Forms + Surfaces

Inspired. By Design.

An aerial photograph of a modern urban environment. On the right, a tall building with a glass facade is labeled 'MORGAN HALL'. To its left is a lower building with a prominent glass entrance. A wide, paved plaza with trees and a set of stairs connects the two buildings. A street with a white car is visible on the left. The text 'F+S' is in the top left corner, and 'Education Market Segment' is overlaid on the left side.
