DuraSafe 5333 Southern Pine, and DuraSafe 111 Arctic White

FIRST FOR DESIGNERS

DuraCube is the ideal design partner for creating contemporary bathroom joinery systems. We offer innovative solutions that combine sleek aesthetics, durable materials, and exceptional functionality.

Our diverse range of colours, including timber hues, empowers creative teams to deliver highly sophisticated and visually striking spaces.

We collaborate with designers and architects to ensure our joinery complements the overall aesthetic.

DuraSafe 5394 Washed Acacia

DuraSafe 738 Oak, DuraSafe 275 Classic Grey, and DuraSafe 113 Off White

Agility sets us apart. We can design and install bathroom joinery systems within weeks.

DuraSafe 279 Charcoal

DuraSafe 245 Gum Leaf, and DuraSafe 111 Arctic White

DuraSafe 5003 Phillipine Teak

DuraCube is a dedicated team of professionals that specialises in providing cost-effective and fit-for-purpose solutions for commercial bathrooms.

We are a wholly owned and operated Australian business that has been providing the construction industry with wet area products and services since 1987.

We collaborate with architects, designers, and builders to design and deliver exceptional bathroom joinery.

From initial design to installation and project close-out, we provide superior customer service and respond quickly to clients' evolving needs. Our tight-knit team handles every detail with care and precision, and a single point of contact ensures a seamless experience.

We manufacture our joinery using DuraSafe Compact Laminate, a 13mm antiviral, antibacterial, and antifungal compact laminate. Machined in our Western Sydney factory, our products are shipped weekly to warehouses across Australia.

PRODUCT RANGE INCLUSIONS

- Toilet and shower partitioning systems
- Privacy panels
- Locker systems
- Bench seating
- Vanity benches
- Hardware, accessories and locks
- DuraSafe compact laminate cut to size

OUR CUSTOMER PROMISE

We are committed to providing superior customer service by:

- Using our industry experience and expertise
- Identifying issues and proactively providing solutions
- Communicating through one point of contact
- Supplying quality products
- Delivering our products on time every time

DuraSafe Arctic White

The DuraCube pedestal mount overhead braced wet area partitioning system is strong, economical, and designed to minimise material waste.

The system is quick and easy to assemble, reducing installation time.

Pedestal floor mounting allows for easy cleaning with a mop and hose.

REGULATORY COMPLIANCE

- NCC 2022 Part F — Deem to Satisfy Provisions
- F4D82c — Door removable from outside if less than 1.2m between pan and doorway

APPLICATIONS

- Schools and universities
- End-of-trip facilities
- Shopping centres
- Sport and gym change rooms
- Defence ablution blocks
- Corporate amenities
- Recreational amenities
- Pubs and clubs

FEATURES & BENEFITS

- The most cost-effective partitioning system
- DuraSafe 13mm compact laminate construction
- No edge strip required as compact laminate black core is visible on the edges
- Efficient use of materials
- Impact-resistant construction
- Vandal-resistant surface
- Waterproof, suitable for hose cleaning
- Easy to clean and sanitise
- Reduced maintenance time and cost
- Quick and easy installation
- Overall system height 2020mm AFFL

“The pedestal mount overhead braced partitioning system is strong, quick and easy to install, and easy to clean.”

Mark Simpson
Founder, DuraCube

Our full height privacy ultra is a wet area partitioning system is designed for high use areas where privacy is of the highest concern, such as schools, swimming pools and sporting facilities.

Floor-to-ceiling doors, panels and nibs create a streamlined design with minimal gaps providing a low maintenance and ultra private solution.

REGULATORY COMPLIANCE

- NCC 2022 Part F — Deem to Satisfy Provisions
- F4D81a — Unisex facility requirement for full height doors and partitions.
- F4D82c — Door removable from outside if less than 1.2m between pan and doorway.
- To comply with NCC J6D5, 25 l/s of forced exhaust air ventilation per cubicle is required. Pressure drop through the cubicle is less than 12pa at 25 l/s.
- Can achieve natural ventilation requirements of NCC 10.6.2 (A) to an adjoining room.

