# ICON GUIDE

## TOILET

1.0 GPF

1G toilets use the power of gravity to provide the most efficient flush in the industry.

WATER SAVING

Water efficient toilets designed with 1.28 gallons per flush or less.

DYNAMAX TORNADO FLUSH®

DYNAMAX indicates a high performance, high-efficiency, powerful flushing technology that uses only 1.0 or 0.8 GPF & 1.28 or 0.8 GPF. It features 2.5" trapway, quiet flush and better line carry.

TORNADO FLUSH®

TORNADO FLUSH features a state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

CEFIONTECT®

CEFIONTECT glaze prevents visible and invisible waste from sticking to ceramic surfaces, leading to the use of less chemicals and water to clean.

UNIVERSAL HEIGHT

Universal Height indicates toilets that allow for a more comfortable position across a wide range of users.

SKIRTED DESIGN

The trapway is concealed by smooth porcelain, making the toilet easier to clean.

## WASHLET

# washlet® +

WASHLET and toilet system that is specially designed for a seamless installation.

TOTO  
washlet

High-tech electronic bidet seat featuring adjustable warm water cleansing, heated seat, dryer, deodorizer and much more.

AIR-IN WONDER WAVE®

Air rich water droplets to produce a more comfortable washing sensation and deliver more thorough cleansing with less water consumption.

EWATER+®

After each flush, EWATER+® mists the wand and toilet bowl, reducing the need for harsh cleaning chemicals.

PREMIST®

PREMIST wets the surface of the toilet bowl, aiding in the removal of waste and resulting in a better clean.

AUTO FLUSH

No need to touch buttons or handles and never worry about someone forgetting to flush — it's automatic after each use.

AUTO OPEN / CLOSE LID

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

**DEODORIZER**

Highly effective deodorizing automatically takes place inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

**HEATED SEAT**

The moment you approach the toilet, the seat begins rapidly warming to a comfortable temperature.

**WARM AIR DRYER**

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

**CODES & STANDARDS**

**ADA**

Product complies with Americans with Disabilities Act accessibility guidelines.

**WATERSENSE®**

Products that meet the EPA standards for water efficiency and performance criteria. Toilets are 1.28 GPF or less, faucets are 1.5 GPM, and showers are 2.0 GPM.

**CEC**

Meets California Energy Commission Requirements

**CALGreen**

Meets CalGreen Water Regulations for new construction and permitted remodel.

**DESIGN AWARDS**

**GOOD DESIGN**

Hosted by the Chicago Athenaeum Museum of Architecture and Design and the European Centre for Architecture Art Design and Urban Studies in Ireland. A global environmental award that began in 2009 with the aim of reforming awareness through sustainable design.

# washlet® +

**Series of WASHLET-and-toilet sets.  
New standard of comfort and cleanliness for daily life.**

Designed for every home, WASHLET+ is the smart way to introduce the life-changing comfort and cleanliness of TOTO technology to your life. Each toilet-and-seat set is harmoniously designed with no protruding hose or cords. Various sets are available. Choose your WASHLET+ with the features that best match your home and sense of style.

## THE NEW STANDARD OF COMFORT AND CLEANLINESS FOR DAILY LIFE.

Designed for every home, WASHLET®+ is the smart way to introduce the comfort and cleanliness of TOTO technology into your life. Each unit is harmoniously designed with a concealed connection — no visible hoses or cords — making the bathroom a most inviting space. A wide range of sets are available for you to discover.

### HOW IT WORKS

WASHLET+ offers concealed supply connections for seamless installation.

# CLEAN SYNERGY

Technology & Design

**CLEAN SYNERGY**

**EWATER+<sup>®</sup>**  
For BOWL

Prevents the accumulation of waste on bowl.

EWATER+ reduces waste and dirt you can't see.

## EWATER+

WASHES THE WAND AND TOILET BOWL WHERE WASTE TENDS TO ACCUMULATE AND PRODUCE STAINS THAT CAN BECOME PERMANENT.

Using no chemicals or cleaning agents, EWATER+ provides peace of mind every day that microscopic waste has no place to hide.

### How EWATER+ Cleans

**During standby**

EWATER+ is automatically sprayed 8 hours after the last use

**Before use**

PREMIST®, a fine mist of water, is sprayed inside the toilet

**During use**

Since waste is less able to adhere to a wet surface, it is more easily washed away

**After use**

EWATER+, is applied to cleanse the wand and toilet bowl

**CLEAN SYNERGY**

**EWATER+<sup>®</sup>**  
For WAND

Prevents the accumulation of waste on wand.

