### Varina side table

The VARINA table represents the women called "VARINAS" from the lands of Var, now known as Ovar - a city in Portugal. They left by train to Porto and Lisbon with a basket on a wheel on their heads, to sell fish. With cork as the base material, this side table has a wheel that supports the table top and represents the artifact that facilitates the transport of the basket on the head. The wheel is a circular pillow made with hand-interlaced felt waste. The VARINA side table comes in two sizes and its felt wheel is available in different chromatic options.

## Products

**Celeste table**

Inspired by a peasant, CELESTE table is composed of a wicker basket that rests on a marble cylinder finished off with a half-sphere. The coffee table represents a strong character that carries the basket on her back with the effort of her work. Thus, in an apparent balance challenge, the two simple geometric shapes are joined into a distinctive design that pays tribute to the farmworkers. The option of the table with the cork element symbolizes the grapes transported in the basket, representing the wine region such as Alto Douro, in Portugal.

page 46

*Products*

## Flora small tables

FLORA is a set of coffee tables that refers to the plants that we offer to the ones we love. Each plant contains a unique signature in nature, so when we offer a plant we are communicating a special feeling to someone. FLORA tables explore this act of give-and-take, so there is a similarity between taking care of the plants and taking care of the objects. These tables combine natural materials such as dark cork that represents the soil and wood that symbolizes stalks and leaves.

Products

## Magma coffee table

With a unique beauty, the MAGMA coffee table refers to the mineral substances found under the Earth's crust. Composed of a semi-sphere of agglomerated dark cork that evokes the earth's crust, MAGMA features a stone top with expressive veins. This surface portrays a peculiar narrative about the beauty of our planet, dynamic yet deeply fragile, highlighting what is important to care for and preserve - the Nature.

*Products*  
**Dora & Dina chairs**

Dora & Dina chairs honor the hard work of those who have tamed the land of the oldest wine region in the world - the Douro Valley. The structure of the chairs is inspired by the delicate outlines of the slopes and the seat refers to the wine and grapes that generate the renowned Porto Wine. Dora & Dina are elegant and plain chairs, where you can have moments of sharing, tasting and contemplation, adapting themselves to formal and exquisite surroundings, as well as informal and recreative environments.

Products  
**Alice chair**

Without fear of the passage of time, ALICE is an iconic, light and elegant chair. With architectural inspiration, the chair is oriented vertically. The two hind legs are gossips, they are turned on themselves so they can talk. From this dialogue comes the twist of the backrest that ensures comfort - their stories. The ALICE chair is stackable and comes in two different versions. Even simple and light, ALICE knows how to receive with nobility in the fine Portuguese way, being ideal for a wide variety of spaces. In each place, each ALICE will have a story to gossip.

## Pipo stool

PIPO refers to the traditional wood barrel used for the transport and storage of wine. The mobility of the product is associated to the commercial expansion of the wine and it is as if each person carried this cultural history when carrying Pipo. This piece is produced in agglomerated dark cork, referring to the tone of the aged casks. This material makes the piece lightweight and slip resistant. The rope emphasizes the old look and it can be in other colours, making it most fun and adaptable to different environments and tastes.

### Gago & Sacadura chairs

GAGO & SACADURA chairs honour the first aerial crossing of the South Atlantic realized by Gago Coutinho and Sacadura Cabral in 1922. Inspired by the shape of the aviator's helmet and with curved arms like the wings of a seaplane, the chairs' upholstery rest on a platform of turned wooden, giving users the impression of taking off on an adventure. On their back is the inscription "1922, 8383 kms", recording this historic feat of the aeronautics. GAGO & SACADURA travel through spaces of familiar conviviality or metropolitan agitation, making each place memorable.

page 50

Products  
**Nel & Maria  
bedside tables**

NEL & MARIA are side or bedside tables with an integrated lamp. They explore the genre issue, reinterpret craft techniques and have a human and humoristic character. The lampshade represents men and women straw hats, typical of the portuguese region of Baixo Minho. The drawers' handles accentuate the humorist intention, because Maria speaks too much and Nel is amazed with her speech. The drawers have illustrations of the belongings of the characters. Nel & Maria are destined for indoors and can adapt themselves to children, youngsters and adults.

