ICON GUIDE

TOILET & LAVATORY

1.0 GPF	Using only 1 gallon per flush, 1G toilets provide the most efficient flush in the industry.
DYNAMAX TORNADO FLUSH®	Uses 100% of water to clean and rinse the bowl using a smaller amount of water more efficiently with a 2.5" trapway and quieter flush. Available in 1.0/.9 GPF or 1.28/.8 GPF.
TORNADO FLUSH®	A state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.
3D TORNADO FLUSH®	Three powerful nozzles create a powerful centrifugal rinsing action and combines it with the conservation of 0.9 or 1.28 GPF.
DUAL-MAX®	A dual flushing system that optimizes conservation by selecting the preferred flush volume.
E-MAX®	High performance, high-efficiency flushing technology using only 1.28 GPF with a 3" wide flush valve, large trapway, and extra-large siphon jet.
G-MAX®	A reliable flushing technology with 3" wide flush valve, large trapway, and extra-large siphon jet.
CEFIONTECT®	CEFIONTECT® ceramic glaze minimizes waste from sticking to porous ceramic surfaces
UNIVERSAL HEIGHT	Toilet height that allows for a more comfortable height position across a wide range of users.
SKIRTED DESIGN	The trapway is concealed by smooth porcelain, making the toilet easier to clean.
LINEARCERAM®	Material used for lavatories that achieves an extremely thin design yet two times as strong as standard fireclay.
LUMINIST®	An epoxy resin material that combines the translucence of glass with exceptional impact and heat resistance.
WATER SAVING	Water efficient toilets designed with 1.28 gallons per flush or less.

WASHLET®

TOTO WASHLET	An electronic bidet seat featuring adjustable warm water cleansing, heated seat, dryer, deodorizer and much more.
AIR-IN WONDER WAVE®	Air rich water droplets to produce a more comfortable washing sensation and deliver more thorough cleansing with less water consumption.
WASHLET®+	WASHLET and toilet set with a concealed connection that is specially designed for a seamless installation.
ACTILIGHT®	Special glaze combined with Clean Light work together to easily wash waste away on the toilet bowl.
EWATER+®	After each flush, EWATER+ mists the wand and toilet bowl, reducing the need for harsh cleaning chemicals.
PREMIST®	Using the incoming water supply, PREMIST sprays the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.
AUTO FLUSH	No need to touch buttons or handles and never worry about someone forgetting to flush — it's automatic after each use.
AUTO OPEN / CLOSE LID	Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

DEODORIZER

Highly effective deodorizing automatically takes places inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

HEATED SEAT

The moment you approach the toilet, the seat begins rapidly warming to a comfortable temperature.

WARM AIR DRYER

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

CODES & STANDARDS

ADA

Product complies with Americans with Disabilities Act guidelines.

WATERSENSE

Product that meets EPA standards for water efficiency and performance criteria.

CEC

Product meets California Energy Commission requirements.

CALGreen

Product meets CalGreen Water Regulations for new construction and permitted remodel.

AWARDS

REDDOT DESIGN AWARD

An internationally renowned design award since 1955. Held at Design Zentrum Nordrhein Westfalen in Essen, Germany. Products that have been strictly examined and recognized by design experts against standards of innovativeness, functionality, quality, and so forth.

IF DESIGN AWARD

An internationally renowned design award since 1953. It is held at iF International Forum design GmbH in Hannover, Germany. Products whose aesthetics, functionality, and innovativeness have been strictly examined and recognized by design experts.

GREEN GOOD DESIGN AWARD

Hosted by the Chicago Athenaeum Museum of Architecture and Design and the European Centre for Architecture Art Design and Urban Studies in Ireland. A global environmental award that began in 2009 with the aim of reforming awareness through sustainable design.

CLEAN SYNERGY

Your toilet reappears clean every time

CLEAN SYNERGY
EWATER+®
For BOWL
Prevents the accumulation of waste on bowl.
EWATER+ reduces waste and dirt you can’t see.