The wand washes itself inside and out with EWATER+ to maintain hygienic conditions.

## EWATER+

BEFORE AND AFTER EACH USE, THE WAND AUTOMATICALLY WASHES ITSELF WITH EWATER+.

This thorough cleaning occurs inside the wand as well as all around the exterior. Even when the toilet is not being used, the wand periodically cleans itself to ensure constant hygienic conditions.

Without EWATER+

With EWATER+

## Self-Cleaning Inside the Wand

Self-cleans with water

Self-cleans with water

Self-cleans inside and out with EWATER+

Self-cleans inside with EWATER+

## Always Keeping Conditions Clean

Made of high-quality, waste-resistant resin and automatically sprayed with EWATER+ after each use, the wand is extremely resistant to waste and stains. What's more, the wand attaches to the seat, not the bowl, so waste is less likely to even reach it. Though the wand is self-cleaning, you will appreciate how easily you can reach it and wipe it spotless.

**CLEAN SYNERGY**

**CEFIONTECT®**

---

Forces waste to slide down.  
Ultra-smooth ceramic leaves  
nowhere for waste to cling.

**CLEAN SYNERGY**

**PREMIST®**

---

Prevents waste from clinging.  
A film of water keeps waste  
from clinging.

## CEFIONTECT® IS AN ULTRA-SMOOTH CERAMIC GLAZE THAT COATS THE TOILET BOWL.

Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

### Eliminating the microscopic gaps where waste hides

Conventional ceramic may appear perfectly smooth to the eyes, but has gaps where waste, mold and bacteria hide. At just one millionth of a millimeter, CEFIONTECTS's surface ridges are much tinier than waste particles.

### What makes CEFIONTECT so durable?

Glass layers are burned onto conventional glaze, making CEFIONTECT an extremely durable material.

CEFIONTECT toilet micrograph \*1Qm=0.001mm

### Water has a strong affinity to CEFIONTECT

Hydrophilic describes organisms and materials that attract water. CEFIONTECT is hydrophilic. Water spreads easily over the toilet bowl, so waste particles easily wash away.

Water hydrophobic

Water hydrophilic

### To ensure waste washes away easily, a film of water keeps waste from clinging to the toilet bowl.

PREMIST automatically sprays water over the surface of the inner toilet bowl before every use. Due to the ceramic's hydrophilic nature, waste washes away more easily.

**CLEAN SYNERGY**

**TORNADO  
FLUSH®**

---

Swirls and eliminates waste entirely.  
360° cleaning power reaches  
every spot using less water.

## DYNAMAX TORNADO FLUSH® USES 100% OF WATER TO CLEAN AND RINSE BOWL

DYNAMAX combines powerful bowl cleaning and waste evacuation using water that is 100% projected from the rim creating 360° cleaning power. Using only 1.0/0.8 or 1.28/0.8 gallons per flush, coupled with a 25% larger trapway diameter, this high-efficiency system uses 20% less water with improved performance while also creating a quieter flush. With a modern rimless design, it performs more consistently and is easy to clean.

## TORNADO FLUSH® NOT ONLY CLEANS MORE EFFECTIVELY, IT DOES SO QUIETLY USING LESS WATER.

Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.

### Powerful washing where waste accumulates most easily

TORNADO FLUSH's dynamic waterjet discharges from near the front of the toilet bowl, travels in a narrow channel along a hairpin curve, and with sustained water pressure thoroughly cleanses the areas where waste accumulates most easily - and then washes the entire bowl clean. Exquisitely high-quality ceramic makes this innovative design possible.

The RIMLESS design not only leaves no place for waste and germs to hide. It also makes for a much easier to clean toilet.

FRONT SPRAY

WIDE FRONT SPRAY

## CLEANSING FUNCTIONS

▶ SCAN CODE  
PLAY VIDEO

## CLEANSING FUNCTIONS

WITH THE TOUCH OF A BUTTON, A WAND EXTENDS FROM UNDER THE SEAT FOR SOOTHING WARM-WATER CLEANSING.

### How WASHLET® works

**AIR-IN WONDER-WAVE®** technology is the precise, pleasant, air rich stream that keeps you clean. As water is fired at different speeds, small droplets collide with larger ones, combining and expanding as the droplets fill with more air. The injection of air enlarges water droplets around 30%.

