PAD: HEARTSINE® SAMARITAN® PUBLIC ACCESS AUTOMATED EXTERNAL DEFIBRILLATOR

The patented Samaritan Pad-Pak by HeartSine is the smallest & lightest AED available at 2.4 lbs with the highest durability ratings of any AED available. This unit offers significant savings over other defibrillators that require separate battery and pad units. Best of all, once the device is used, a replacement Pad-Pak is quickly installed and ALL your consumables are refreshed and the system restored at once.

PRODUCT DETAILS:

Includes: Defibrillator, Storage case, Adult Pad-Pak™ electrodes and battery. Everything included has only one expiration date.

Weight: 2.4 lbs.

Size: 8" x 7.25" x 1.9"

Warranty: 8 years

Manufacturer: Stryker

Operation: Audible and Visual with 3 illuminated icon displays.

PAD

LP-CR2: LIFEPAK® CR2 AUTOMATED EXTERNAL DEFIBRILLATOR

The LIFEPAK CR2 is a powerful, easy-to-use AED. Advanced technology including cprINSIGHT, Wi-Fi connectivity and continuous self-monitoring ensure devices and responders are always prepared to deliver swift, lifesaving treatment.

PRODUCT DETAILS:

Includes: AED, Battery, Quik-Start Electrodes, Operating Instructions.

Wifi Model Only: Wireless set up.

Weight: 4.5 lb with Charge Pak and electrodes.

Size: 3.8" x 8.9" x 10.8" excluding handle

Warranty: 8 years

Manufacturer: Stryker

Operation: Lid Release on off button. Child Mode button. All models have voice instructions that guide the responder through the event.

Fully Automatic: After the electrode pads are applied, the fully automatic model evaluates the heart rhythm and, if a shockable rhythm is detected, delivers a shock without any responder assistance.

Semi-Automatic: The semi-automatic model evaluates the heart rhythm but requires the responder to press the shock button if a shockable rhythm is detected.

LP-CR2-WIFI

OLYMPUS 1900 SERIES: DUAL CABINET FOR AED AND EMERGENCY OXYGEN

Provide more lifesaving equipment by including emergency oxygen with your AED.