EWATER+®

WASHES THE WAND AND TOILET BOWL WHERE WASTE TENDS TO ACCUMULATE AND PRODUCE STAINS THAT CAN BECOME PERMENANT.

Using no chemicals or cleaning agents, EWATER+ provides peace of mind every day that microscopic waste has no place to hide.

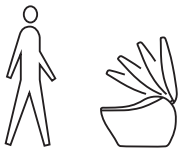
Without EWATER+

With EWATER+

How EWATER+ Cleans

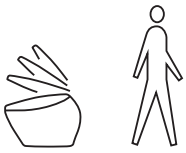
During standby → **Before use** → **During use** → **After use**

EWATER+ is automatically sprayed 8 hours after the last use



PREMIST, a fine mist of water, is sprayed inside the toilet

Since waste is less able to adhere to a wet surface, it is more easily washed away



EWATER+ is applied to cleanse the wand and toilet bowl

CLEAN SYNERGY

EWATER+®
For WAND

Prevents the accumulation of waste on wand.

The wand washes itself inside and out with EWATER+ to maintain hygienic conditions.

EWATER+®

BEFORE AND AFTER EACH USE, THE WAND AUTOMATICALLY WASHES ITSELF WITH EWATER+.

This thorough cleaning occurs inside the wand as well as all around the exterior. Even when the toilet is not being used, the wand periodically washes itself to ensure constant hygienic conditions.

Without EWATER+

With EWATER+

Self-Cleaning Inside the Mechanism

During standby → **Before use** → **During use** → **After use**

Self-cleans with water

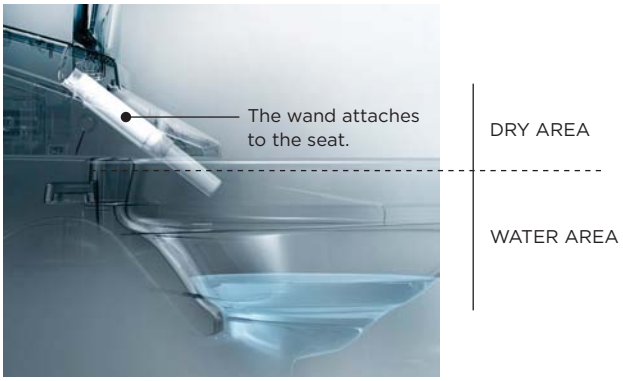
Self-cleans with water

Self-cleanses inside and out with EWATER+

Self-cleanses inside with EWATER+

Always Keeping Conditions Clean

Made of high-quality, waste-resistant resin and automatically sprayed with EWATER+ after each use, the wand is extremely resistant to waste and stains. What's more, the wand attaches to the seat, not the bowl, so waste is less likely to even reach it. Though the wand is self-cleaning, you will appreciate how easily you can reach it and wipe it spotless.



CLEAN SYNERGY

CEFIONTECT®

Forces waste to slide down.

Ultra-smooth ceramic leaves nowhere for waste to cling.

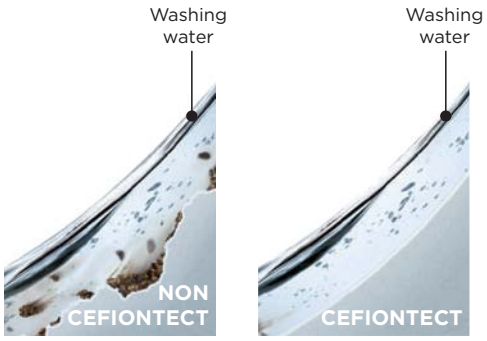
PREMIST®

Prevents waste from clinging.

A film of water keeps waste from clinging.

CEFIONTECT®
IS AN ULTRA-SMOOTH CERAMIC GLAZE THAT COATS THE TOILET BOWL.

Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

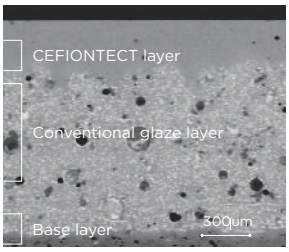


Eliminating the microscopic gaps where waste hides

Conventional ceramic may appear perfectly smooth to the eyes, but has gaps where waste, mold and bacteria hide. At just one millionth of a millimeter, CEFIONTECTS's surface ridges are much tinier than waste particles.