## Valentim sofa

VALENTIM is a sofa that refers to the nostalgia of the serenades dedicated to a maiden at the balcony. Its light and turned structure in solid wood interprets the architectural element of the balcony - a space to share moments of conviviality or of intimacy as a kiss. The sofa was designed to be attractive from any angle and the structure leaves the upholstery suspended. Its delicate curves welcome us and express the ideal serenity that makes any environment unforgettable.

*Brand Concept*

**Smile with us**

—

**DAM appeals to emotions, simplicity and quality of life. The portuguese culture and the common everyday things are the inspiration. The motivation is to see people smiling with DAM!**

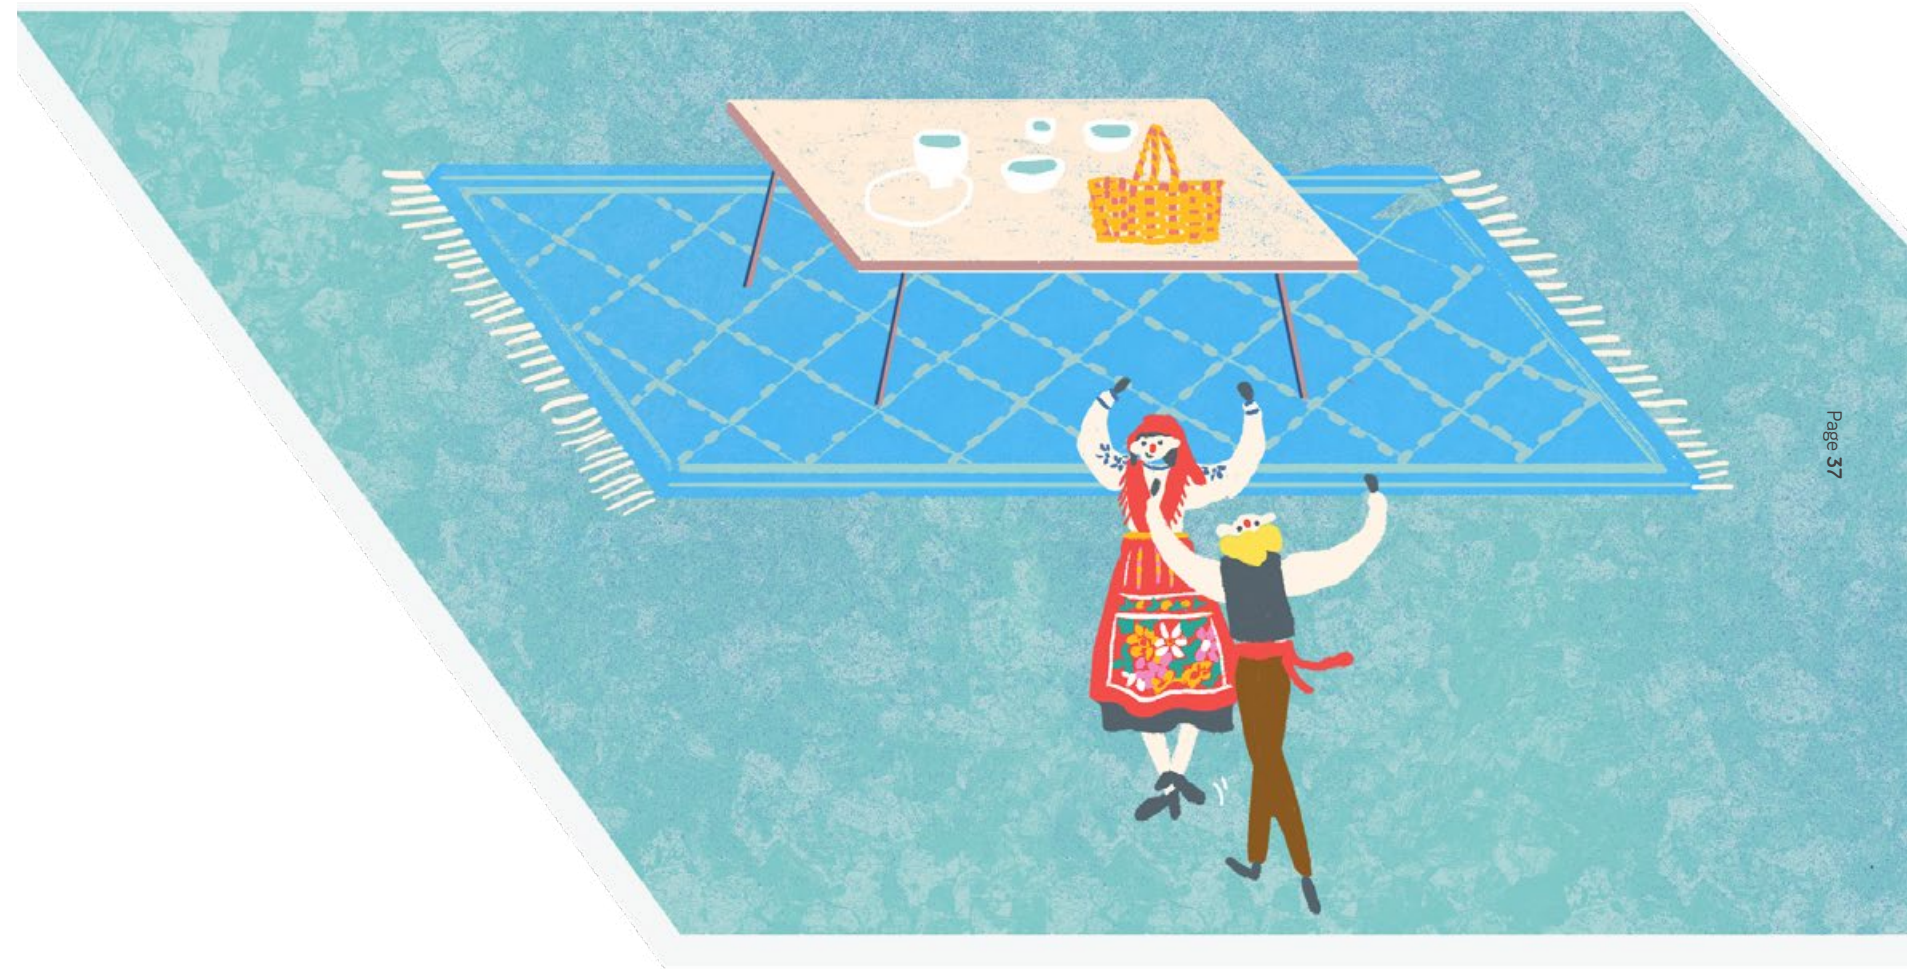

*Inspiration*

## Portuguese heritage

—

We are just 20 kms from the Maritime Coast, 30 kms from the mountains, 40 kms from the airport. Besides this, 30 kms from us is one of the first wine-producing region of the world - the Douro Valley. And also a landscape and heritage that gives us energy and creativity, making us feel good.

This is why our products reflect what surround us.

*Design*

## The resident Designers

—  
The products designed by the resident Designers are more than what meets the eye - each piece of furniture has its singular details and its own story.

Graduated in Design from the University of Aveiro in Portugal, Hugo Silva and Joana Santos are the resident Designers of the DAM brand. Their areas of intervention include equipment, graphic and web interface design and they develop integrated Design solutions, involving strategic thinking, identity and technology. Their passion to develop new objects and brands led them to be co-founders of the DAM brand.

Joana has a special taste for graphic design and craftwork and her work process has always a practical approach. Hugo does not relieve the sketchbook and seeks inspiration in the everyday things to his drawings. Together, they develop narratives and explore emotions through colours, forms, technologies and materials. The result are products with singular and creative details and an ecological approach.

*Production*

## Made in Portugal with care

—

**In Portugal there is an abundance of skills and know-how. There is also a collective heritage that stays genuine. This is why we have passion for our country and a conviction: our location is special and our people makes the difference.**

We work with socially responsible manufacturers that operate according to the highest ethical standards. And we work closely with people with different experiences that contribute to a shared goal that everyone is proud to believe in - to valorize what is done locally. Each piece results from local synergies between designers, artisans and industry. The challenge is to value what is done by hand, integrating new technologies and attitudes.

Our production monitoring involves care and precision. We know that there is no machine that can truly replace the hand or the eye, so we ensure the commitment to quality materials, technology and craftsmanship to produce beautiful and well made furniture. We push as well the boundaries of possibility, because we want to make pieces with strong personality that can withstand the everyday use.

