

COMMERCIAL FIBERGLASS

Suitable for Indoor & Outdoor Spaces

PLANTERS | WASTE RECEPTACLES | BENCHES | RECYCLE RECEPTACLES | DRUM TABLES

Made in the USA | On GSA Contract

Allé fiberglass products are proudly manufactured in the USA using premium marine-grade materials and pigments, ensuring exceptional durability and commercial-grade quality. Designed to withstand the rigors of daily use, fiberglass is dent-proof, non-corrosive, and leak-resistant. Our collection includes over 75 standard finishes, with additional options for custom color matching and bespoke capabilities to meet your specific needs.

PLANTER OPTIONS

Allé planters are proudly handmade in the USA using high-quality materials and can be customized to meet your exact specifications.

AVAILABLE OPTIONS INCLUDE:

- Exposed or Concealed Casters
- Planter Trays
- Plinths
- Drain Holes for Exterior Use
- Guide Wire Eyes
- Custom Color Matching
- Raised Fixed Interior Shelves

Alongside our fiberglass collection, Allé offers custom-crafted metal planters made from corten, stainless steel, and aluminum. Additionally, we provide a complete range of metal waste and recycling receptacles to suit various design and functional needs.

ENVIRONMENTAL STATEMENT

At Allé Designs, we are dedicated to sustainability and environmental stewardship. Our fiberglass products are manufactured in the USA using durable, marine-grade materials designed for longevity, reducing the need for frequent replacements and minimizing waste.

Fiberglass is made from a plentiful, non-polluting resource with a low environmental impact. It is completely inert, meaning it can be safely disposed of or reprocessed for other uses, further supporting environmental sustainability. Additionally, we utilize a minimum VOC (Volatile Organic Compounds) manufacturing process to reduce harmful emissions, and our USA-based production minimizes the transportation footprint associated with our products.

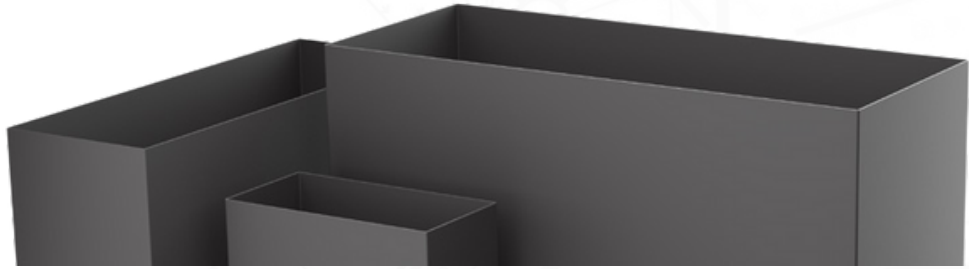

By offering customizable options and a wide range of finishes, we promote thoughtful design and adaptability, reducing overproduction and excess materials. We remain committed to eco-conscious practices, creating products that are not only beautiful and functional but also respectful of our planet's resources.

PLANTER STYLES

FRESCO SERIES

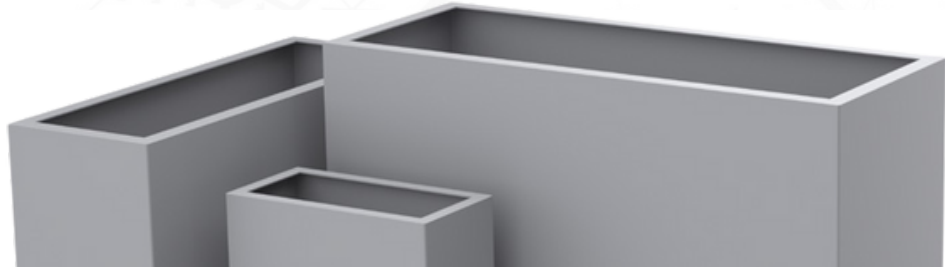

Modern style planters that feature a rimless top and a flat bottom. Completely customizable to adapt to all projects. Ideal for both indoor and outdoor use.

Finishes: Matte & Texture Only

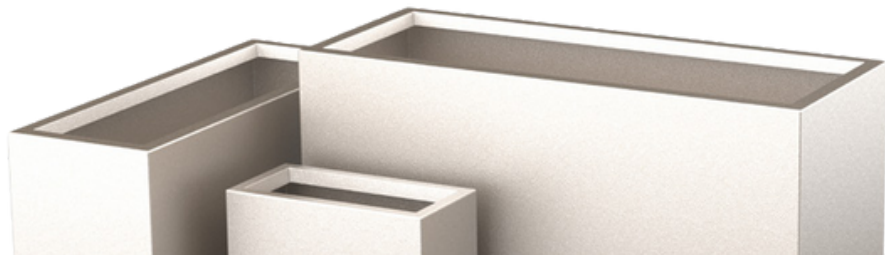

TERRA SERIES

Contemporary style planters that feature an inward flanged rim and a flat bottom. Ideal for both indoor and outdoor use.

LOTUS SERIES

Bold style planter that features a return rim and a flat bottom. Durable, lightweight, and weather-proof. Ideal for both indoor and outdoor use.

COURTYARD SERIES

Classic style planter that features a return rim and a **recessed base**. Durable, lightweight, and weather-proof. Ideal for both indoor and outdoor use.

CUSTOM LINERS and PLANTER TRAYS

Custom made commercial liners are manufactured to any dimension and shape to fit your specific project. Ideal for both indoor or outdoor use. Custom liners can be used to make any manufactured planter leak resistant.

FRESCO RECTILINEAR

The rectilinear shape not only exudes a modern aesthetic but also provides a structured elegance that complements a wide range of architectural styles and landscaping designs. Their clean lines and symmetry enable easy arrangement and flexibility, allowing for stunning arrangements, partitioning, and defining spaces in gardens, courtyards, or commercial spaces.

Our custom commercial-grade planters are tailored to your specific project requirements, ensuring a personalized solution. To initiate the process, please refer to the list of commonly chosen sizes on our website. Our dedicated team is ready to collaborate with you on your project, offering expert guidance and efficient communication throughout the selection process.

We believe in the power of design and its ability to influence and elevate the quality of public space. High-quality products and outstanding customer experience make us one of the nation's premier designers and manufacturers of commercial fiberglass products.

NOT ALL PLANTERS ARE CREATED EQUAL — DISCOVER THE STRENGTH AND CRAFTSMANSHIP OF ALLÉ

At Allé Designs, we take pride in crafting bespoke fiberglass planters that are meticulously handmade in the USA. Unlike mass-produced imports, our planters are engineered with marine-grade materials for superior structural integrity and durability. While imported planters may appear similar in photos, the difference lies in the craftsmanship, strength, and attention to detail that go into every Allé planter.

ALLÉ DESIGNS was created over 40 years ago with the concept to offer simple, beautiful, and functional ancillary products for commercial office spaces. Our full range of products, that are used and enjoyed every day, have one commonality — a lasting aesthetic that transcends short-lived trends.

Allé Designs office accessories are comprised of a broad category that includes wastebaskets, desk & conference pads, waste & recycle receptacles, and commercial grade planters for both indoor and outdoor applications. Allé offers the widest variety of products and the largest selection of finishes to complement any project. Custom materials and products are our specialty!