What makes CEFIONTECT so durable?

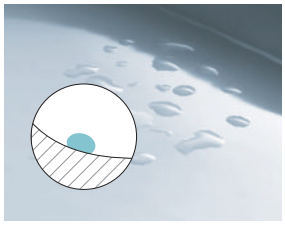
Glass layers are burned onto conventional glaze, making CEFIONTECT an extremely durable material.



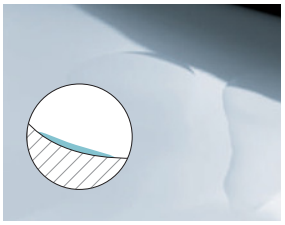
CEFIONTECT toilet micrograph *1Qm=0.001mm

Water has a strong affinity to CEFIONTECT

The term hydrophilic describes matter that is attracted to water. Due to the hydrophilic nature of CEFIONTECT, water spreads easily over the toilet bowl, effortlessly washing waste particles away.



Water hydrophobic

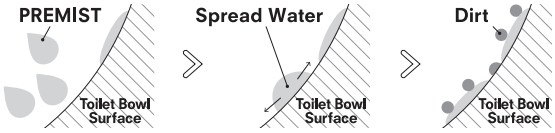


Water hydrophillic

PREMIST®

To ensure waste washes away easily, a film of water keeps waste from clinging to the toilet bowl.

PREMIST automatically sprays water over the surface of the inner toilet bowl before every use. Due to the ceramic's hydrophilic nature, waste washes away more easily.



CLEAN SYNERGY

TORNADO FLUSH®

Swirls and eliminates waste entirely.

360˚ cleaning power reaches every spot using less water.

DYNAMAX TORNADO FLUSH®
USES 100% OF WATER TO CLEAN AND RINSE BOWL.

DYNAMAX combines powerful bowl cleaning and waste evacuation using water that is 100% projected from the rim creating 360° cleaning power. Using only 1.0/0.8 or 1.28/0.8 gallons per flush, coupled with a 25% larger trapway diameter, this high-efficiency system uses 20% less water with improved performance while also creating a quieter flush. With a modern rimless design, it performs more consistently and is easy to clean.

TORNADO FLUSH® NOT ONLY CLEANS MORE EFFECTIVELY, IT DOES SO QUIETLY USING LESS WATER.

Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.