## **Materials, finishings and dimensions**

—

**Choose the materials, finishings  
and sizes. Each product is made  
by order, so if you will not find  
what you are looking for, we  
would be pleased to discuss your  
requirements and customize  
your product.**

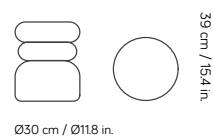

**VARIAN low**  
ref. 52

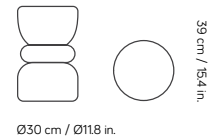

**Category:** Side table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø30 x H39 cm / Ø11.8 x H15.4 in.  
**Weight:** 6,5 kg / 14.3 lbs.  
**Materials:** Natural and solid composite light cork; felt waste from the Portuguese hat making industry.  
**Finishings:** Colorless aqueous coating (cork).

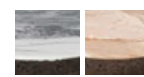

**VARINA tall**  
ref. 53

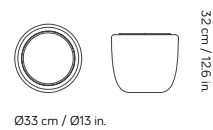

**Category:** Side table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø30 x H50 cm / Ø11.8 x H19.7 in.  
**Weight:** 8,5 kg / 18.7 lbs.  
**Materials:** Natural and solid composite light cork; felt waste from the Portuguese hat making industry.  
**Finishings:** Colorless aqueous coating (cork).

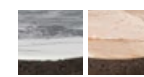

**MAGMA small low**  
ref. 48

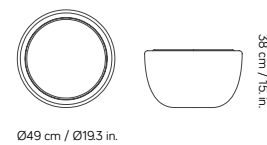

**Category:** Coffee table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø33 x H32 cm / Ø13 x H12.6 in.  
**Weight:** 7,7 kg / 17.0 lbs.  
**Materials:** 100% natural agglomerated dark cork and 'Pele de tigre' marble or 'Alpinina' limestone from Portugal.  
**Finishings:** Colourless aqueous coating (cork) and polished finishing (stone).

**MAGMA wide low**  
ref. 50

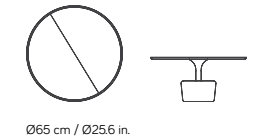

**Category:** Coffee table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø49 x H38 cm / Ø19.3 x H15 in.  
**Weight:** 17 kg / 37.5 lbs.  
**Materials:** 100% natural agglomerated dark cork and 'Pele de tigre' marble or 'Alpinina' limestone from Portugal.  
**Finishings:** Colourless aqueous coating (cork) and polished finishing (stone).

**FLORA wide low**  
ref. 40

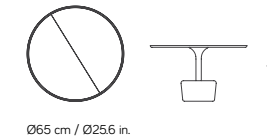

**Category:** Coffee table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø65 x H30 cm / Ø25.6 x H12 in.  
**Weight:** 7 kg / 15.4 lbs.  
**Materials:** Oak or walnut wood veneer and 100% natural agglomerated dark cork.  
**Finishings:** Colourless and coloured matt varnish (wood) and colourless coating (cork).

**FLORA wide tall**  
ref. 41

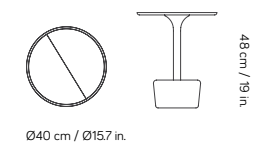

**Category:** Coffee table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø65 x H38 cm / Ø25.6 x H15 in.  
**Weight:** 7.4 kg / 16.3 lbs.  
**Materials:** Oak or walnut wood veneer and 100% natural agglomerated dark cork.  
**Finishings:** Colourless and coloured matt varnish (wood) and colourless coating (cork).

**FLORA small tall**  
ref. 43

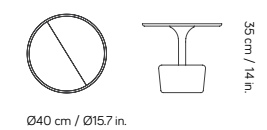

**Category:** Side table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø40 x H48 cm / Ø15.7 x H19 in.  
**Weight:** 6 kg / 13.2 lbs.  
**Materials:** Oak or walnut wood veneer and 100% natural agglomerated dark cork.  
**Finishings:** Colourless and coloured matt varnish (wood) and colourless coating (cork).

**FLORA small low**  
ref. 42

**Category:** Side table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** Ø40 x H35 cm / Ø15.7 x H14 in.  
**Weight:** 5.8 kg / 12.8 lbs.  
**Materials:** Oak or walnut wood veneer and 100% natural agglomerated dark cork.  
**Finishings:** Colourless and coloured matt varnish (wood) and colourless coating (cork).

