RAUVISIO cube

Urban Concrete

Inspired by the clean, sculptural lines of architecture, the Urban Concrete structure captures the raw and irregular character of concrete, a material widely used in urban landscapes. Natural air pockets enhance the authenticity of the surface, making each panel unique in its texture and appearance.

Advantages at a glance

More scratch- and break-resistant than real concrete

Lighter than real concrete

Water & heat resistance

Authentic 3D structure

Anti-fingerprint

Can be worked on with standard woodworking tools

Interior in design match

The RAUVISIO cube collection finds its color counterpart in RAUVISIO noir and thus the entire noble matt collection. The result is an almost inexhaustible variety for a pure and minimalist interior. The range is rounded off by the RAUVOLET noble matt roller shutter in the same color.