Powerful washing where waste accumulates most easily

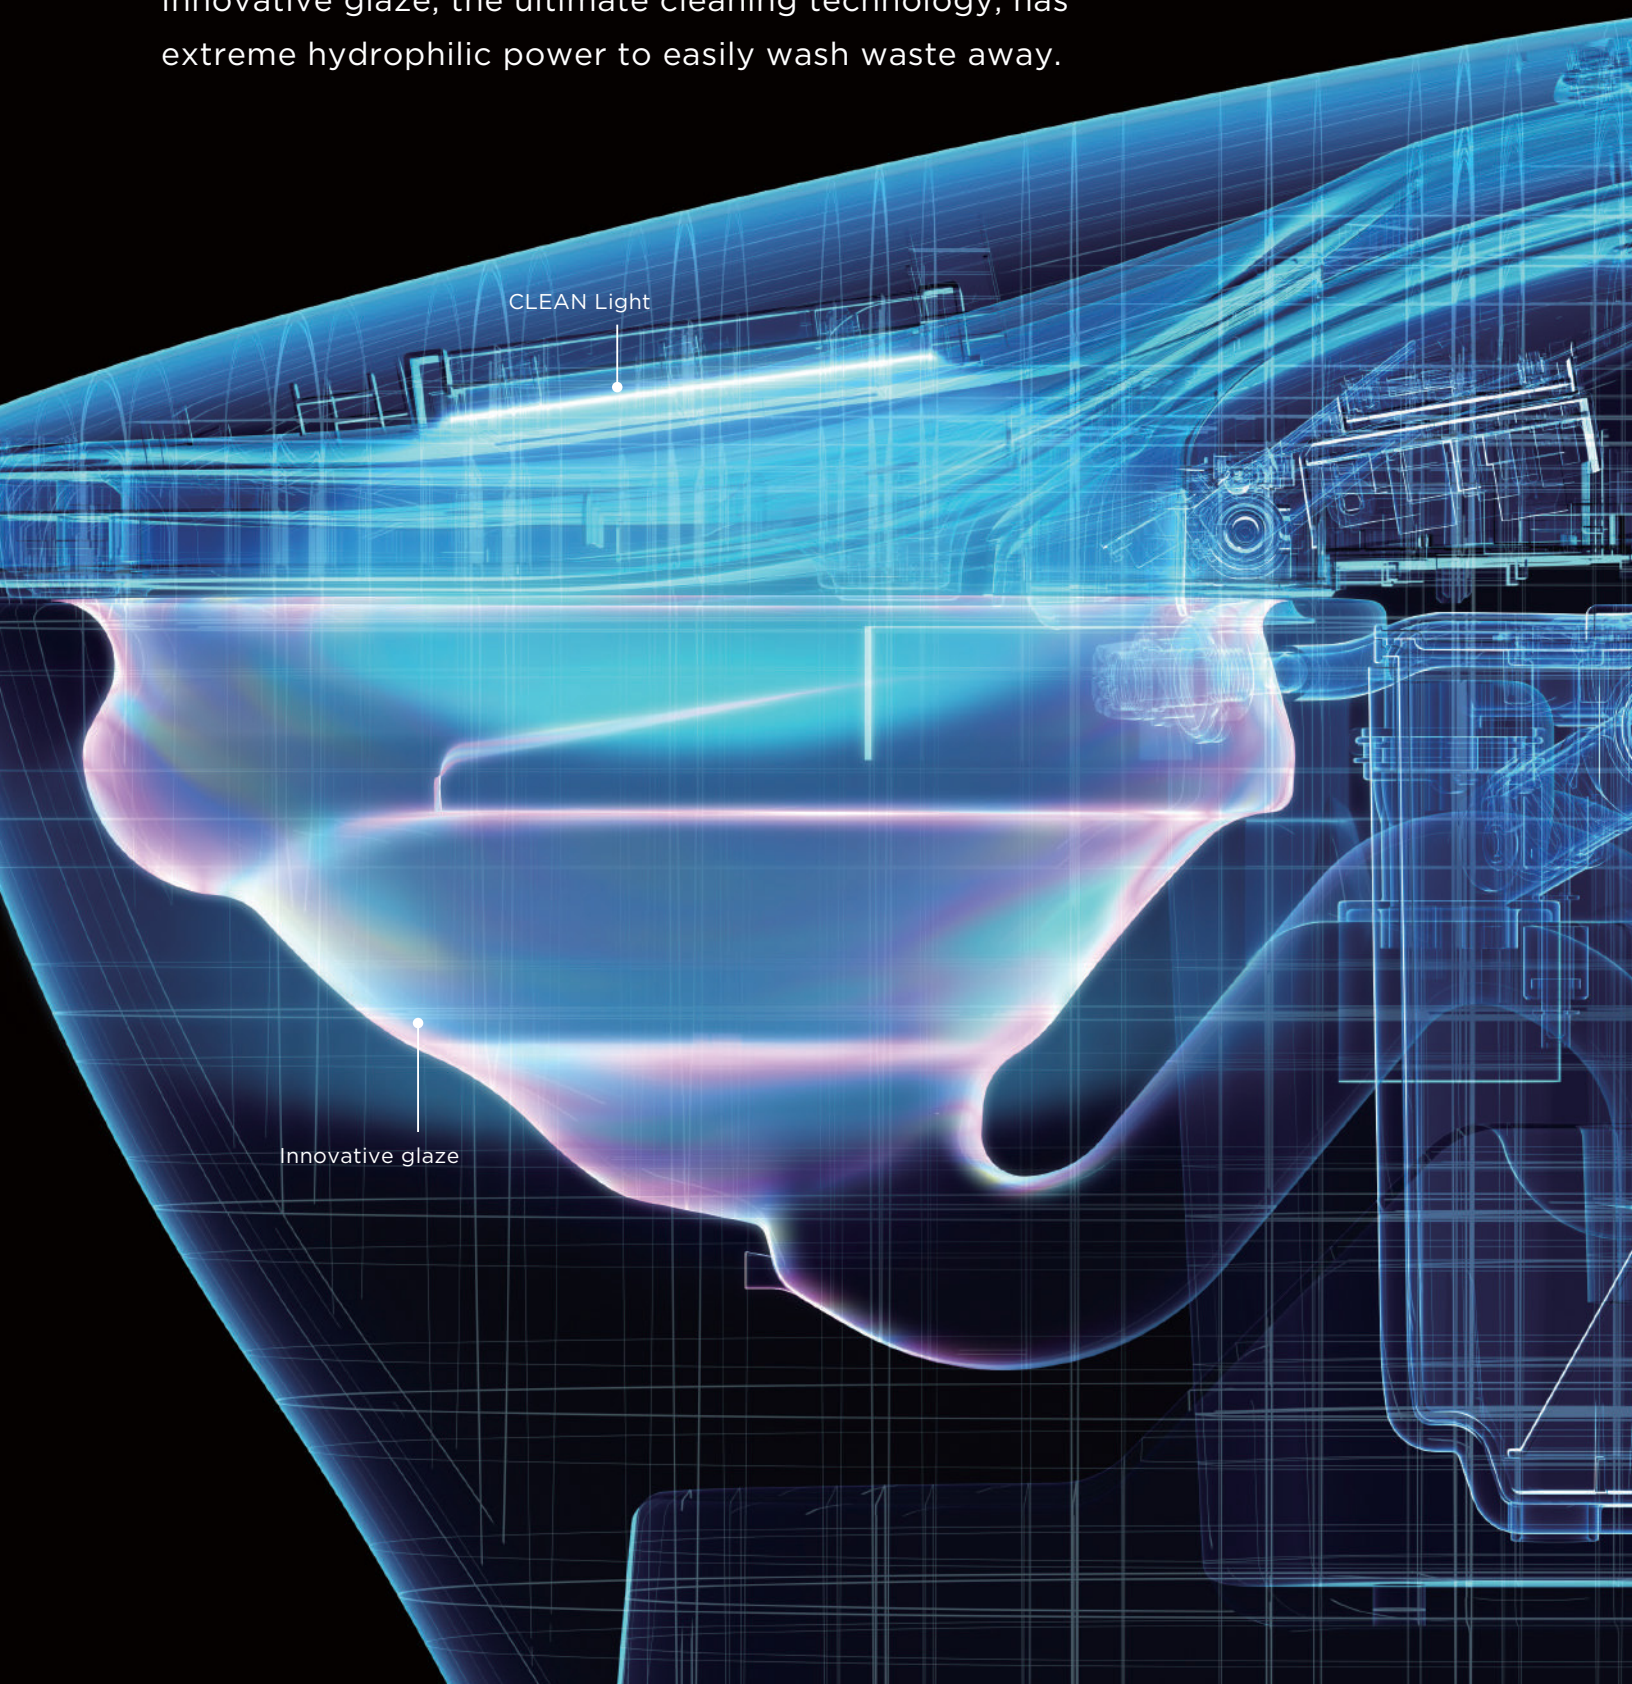
TORNADO FLUSH's dynamic waterjet discharges from near the front of the toilet bowl, travels in a narrow channel along a hairpin curve, and with sustained water pressure thoroughly cleanses the areas where waste accumulates most easily - and then washes the entire bowl clean. Exquisitely high-quality ceramic makes this innovative design possible.