APPLICATIONS

- Schools and universities
- End-of-trip facilities

- Shopping centres
- Sport and gym change rooms
- Defence ablution blocks
- Corporate amenities
- Recreational amenities

FEATURES & BENEFITS

- Modern, minimalist design with clean lines
- Nibs and divisional panels are mounted to the floor and fixed to the ceiling to maximise privacy
- DuraCube privacy edge is a standard inclusion
- No sight gaps around panels, nibs and doors
- DuraSafe 13mm compact laminate construction
- No edge strip required as compact laminate black core is visible on the edges
- Impact-resistant construction
- Vandal-resistant surface
- Waterproof, suitable for hose cleaning
- Easy to clean and sanitise
- Reduced maintenance time and cost
- Overall system height 2100 to 3000mm AFFL

By integrating the wash basin within the private cubicle, we eliminate the design gaps found in communal washing areas, such as lack of privacy and bullying “hot spots”.

This “all-in-one” approach is functionally superior and easier to maintain. It meets the growing demand for trauma-informed and gender-inclusive design in Australian schools and universities.

Add a cleaners closet where ongoing efficiency and maintenance are a primary interest.

REGULATORY COMPLIANCE

- NCC 2022 Part F — Deem to Satisfy Provisions
- F4D81a — Unisex facility requirement for full height doors and partitions.
- F4D82c — Door removable from outside if less than 1.2m between pan and doorway.
- To comply with NCC J6D5, 25 l/s of forced exhaust air ventilation per cubicle is required. Pressure drop through the cubicle is less than 12pa at 25 l/s.

APPLICATIONS

- Schools and universities
- End-of-trip facilities

- Shopping centres
- Sport and gym change rooms
- Defence ablution blocks
- Corporate amenities
- Recreational amenities

FEATURES & BENEFITS

- Vanity Basin cabinet to conceal waste and electronic tapware controls (if applicable) to prevent vandalism
- Access panel, vanity cabinet, mirror cabinet and cleaners cabinet all locked and keyed alike
- Optional mirror cabinet concealing stainless steel paper towel dispenser and electronic touch-free soap dispenser with 2L storage
- Optional high speed energy efficient hand dryer in place of paper towel dispenser
- Vertical services duct with permanent access for services through locked hatch
- Prefabricated with cutouts for plumbing and electrical services
- Space saving without the need to cavity walls between cubicles for services
- Nibs and divisional panels are mounted to the floor and fixed to the ceiling to maximise privacy

- DuraCube privacy edge is a standard inclusion
- No sight gaps around panels, nibs and doors
- DuraSafe 13mm compact laminate construction
- No edge strip required as compact laminate black core is visible on the edges

- Impact-resistant construction
- Vandal-resistant surface
- Waterproof, suitable for hose cleaning
- Overall system height 2100 to 3000mm AFFL

“By integrating the basin directly into the partitioning system, we’ve eliminated any compromise between privacy and convenience. It’s a seamless, all-in-one solution designed for the modern user experience.”

Nick Serafin
Marketing Manager, DuraCube

DuraSafe 279 Charcoal

DuraCube privacy panels are a versatile wet area screening solution providing privacy in open plan bathrooms and change rooms.

Privacy panels are usually installed between urinals or as a substitute for an airlock.

Childcare privacy panels separate toilets at early learning centres and preschools.

Our range includes wall mount, pedestal mount, childcare, full height and post fixed.

APPLICATIONS

- Schools and universities
- End-of-trip facilities
- Shopping centres
- Sport and gym change rooms
- Defence ablution blocks
- Corporate amenities
- Recreational amenities

FEATURES & BENEFITS

- Privacy panels are easy to install
- Unobtrusive design
- Compact laminate colours will coordinate with partitioning system colour scheme
- Compact laminate is vandal and Impact-resistant construction material
- Waterproof, suitable for hose cleaning
- Easy to clean and sanitise, reducing maintenance time and cost
- Oyster Grey powder coat aluminium extrusions with stainless steel fixings

“The DuraCube privacy panels range is quick and easy to install, quick and easy to clean, and allows consistency right throughout a project’s bathroom joinery systems.”

Edison Bryden
Sales Executive, DuraCube

DuraSafe 5333 Southern Pine, and DuraSafe 111 Arctic White

DuraCube lockers are constructed from DuraSafe 13mm compact laminate, making them suitable for wet and dry locations.

Compact laminate is vandal, impact, and water-resistant with a low maintenance surface.

Coordinate your locker colours with partitioning systems, bench seating and vanities.

APPLICATIONS

- Schools and universities
- End-of-trip facilities
- Sport and gym change rooms
- Defence ablution blocks

“The DuraCube locker range has expanded to accommodate evolving trends, making it fast and easy to design and construct with bathroom joinery systems.”

