BRINGING THE ESSENCE OF NATURE INTO YOUR HOME

# A beautiful wooden floor. Easy to love. Harder to damage.

Kährs Life are wooden floors which combine the best of two worlds. With over 160 years of expertise in wood craftsmanship, Kährs blends the enduring beauty of natural wood with the practical advantages of a durability closer to Luxury Tiles.

Kährs commitment to quality and innovation shines through in every board of Kährs Life, designed to meet the growing demand for sustainable, durable flooring solutions without compromising on aesthetics. Available in a wide array of colours and different formats, Kährs Life floors are easy to love but harder to damage.

# For everyday life

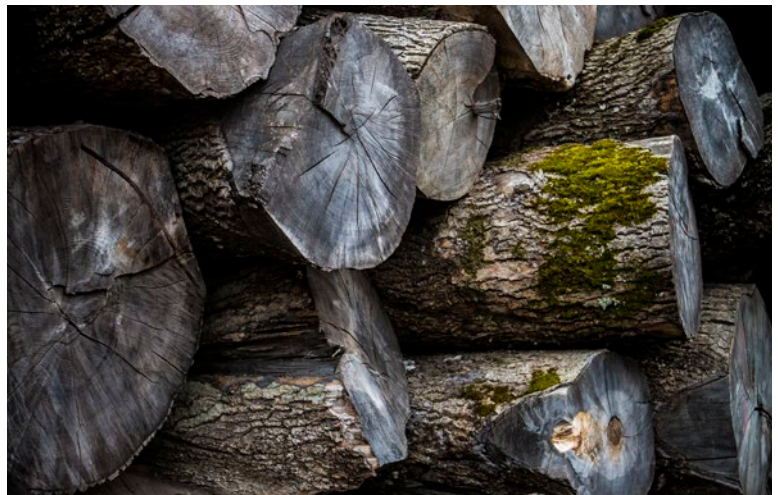

## *Real Life*

Kährs Life is real wood flooring designed for modern living – beautifully natural, yet surprisingly resilient. It keeps the authentic warmth and texture of wood, while standing strong against everyday life. With a wide choice of colors, patterns, and styles, it's flooring made to fit your world – easy to love, hard to wear out.

## *Real Wood*

Life is crafted from the finest oak, bringing timeless beauty into your home. Choose from naturally elegant tones or stained oak alternatives, each with its own unique character. With options in brushed or smooth finishes, and either oiled or lacquered surfaces, you decide how much texture and depth you want to feel underfoot – all while highlighting the true essence of real wood.

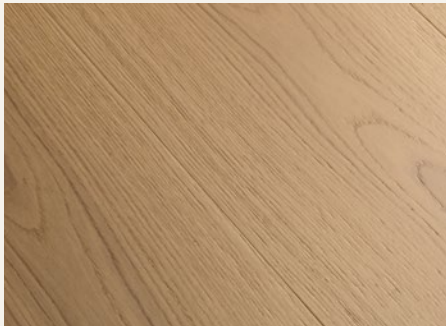

## *Real Comfort*

Life is designed to stay stable, no matter how your home's climate shifts with humidity or temperature. It works beautifully with underfloor heating, by expansive windows, and even near a cozy fireplace. A true wood floor that invites comfort and warmth – what we like to call barefoot-friendly living.

# The Design of Kährs Life Authentic

Inspired by global spices and herbs, the collection ranges from soft, light oak tones to rich, spiced hues. Choose from a variety of colors, formats, and patterns to match your personal style and create a warm, inviting space for everyday life. Each board's natural grain and brushed surface highlight the true character of real wood – bringing the calming essence of nature directly into your home. With shades spanning from subtle ginger to deep cumin, Life Authentic lets you combine sustainability with self-expression.

## 2 design versions

All products within the Kährs Life Authentic range have a soft, brushed surface emphasizing the natural wood grain texture both visually and to the touch.

## Life Authentic Plank

### **Calm or Dynamic**

Life Authentic Plank brings the soul of real wood into your home – naturally warm, beautifully textured, and full of character. Each plank is brushed and finished with an ultra-matt surface that lets the wood's true nature shine through. Whether you're drawn to clean, calming tones or a more dynamic and rustic charm with rich, earthy depth, there's a floor to reflect your personal style. From the pale elegance of freshly sawn oak to deeper, moodier hues, choose the tone and texture that feels just right for your space.

## Kährs Life – Features & Benefits

With top of the class surface treatments in either lacquer or oil, Kährs Life is at a modern standard regarding resilience to everyday wear and tear. The surface is easy to clean and maintain, which is why Kährs Life is a non-sandable floor.

### High-Quality HDF Core

Life features the next generation of premium HDF core. This ensures excellent stability, durability against dents and impacts, and resilience to changes in humidity and temperature.

### Easy Installation with 5g or Unifit X Joint

The 5G and Unifit X joint-systems allow for quick and simple installation.

### Improved Hydro-Resistance

The surface treatment delays water penetration through the wood's pores and grains, giving you more time to wipe up spills and protect your floor.

### Impact Sound Reduction

Pair Kährs Life with Kährs Tuplex Underlay for up to 20 dB impact sound reduction, creating a quieter and more comfortable home environment.

### Underfloor Heating Compatible

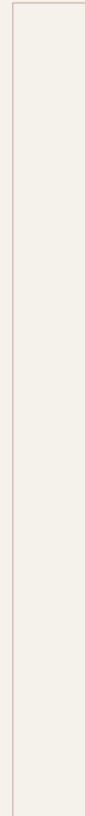

Life can be safely installed over underfloor heating, ensuring warmth and comfort without compromising stability.

### Perfect for Renovation

Designed with renovation in mind, Life typically fits with existing doors and thresholds. It can be installed as a floating floor or glued down, and even laid on top of an existing floor (when installation requirements are met).

### 15-Year Warranty

Enjoy peace of mind with a 15-year wear warranty, ensuring long-lasting beauty and durability. [Learn more at kahrs.com](https://www.kahrs.com)
