

Genesis™ LED Mass Notification Appliances

**THE GENESIS LED
DUAL SENSORY ADVANTAGE**

SUPERIOR PERFORMANCE COMBINED WITH ONGOING COST SAVINGS

Understanding the content of a message can be as important as knowing there is an emergency. Genesis LED Ceiling Mass Notification appliances offer exceptional sound quality and color-coded events to ensure intelligibility during those critical moments.

SUPERIOR SOUND CLARITY

Our top-tier speakers exceed the “Excellent” Standard for Speech Transmission Index (STI) by 6% for crisp, clear messaging during an emergency.

FLEXIBILITY IN COLOR OPTIONS

Four unique lens color options allow for seamless threat categorization: amber, green, blue, and red.

LOW-FREQUENCY CAPABILITIES

Reliably alert individuals in sleeping areas with low-frequency capabilities of 520Hz.

COST & ENERGY SAVINGS

Ultra-low constant current draw across all candela settings. Up to 88% lower current draw vs. legacy Genesis appliances. Offering more devices per loop, reduced wire size, and longer wire runs, while offering backwards compatibility with legacy Genesis devices.

APPLICATIONS

- Hospitals
- Manufacturing Sites
- Hospitality
- Schools/Colleges
- Commercial Buildings
- Airports
- Malls/Retail