Damian Torrie
Sales Executive, DuraCube

FEATURES & BENEFITS

- DuraSafe 13mm compact laminate construction requires no edge strip due to black core edge
- Locker carcass constructed from either:
 - water-resistant white 16mm HMR board or
 - 100% waterproof white 16mm PVC board
- Black PVC edge tape on carcass to match black core on compact laminate panels and doors
- Four door colours can be used to create a pattern
- Shelving and vent options are available
- Coat rail is a standard inclusion
- One to four doors are optional per locker tower

DuraSafe 5003 Philippine Teak

DuraCube bench seating is constructed from DuraSafe 13mm compact laminate making it robust and durable for heavy-duty applications.

The benches are designed to coordinate with lockers and partitioning systems.

A practical, low maintenance and modern design, the bench seating is ideal for various wet areas.

APPLICATIONS

- Schools and universities
- End-of-trip facilities
- Sport and gym change rooms
- Recreational amenities
- Aquatic centres
- Factory change rooms
- Corporate amenities
- Childcare centres

FEATURES & BENEFITS

- DuraSafe 13mm compact laminate construction
- Vandal and impact-resistant surface

- Suitable for wet areas that are hose cleaned
- Low maintenance, easy to clean and sanitise
- Sturdy Oyster Grey powdercoat frames and legs
- Available in island or wall fixed configurations or combined with lockers.
- Coat hooks with rail or shelving is a standard inclusion and installed above bench seating
- A range of compact laminate colours are available
- Most cost-effective when designed in 1200mm and 1800mm lengths

“Durable bench seating is a foundational element of a functional change room. Our range offers a clean, architectural finish that integrates seamlessly with our partitioning systems, ensuring a consistent look and feel across the entire facility.”

Clint Moss
Project Manager, DuraCube

DuraSafe 5003 Phillipine Teak, and DuraSafe 297 Deep Water

DuraSafe 279 Charcoal and DuraSafe 5427 Refresh Oak

DuraCube vanity benches are made to measure and precut ready for quick on-site installation.

A large range of compact laminate colours are available to complement the partitioning system.

DuraCube compact laminate is antiviral, antifungal and antibacterial. It's the ideal surface for vanity benches in any commercial wet area.

APPLICATIONS

- Schools and universities
- End-of-trip facilities
- Shopping centres
- Sport and gym change rooms
- Defence ablution blocks
- Corporate amenities
- Recreational amenities
- Entertainment centres
- Childcare centres

FEATURES & BENEFITS

- DuraSafe 13mm compact laminate construction

- Basin can be inset or semi-recessed
- Prefabricated vanity with basin cut-out reduces installation time on-site
- Waterproof compact laminate ensures no swelling when in contact with water
- Compact laminate bench will coordinate with partitioning system
- Cost-effective alternative to engineered stone and natural stone benchtop
- A large range of compact laminate colours are available in stock
- Available as a vanity bench or vanity cabinet

“DuraCube vanities prioritise hygiene and longevity. With seamless joins and moisture-resistant finishes, these systems offer a low-maintenance, high-impact solution that remains pristine even in the most demanding environments.”

DURASAFE COMPACT

LAMINATE

Overview	92
DuraSafe Standard Colour Range	93
DuraCube Specifier Exclusives Colour Range	94-95
DuraCube First Nations Range	96-97
Cut to Size Service	98

DuraSafe 5003 Phillipine Teak, DuraSafe 5730 Brushed Graphite, and DuraSafe 113 Off White

DuraSafe Compact Laminate has antiviral, antifungal and antibacterial surface properties ensuring resistance to harmful germs.

DuraSafe has been tested and certified in an Australian laboratory using an internationally recognised ASTM E1053 test method.

This compact laminate is suitable for outdoor, indoor and heavy duty applications.

DuraSafe is competitively priced compared to other compact laminates on the market.

It is graffiti-resistant and has been tested to ASTM D6578/D 6578M-13 (2018).

DuraSafe Compact Laminate
DuraSafe 13mm compact laminate is antiviral, antifungal and antibacterial, eliminating 99% of common germs. Durable, waterproof, easy to clean, impact and scratch resistant.

FEATURES & BENEFITS

- Resistant to harmful germs
- Resistant to abrasion
- Resistant to cigarette burns
- Resistant to water penetration
- Resistant to humidity and high temperatures
- Resistant to harsh cleaning solutions
- Hygienic surface material
- Easy to clean and maintain
- Manufactured adhering to strict safety standards
- All standard colours are stocked in our warehouses and ready for use in your project
- Non-standard colours are not kept in stock and have an additional lead time

Please Note: The colours in this brochure have been recreated as accurately as possible to match the DuraSafe Compact Laminate colours. The colour chart should be used as a guide only. Physical samples of compact laminate colours are available upon request.