RIMLESS

The RIMLESS design not only leaves no place for waste and germs to hide, it also makes for a much easier to clean toilet.

ACTILIGHT®

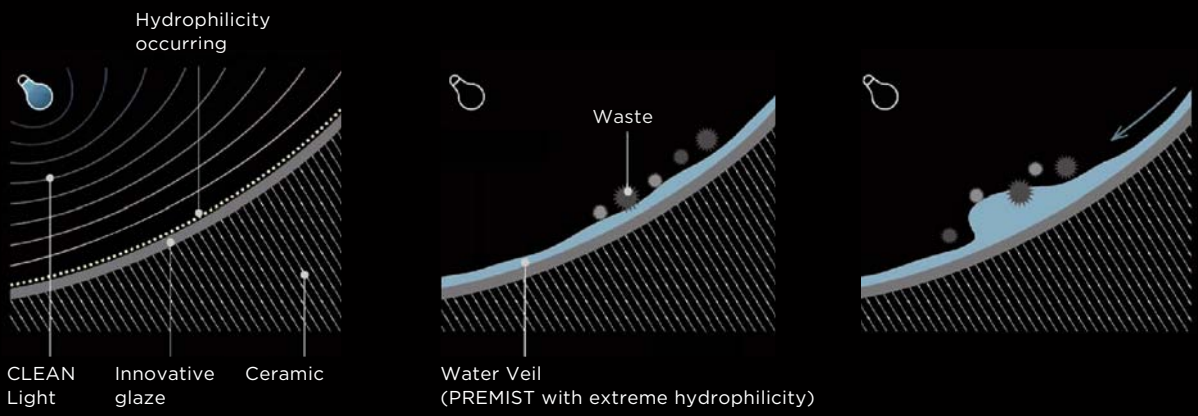
Innovative glaze, the ultimate cleaning technology, has extreme hydrophilic power to easily wash waste away.



CLEAN Light and the extraordinary surfae treatment enable easy removal of even microscopic debris and particles.

State-of-the-art materials

CLEAN Light and the extreme hydrophilic surface of the toilet bowl combine to attract water to the surface and keep the surface clean after use.



Operates 24 hours a day to maintain clean conditions

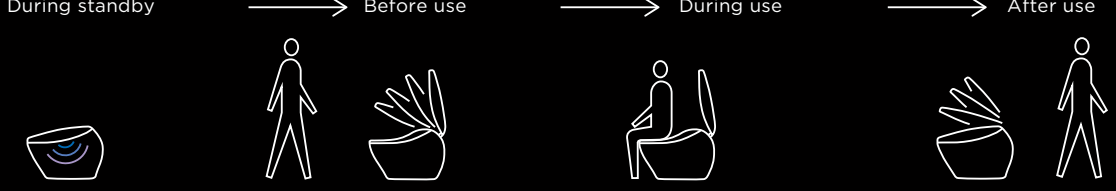
CLEAN Light and the extreme hydrophilic surface of the toilet bowl combine to make it easy to wash waste away and keep the toilet bowl surface clean.

The CLEAN Light is irradiated generating extreme hydrophilicity on the toilet bowl

PREMIST, a fine mist of water, is sprayed inside the toilet

Since waste is less able to adhere to a wet surface, it is more easily washed away

Automatic flushing, then spraying of EWATER+



ACTILIGHT is available on NEOREST NX2, AC, and 750H models.

NEOREST®

Every moment of every day, enjoy the cleanliness and comforts of Life Anew.

Constantly at work, automated technologies keep surfaces hygienic and maintain a place that is inviting and comfortable to use.

Cycle of Cleanliness and Comfort

NEOREST®

FEATURES

SoftClose® LID

The SoftClose lid automatically closes gently to eliminate seat slamming.

HEATED SEAT

The contoured seat has five temperature settings for maximum comfort.

SELF-CLEANING WAND

The self-cleaning function cleans the entire wand with EWATER+ before and after each use.

ACTILIGHT®

Uses a special light-reactive glaze and CLEAN Light technology inside the lid to get rid of both visible and invisible waste. Available on NEOREST models NX2, AC, and 750H.

PREMIST®

PREMIST wets the surface of the toilet bowl, aiding in the removal of waste and resulting in a better clean.