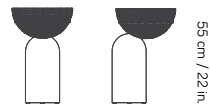

### CELESTE osier

ref. 55A

**Category:** Side table.  
**Designer:** Hugo Silva and Joana Santos.  
**Dimensions:** W34xD37xH55 cm / W13.4xD15xH22 in.  
**Weight:** 48 kg / 105.8 lbs.  
**Materials:** 'Estremoz' marble from Portugal, oak veneer and basket made of osier stems.  
**Finishings:** Polished finishing (marble), colourless matt varnish (veneer) and colourless aqueous coating (wicker basket).

Ø34 cm / Ø13.4 in.

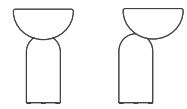

55 cm / 22 in.

ref. 94

**Category:** Wall mirror.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** W50xD6xH72 cm / W20xD2.4xH28.3 in.  
**Weight:** 4 kg / 8.8 lbs.  
**Materials:** Mirror glass sheet, straw braid (strap) and solid ash or oak veneer.  
**Finishings:** Colourless or coloured matt varnish.

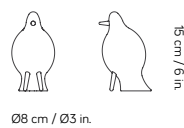

**BELA small**  
ref. 93

**Category:** Wall mirror.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** W20xD5xH43 cm / W8xD2xH17 in.  
**Weight:** 0.8 kg / 1.8 lbs.  
**Materials:** Mirror glass sheet, straw braid (strap) and solid ash or oak veneer.  
**Finishings:** Colourless or coloured matt varnish.

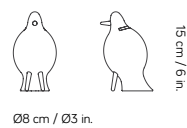

**COLOMBO by night**  
ref. 96

**Category:** Pincushion.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** W8xD9.5xH15 cm / W3x D3.7xH6 in.  
**Weight:** 0.3 kg / 0.7 lbs.  
**Materials:** Composite dark cork and metal.  
**Finishings:** Colourless aqueous coating (cork) and copper finish (metal).

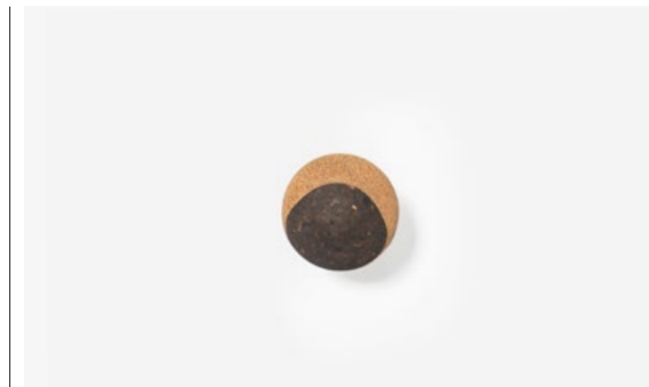

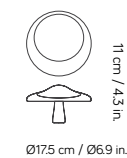

**COLOMBO by day**  
ref. 97

**Category:** Pincushion.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** W8xD9.5xH15 cm / W3x D3.7xH6 in.  
**Weight:** 0.3 kg / 0.7 lbs.  
**Materials:** Composite light cork and metal.  
**Finishings:** Colourless aqueous coating (cork) and copper finish (metal).

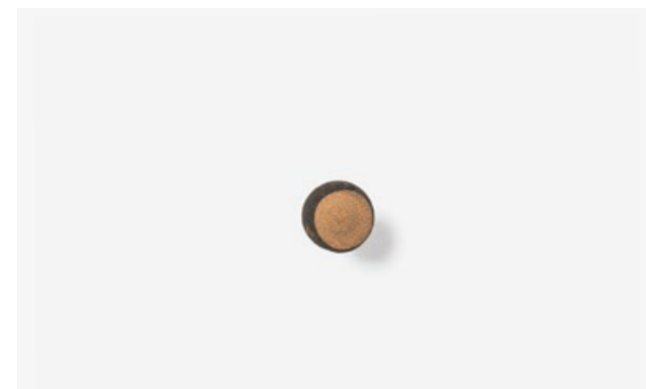

**GUMELO big**  
ref. 99

**Category:** Wall coat hooks.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** D17.5 x H11 cm / D6.9 x H4.3 in.  
**Weight:** 0.26 kg / 0.6 lbs.  
**Materials:** Composite dark cork, composite light cork and solid ash.  
**Finishings:** Colourless aqueous coating (cork) and colourless matt varnish (wood).