### Select the type of cleansing you desire each time.

#### REAR SPRAY

The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

#### REAR SOFT SPRAY

It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

#### FRONT SPRAY

The front wash consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

#### WIDE FRONT SPRAY

It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

## HOW THE REMOTE CONTROL WORKS

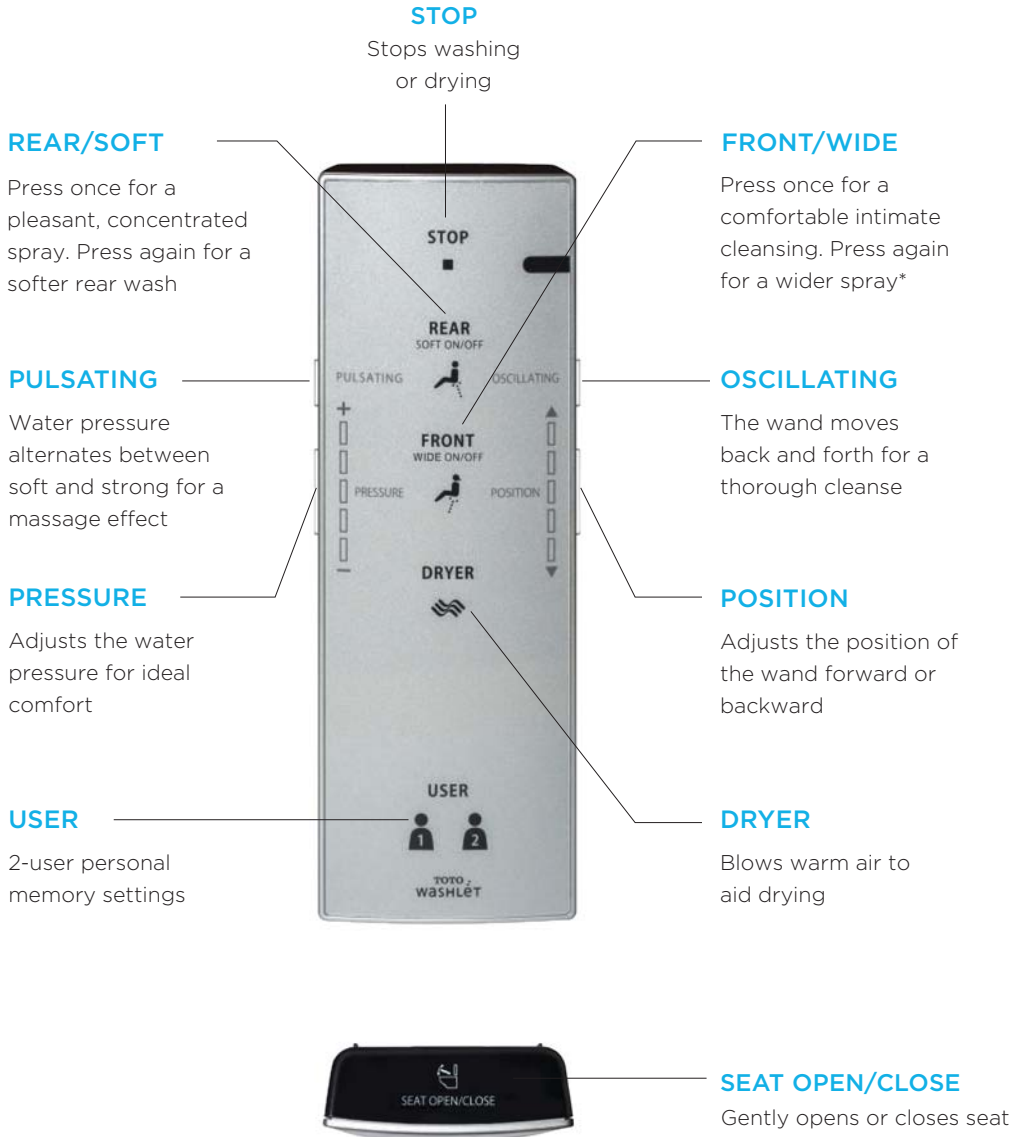

Easy and Convenient to Use.

### WASHLET® S550e & S500e models

Interface of the remote control is subject to change.  
Bracket available for wall-mounting.