EWATER+®

After each flush, EWATER+ mist on the wand and toilet bowl, reducing the need for harsh cleaning chemicals

DRYER

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

AUTOMATIC DEODORIZER

The deodorizer cleans the air around the toilet using powerful filters. Air is drawn in, passing through an ionized carbon filter to reduce unpleasant odors.

Let's Wash with TOTO WASHLET

For more information on dimensions please refer to product spec sheet.

TOTO WASHLET

CLEANSING FUNCTIONS

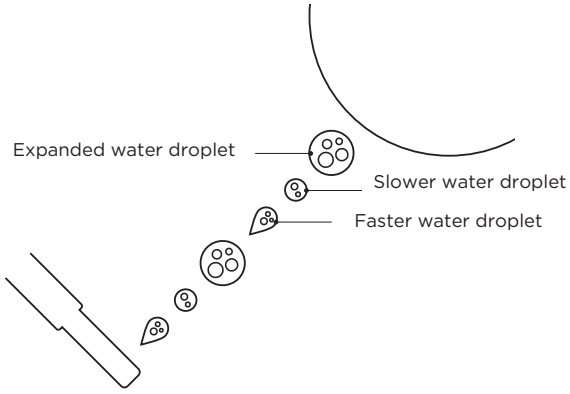
SCAN CODE
PLAY VIDEO

CLEANSING FUNCTIONS

WITH THE TOUCH OF A BUTTON, A WAND EXTENDS FROM UNDER THE SEAT FOR SOOTHING WARM-WATER CLEANSING.

How WASHLET® works

AIR-IN WONDER-WAVE® technology is the precise, pleasant, air rich stream that keeps you clean. As water is fired at different speeds, small droplets collide with larger ones, combining and expanding as the droplets fill with more air. The injection of air enlarges water droplets by approximately 30%.



Select the type of cleansing you desire each time.

S550e & S500e Remote Control

REAR SPRAY

The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

REAR SOFT SPRAY

The rear spray has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

FRONT SPRAY

The front spray consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

WIDE FRONT SPRAY

The wide soft spray has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

For more information on dimensions please refer to product spec sheet.

WASHLET S550E REMOTE CONTROL

HOW THE REMOTE CONTROL WORKS

Easy and Convenient to Use.

AUTO OPEN / CLOSE LID

SCAN CODE
PLAY VIDEO

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

**S550e and S350e only*

EWATER+® FOR WAND

SCAN CODE
PLAY VIDEO

The wand washes itself inside and out with EWATER+ to maintain hygienic conditions.

NIGHT LIGHT

SCAN CODE
PLAY VIDEO

Subdued lighting switches on when the toilet is approached, so users do not have to disturb themselves at night with a bright bathroom light.

EWATER+ FOR BOWL

SCAN CODE
PLAY VIDEO

Prevents the accumulation of waste on bowl. EWATER+ reduces waste and dirt you can't see.

Using the incoming water supply, PREMIST wets the surface of the toilet bowl, aiding in the removal of waste and resulting in a better clean.

**Not available on A100*

The moment you approach the toilet, the seat begins rapidly warming to a comfortable temperature.

Using the incoming water supply, PREMIST wets the surface of the toilet bowl, aiding in the removal of waste and resulting in a better clean.

**Not available on A100*

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

For more information on dimensions please refer to product spec sheet.

TOILET TECHNOLOGIES

Our 1G toilets offer substantial water savings without wavering on our renowned performance. Using our powerful — yet surprisingly quiet — gravity-fed, hole-free rim TORNADO FLUSH® technology, 1G fully evacuates the bowl with an ultra-efficient one gallon of water. Combined with the extraordinarily smooth CEFIONTECT® glaze that prevents particulates from adhering to porous, ceramic surfaces every inch of your bowl stays cleaner, longer.

TOTO® 1G
TOILETS

5,840 GALLONS*
Used in Flushing

$175 Operation Cost

PER YEAR

STANDARD 1.6 GPF
TOILETS

9,344 GALLONS
Used in Flushing

$280 Operation Cost

PER YEAR

**The average American flushes five times a day at home. Assuming an average household of 3.2 people over 365 days @ 3¢ per gallon.*
