CUSTOM COVERS

Our cover finish options are the most diverse in the industry, including custom cover options for corporate branding or environmental messaging. Our exclusive patented digital image technology is used to customize covers with graphics, team colors, corporate logos, green messaging, or any other high-resolution image. Covers can also be painted with any RAL Color powder coat paint color or PVD coating such as Gold, Brass, and Copper.

For covers with custom logos, please provide your artwork in vector format (.svg, .eps or .ai) for the best quality, or in a high-resolution .png format. This ensures that your logo will be printed with precision and clarity, allowing for a stunning finished product. Contact sales@exceldryer.com for more information and pricing.
