

Choose **JI Nature** to bring your project to the next level !

It's time to dream

- **Modern elegance meets functionality:** Inspired by openwork façades and claustra, our new JI Nature range features a two-tone design in black and wood colors, offering a stunningly realistic appearance that will redefine tomorrow's architectural aesthetics.
- **Customizable designs:** Choose the unique square or triangular wave patterns you desire with our JI Sonora and JI Étésien profiles, available in lengths up to 6m for a truly tailored finish.

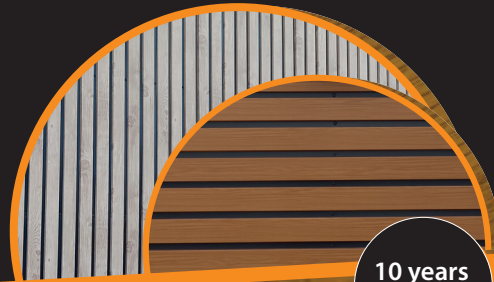

Choose the color that reflects your idea

- **Versatile color selection:** Choose from two elegant wood tones, Wood Heritage and light Oak, to perfectly match your architectural vision.

Enjoy simplicity and end-up with low maintenance

- **Effortless installation:** Enjoy the simplicity of traditional installation techniques, allowing for both vertical and horizontal placement to suit any project requirement.
- **Low maintenance:** Designed for ease, our profiles require minimal upkeep contrary to traditional wood, freeing you to enjoy the enduring beauty without the hassle.

10 years warranty

JI NatureBlack

As a Maestro, build your composition with our two-tone finishing.

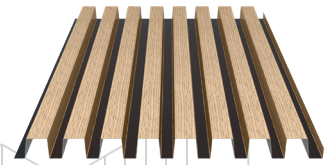

JI Étésien 26

JI Sonora 25-72 Chevron

JI Sonora 40-40 Tasseau

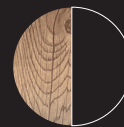

Bet on quality

- **Built to last:** Crafted with pre-lacquered steel of the highest quality, available in different finishing, our profiles are designed for longevity.
- **Robust construction:** With a steel thickness of 0.75mm, these profiles are engineered to endure, ensuring your investment lasts.

Support local and preserve the future

- **Proudly Made in local factories:** Supporting local craftsmanship and manufacturing, each profile is produced near by you.
- **Think to recyclability:** Opt for a solution that won't compromise the future, with our infinitely recyclable steel.

Jl NATURE - LIGHT OAK

Jl NATURE - CHARCOAL

Why to choose Jl Nature instead of traditional Wood?

AESTHETICS

Combine our metal traditional profiles, panels, or façade ranges with the warmth of wood.

DURABLE

Steel offers superior durability to wood, resisting weather, moisture, and insects.

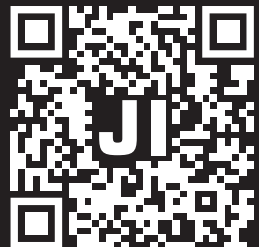

VARIETY OF FINISHES

Jl Nature is available in a range of 4 finishes that faithfully imitate the appearance of natural wood, without the inconvenience of maintaining 'real' wood.

10 years warranty

Jl Nature for standard profiles | panels | façade range
