

OUTDOOR COLLECTION

Focus outdoor fireplaces

Extend the art of fire to al fresco spaces with Focus models specifically designed for outdoor living.

In addition to the Bubble firebowl, Focus has adapted six of its iconic models for outdoor use: the Gyrofocus, Ergofocus, Paxfocus, Domofocus, Bathyscafocus and Emifocus. These outdoor fireplaces benefit from a weather-resistant treatment that allows them to withstand the elements in any season, without compromising their singular style, free spirit and timeless design.

GYROFOCUS

ERGOFOCUS

DOMOFOCUS

In 2023, the Focus metalworks that produces its fireplaces, Théus Industries, was awarded the French label of a 'Living Heritage' company (Entreprise du Patrimoine Vivant: EPV). This label, conferred by the French government, is a mark of recognition of exceptional craftsmanship and savoir-faire.

Every Focus is dreamed up and designed in the foothills of the Cévennes, and every fireplace is crafted in Provence. For Focus, 'Made in France' is a pledge of excellence. It is also a further demonstration of the company's uncompromising and slightly stubborn spirit, a principle to which it will forever remain committed.
