  | 200 lbs     | Allows for 1/4" screw attachment to strut channel with stabilized rotation.                               | Perfect for mounting<br>1900 boxes, electrical<br>panels, pull boxes,<br>and disconnect boxes<br>to strut channels.*  |
| CINED IVO  DAKOTA 3/67-16        | DS-TR38-BPT | 3/8"-16 Dakota<br>Threaded<br>Receiver<br>(w/ barbs)  | 250 lbs     | Allows for 3/8" screw attachment to strut channel with stabilized rotation.                               |   |
| CINED IVAL                       | DS-TR14-WPT | 1/4"-20 Dakota<br>Threaded<br>Receiver<br>(w/o barbs) | 250 lbs     | Allows for 1/4" screw attachment to strut channel.  | Flat surface top<br>for flush to surface<br>mounting. Great for<br>building strut frames,<br>angle bracket mounts,<br>strut joints, bridle<br>rings, j-hooks and<br>much more.* |
| O DAKOTA 1/4-20 UL               | DS-TR38-WPT | 3/8"-16 Dakota<br>Threaded<br>Receiver<br>(w/o barbs) | 300 lbs     | Allows for 3/8" screw attachment to strut channel.  |   |
| CINED IVA  OOOOO  DAKOTA         | DS-MR-PT    | Dakota<br>Mounting<br>Receiver                        | 300 lbs     | Non-threaded for<br>universal mounting.<br>Holes:<br>0.219"(5.5mm)<br>x 0.281"(7.1mm) x<br>0.438"(11.1mm) | Quick installation of wall mounted strut channels.  |
| ONEd JVd  DAKOTA                 | DS-SR-PT    | Dakota Slotted<br>Receiver                            | 300 lbs     | Use as one or grouped together with Dakota Smart-Clamps.  | Alternative to a<br>3-piece strut strap.<br>Essentially a 1-piece<br>strut strap.   |

<sup>\*</sup>Not to be used to support a trapeze system