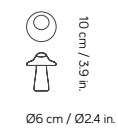

**GUMELO medium**  
ref. 100

**Category:** Wall coat hooks.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** D12 x H10 cm / D4.7 x H3.9 in.  
**Weight:** 0.13 kg / 0.3 lbs.  
**Materials:** Composite dark cork, composite light cork and solid ash.  
**Finishings:** Colourless aqueous coating (cork) and colourless matt varnish (wood).

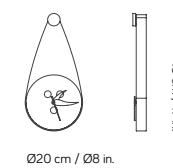

**GUMELO small**  
ref. 101

**Category:** Wall coat hooks.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** D6 x H10 cm / D2.4 x H3.9 in (small).  
**Weight:** 0.07 kg / 0.2 lbs.  
**Materials:** Composite dark cork, composite light cork and solid ash.  
**Finishings:** Colourless aqueous coating (cork) and colourless matt varnish (wood).

**SILVA**  
ref. 80

**Category:** Wall clock.  
**Designer:** Hugo Silva & Joana Santos.  
**Dimensions:** W20 x D5 x H43 cm / W8 x D2 x H17 in.  
**Weight:** 0.6 kg / 1.3 lbs.  
**Materials:** Solid ash and hand-sewn straw braid.  
**Finishings:** Wood finished with colourless or coloured matt varnish.

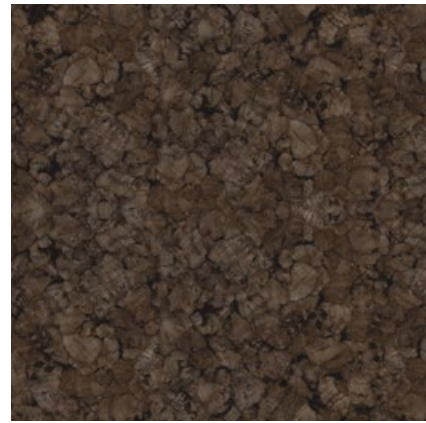

Materials  
**CORK**

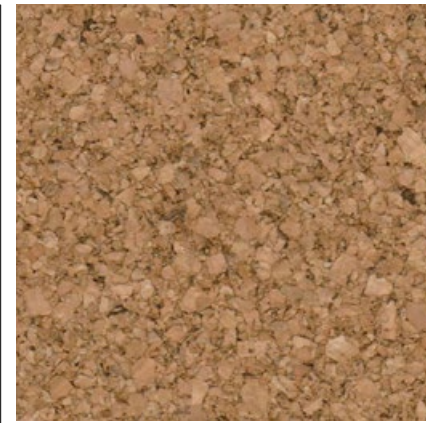

High performance in thermal, acoustic and anti-vibration insulation. Resistant to abrasion and to impact. Waterproof and fire retardant (burns without a flame and does not emit toxic gases during combustion). Vegetable, biodegradable and recycled material. No risk to the health and environment. A cork oak has a life span around 200 years of age and can be corked around 18 times.

Cork  
**AGGLOMERATED CORK**

by Amorim Isolamentos

**Composition:** 100% cork.  
**Finishings:** Colourless aqueous coating with properties of water repellency, oil, and stains and high resistance to UV and aging, keeping the natural touch and breathability of cork.

Cork  
**COMPOSITE LIGHT CORK**

by Amorim Isolamentos

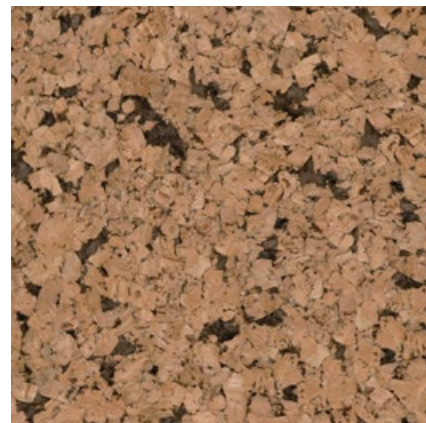

**Composition:** Cork and resins.  
**Finishings:** Colourless aqueous coating with properties of water repellency, oil, and stains and high resistance to UV and aging, keeping the natural touch and breathability of cork.

Cork  
**COMPOSITE DARK CORK**

by Amorim Isolamentos

**Composition:** Cork and resins.  
**Finishings:** Colourless aqueous coating with properties of water repellency, oil, and stains and high resistance to UV and aging, keeping the natural touch and breathability of cork.

