EXCELLENT U.V. RESISTANCE

Excellent color resistance against U.V. rays and bad weather conditions outside.

ANTI FUNGUS - ALGAE PROTECTION

Very important key features for thermal insulation systems and any external wall surfaces where there is a low sun exposure, and an high risk of Algae and Fungus.

PERFECTO
EXTERIOR LINE

HIGH PERMEABILITY TO WATER VAPOR

High permeability to water vapor, high breathability ensures the natural migration of steam towards the external surface, allowing excellent dehumidification, enhancing the thermal insulation of the support.

EXCELLENT ADHESION

Excellent adhesion
to any type of surface.