## WASHLET® S350e, S300e & C200 models

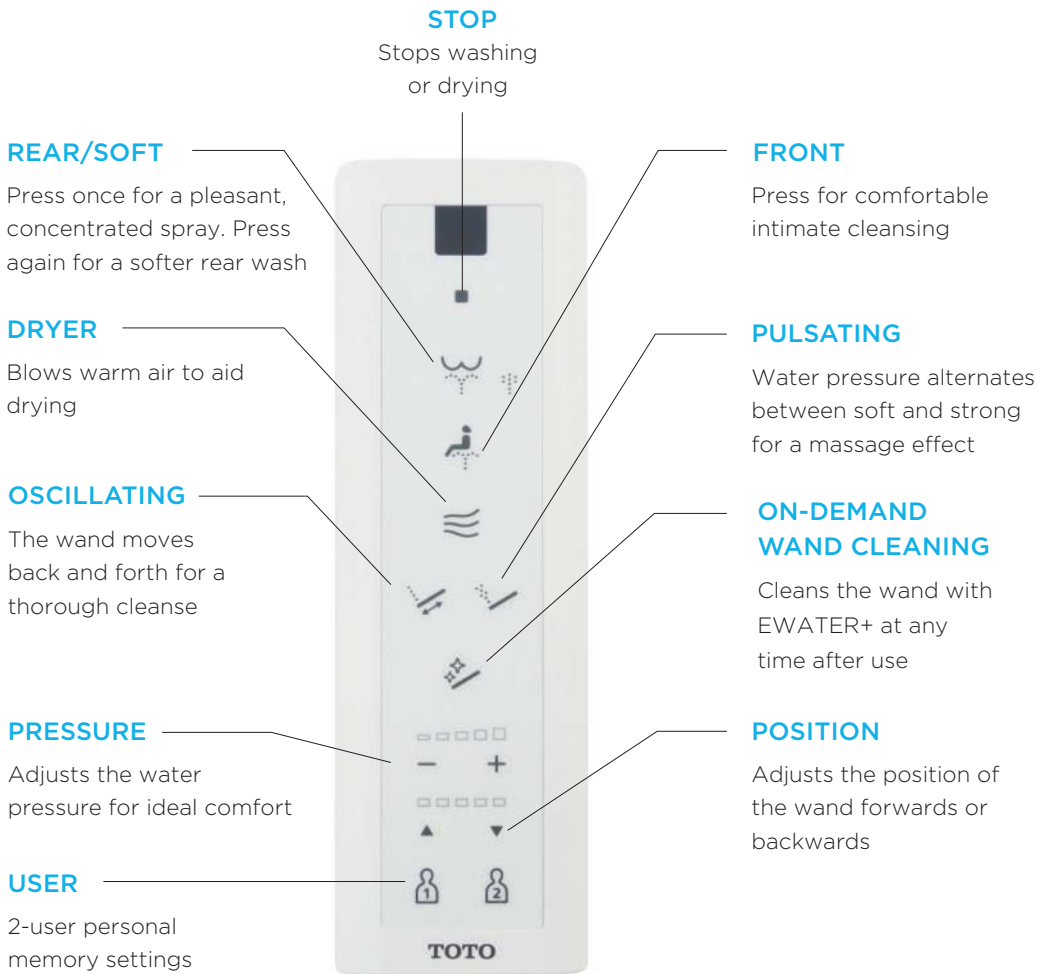

*S350e only*

\*FRONT WIDE ON/OFF function only available on S350e/S300e

## HOW THE REMOTE CONTROL WORKS

Easy and Convenient to Use.

### WASHLET® C5 model

Back side of remote contains temperature controls

# WASHLET C2 model

### STOP

Stops washing or drying

### REAR

Pleasant, concentrated spray

### SOFT REAR

Wider spray with lower pressure

### FRONT

Comfortable intimate cleansing

### DRYER

Blows warm air to aid drying

### PRESSURE

Adjusts the water pressure for ideal comfort

### POSITION

Adjusts the position of the wand forwards or backwards

### PULSATE

Water pressure alternates between soft and strong for a massage effect

# TOTO : WASHLET

TECHNOLOGIES

## AUTOMATED CLEANLINESS AND COMFORT

WASHLET® is complete with functions designed for both comfort and hygiene, turning a mundane trip to the bathroom into a hygienic, spa-like experience.

# AUTO OPEN / CLOSE LID

▶ SCAN CODE