Cork  
**COMPOSITE MIX CORK**

by Amorim Isolamentos

**Composition:** Cork and resins.  
**Finishings:** Colourless aqueous coating with properties of water repellency, oil, and stains and high resistance to UV and aging, keeping the natural touch and breathability of cork.

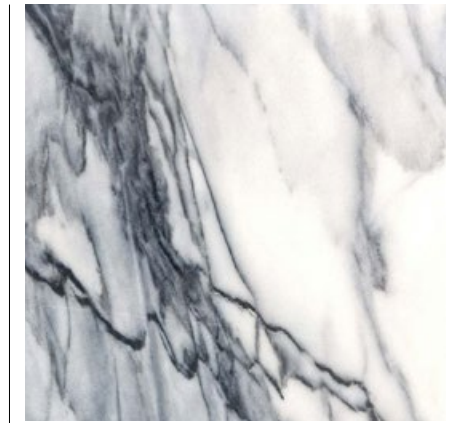

Materials  
**STONE**

The natural qualities of beauty, coloration, durability and easy conservation make Portuguese stone an efficient raw material. This industry in Portugal presents an extremely interesting in environmental and social sustainability. While extraction and transformation techniques are exceptionally competitive and of the highest quality, the more artisanal and manual techniques that are unique and irreplaceable have not been lost.

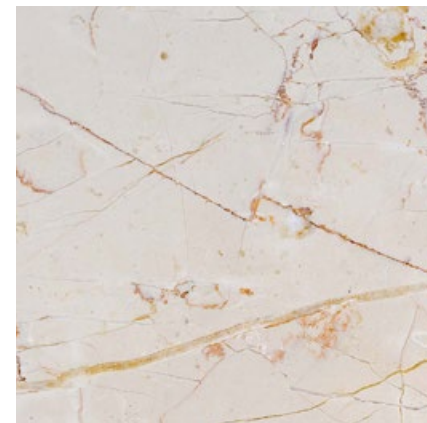

Stone  
**MARBLE**

**Name:** Estremoz.  
**Origin:** Évora, Portugal.  
**Characteristics:** Medium grained calcite marble with granoblastic texture, beige with rosy, brownish and, sometimes, greyish small veins. Compression breaking load: 93 Mpa. Impact test: minimum fall H45 cm. Abrasion test: 2,2 mm.

Stone  
**MARBLE**

**Name:** Pele de Tigre.  
**Origin:** Évora, Portugal.  
**Characteristics:** Calcareous white marble with a fine to medium granoblastic texture and with dark greyish veins. Compression breaking load: 1020 kg/cm2. Impact test: minimum fall H60 cm. Abrasion test: 3 mm.

Stone  
**LIMESTONE**

**Name:** Alpinina.  
**Origin:** Leiria, Portugal.  
**Characteristics:** Fine grained beige limestone, with stylolites and thin calcitic and ferruginous veins, tectonized and fairly recrystallized. Compression breaking load: 1150 kg/cm2. Impact test: minimum fall H45 cm. Abrasion test: 1,9 mm.

Stone  
**LIMESTONE**

**Name:** Rosa Negrais.  
**Origin:** Pero Pinheiro, Sintra, Portugal.  
**Characteristics:** It has a reddish colour with intricate wine-coloured veins. Compression breaking load: 140 Mpa. Impact test: minimum fall H55 cm. Abrasion test: 2,0 mm.

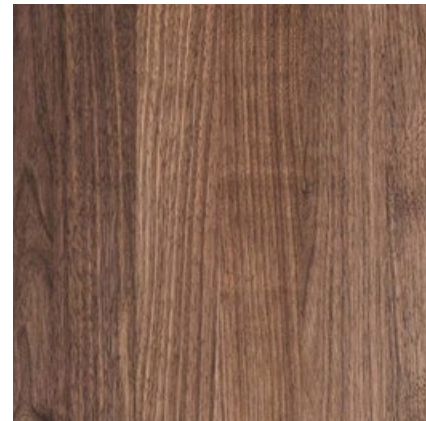

Materials  
**WOOD**

The wood comes from forests controlled through a custody protocol that includes plantation, logging and drying. The process is covered by the FSC Certification which guarantees wood originating from replanted and controlled forests. Wood can last a lifetime but it need some maintenance and care, because it is sensitive to variations in temperature and humidity.