DuraSafe Standard Colour Range

“DuraCube’s commitment to sustainability meets today’s needs without compromising future generations.”

Athol Simpson
Operations Manager, DuraCube

DuraCube Specifier Exclusives Colour Range

Why Choose DuraCube's Exclusive Range?

At DuraCube, we offer a carefully selected range of exclusive products designed for architects and specifiers.

These premium offerings are restricted to orders where they are listed on project documentation (i.e., FF&E) and are made to order for your projects - giving you a unique advantage in creating exceptional and customised spaces.

 **These made to order colours incur a 10-14 week lead time, and MOQs apply. Ask our friendly team for advice.**

EXCLUSIVE BENEFITS FOR SPECIFIERS

01. Access to Premium Materials & Finishes

Access a curated selection of colours, new innovative systems, and premium hardware.

02. Personalised Design Consultation

These tailored sessions enable you to seamlessly integrate our exclusive products into your designs

03. Ongoing Updates & Insightful Feedback

Stay ahead of the curve with regular updates about new product releases and innovative designs.

DuraCube Shifting Landscape - Seasonal Winds

Introducing the DuraCube First Nations Range, designed in collaboration with Blaklash.

BLAKLASH

At the heart of this range is the Living Histories philosophy. This is not just a collection of patterns; it is an architectural realisation of the role water plays in our shared story—a living thing that connects people, country, culture, and wellbeing.

For the first time, architects can specify bathroom systems that contribute to a building’s cultural narrative. By honouring the connection between water and Country, these spaces provide a sense of belonging and respect for all users.

Every specification contributes to social procurement goals via our partnership with the Clontarf Foundation.

Cultural & Copyright Notice

These designs are protected under Indigenous Cultural and Intellectual Property (ICIP) protocols. They must not be reproduced, modified, or used without permission.

DuraCube First Nations Range

Shifting Landscape: Erosion

Erosion reveals the passage of time through the ever-changing contours of the land, marking the deep connection between earth and water. These shifting landscapes are shaped to hold memory. Each groove and ridge holds evidence of change.

Shifting Landscape: Regrowth

The cycle of growth reflects a long history of how land is shaped and reshaped through its ecologies. Over time, these places have undergone repeated cycles of regeneration. Through these patterns of renewal, the land holds the layered histories of place and people

Shifting Landscape: Seasonal Winds

The patterns of the wind hold memory in the way they shape the land. Over time, wind carves, shifts, and smooths the surface, leaving behind subtle traces of movement and change. These natural patterns reflect the passage of time and carry the memory of shifting seasons.

Tracks and Navigation, and Cultural Practices collections coming soon!

DuraSafe 467 Jade Mist, DuraSafe 275 Classic Grey, and DuraSafe 291 Royal Blue

DuraSafe Cut to Size Service is the ideal solution for custom designed furniture and joinery including tables, desks, benchtops, doors and wall panels.

Compact Laminate is extremely durable, waterproof and easy to clean.

The surface is antiviral, antifungal and antibacterial, eliminating 99% of common microorganisms.

DuraCube has four CNC machines dedicated to cutting compact laminate. We can cut compact laminate to any shape and size within the 3600mm x 1800mm sheet size.

Standard edge profiles are 1.5mm aris top and bottom. Sharknose and square edge profiles are also available.

DuraCube can help save assembly time by pre-drilling holes, routing cut-outs and creating v-grooves at a minimal cost.

“Let your imagination run free with this totally custom offer.”

Alicia Woodbury
Sales Support, DuraCube

APPLICATIONS

- Cafés, restaurants, bars, alfresco dining
- Childcare centres
- Schools and universities
- Shopping centres
- Corporate breakout areas and lunch rooms
- Health facilities

FEATURES & BENEFITS

- DuraSafe 13mm compact laminate construction
- Customised designs to suit your space and style
- Cost-effective dining solution for indoor and outdoor applications
- Black core is polished to enhance the edges and eliminates the need for edge-tapes that peel
- Impact, vandal and graffiti-resistant material
- Waterproof material that does not swell when wet
- Easy to clean and maintain
- Antiviral, antifungal and antibacterial surface prevents germ growth
- Large range of colours are available