Wood  
**SOLID OAK**

**Origin:** American solid oak.  
**Finishings:** Finished with colourless matt varnish that enhances and protects the natural beauty of the wood. It has a special uv protection that prevents discoloration, and also forms a water repellent layer.

Wood  
**SOLID WALNUT**

**Origin:** American solid walnut.  
**Finishings:** Finished with colourless matt varnish that enhances and protects the natural beauty of the wood. It has a special uv protection that prevents discoloration, and also forms a water repellent layer.

dry yellow sleepy green luxury red

Wood  
**WALNUT VENEER**

**Origin:** European walnut veneer.  
**Finishings:** Finished with colourless matt varnish that enhances and protects the natural beauty of the wood. The varnish has a special uv protection that prevents discoloration, and also forms a water repellent layer.

natural cold white elegant grey retro pink

dry yellow sleepy green soft green baby blue

Wood  
**OAK VENEER**

**Origin:** European oak veneer.  
**Finishings:** Finished with colourless matt varnish or colourful matt varnish. This enhances and protects the natural beauty of the wood. The varnish has a special uv protection that prevents discoloration, and also forms a water repellent layer.

Wood  
**SOLID ASH**

**Origin:** European solid ash.  
**Finishings:** Finished with colourless or colourful matt varnish that enhances and protects the natural beauty of the wood. It has a special uv protection that prevents discoloration, and also forms a water repellent layer.

Materials  
**NATURAL FIBERS**

Natural fibers are a renewable resource and are available from natural sources. They are recyclable, biodegradable and nontoxic. Depending on the orientation of the fibers, they have good mechanical and physical properties.

Natural fiber  
**LAKESHORE BULRUSH**

**Characteristics:** Raw material which comes from the herbaceous plant, Schoenoplectus lacustris, of the reed family. It is a strong and light material which is weaving by hand. It is 100% natural and eco-friendly.  
**Finishing:** Colorless aqueous coating.  
**Origin:** Portugal.

Natural fiber  
**HEMP ROPE**

**Characteristics:** 100% hemp, made with natural fiber twisted wire with 4 cables.  
**Finishing:** Good tensile strength and friction. It is a natural fiber with good grip, the knot is strong and tight, so it does not undo itself.

scared blue quiet green fond orange dry yellow

Natural fiber  
**COTTON ROPE**

**Characteristics:** 100% cotton, made with natural fiber twisted wire with 4 cables. Good tensile strength and friction. It is a natural fiber with good grip, the knot is strong and tight, so it does not undo itself.  
**Finishing:** Dyeing in 4 DAM colours.

Natural fiber  
**STEMS OF OSIER**

**Characteristics:** It is a raw material of vegetable origin obtained from species of the genus Salix, of the Salicaceae family. It is a strong and light material which is weaving by hand. It is 100% natural and eco-friendly.  
**Finishing:** Colorless aqueous coating.  
**Origin:** Portugal.

Natural fiber  
**RICE STRAW**

**Characteristics:** 100% rice straw, made with natural braided fiber.  
**Finishing:** Hand-sewn open straw braid.  
**Origin:** Portugal.

Materials  
**TEXTILES**

Step, Obika Leather Plus and Luna 2 are resistant fabrics and have powerful fire-resistant properties. These fabrics carry the Oeko-Tex health label and the EU environmental Ecolabel. Always follow the manufacturer's instructions and finish it by wiping with a damp cloth.

hot red flower pattern hot red arrow pattern scared blue flower pattern scared blue arrow pattern

Textile  
**FELT**

**Composition:** Merino wool, with 1 mm of thickness.  
**Durability:** It is water resistant.  
**Maintenance:** biodegradable, renewable and sustainable. Dry cleaning P(S).

Materials  
**OTHERS**

We are always looking for new natural materials to explore, coming from plants or the ground. Materials with low impact and that promote creativity, durability and well-being.

antique gold clean copper cold white dry yellow soft green

Other  
**METAL**

**Characteristics:** Hardness and strength are the characteristics of the metal. It is painted with a powder coating which is resistant to risks and wear.  
**Finishings:** Painted in 5 DAM colours.

Other  
**WALLPAPER**

**Composition:** Cellulose.  
**Characteristics:** Textured paper with personalized digital printing. Wipe clean with slightly damp cloth.
