DELTA

Modular bicycle rack for secure, high-capacity bicycle parking.

Ver.1 / 2026.07.30

DELTA

DELTA is a modular bicycle rack designed for safe, efficient and space-saving bicycle parking in public environments. Its frame-locking design provides a high level of security while creating organised bicycle parking at transport hubs, schools, workplaces, residential developments and urban public spaces.

Suitable for both new installations and large-scale bicycle parking projects, DELTA combines Scandinavian design with long-lasting durability and low maintenance.

Design and functionality

DELTA accommodates almost every type of bicycle, including city bikes, mountain bikes, e-bikes, fat bikes, cargo scooters and kick scooters.

The frame-locking design allows cyclists to secure both the bicycle frame and rear wheel using a single lock, providing greater security than traditional wheel-holding racks.

When installed at a 45° angle, DELTA creates a compact bicycle parking layout while maintaining excellent accessibility.

Flexibility

The modular system allows sections to be combined in virtually any length and configuration.

Available as single-sided, double-sided and wall-mounted versions.

DELTA integrates seamlessly with all Cyklos bicycle shelters and cycle canopies, including LINK, FLOW, YARD, KAPPA and YPSILON.

Replaceable components simplify maintenance and extend the product's service life.

Materials

Option 1 – Hot-dip galvanised.

Option 2 – Hot-dip galvanised and powder coated. Standard colour: Black RAL 9005. Available in any standard RAL colour.

Option 3 – Semi-coated version with hot-dip galvanised wheel hoops and powder-coated frame.

Installation

- Concrete foundation with mounting adapter
- Cast-in mounting tubes
- Surface-mounted on concrete foundation

Available configurations

C/C 500mm (Can be combined to create any required length)		
Cyklos DELTA 2m Single-sided	4 platser	c/c 500
Cyklos DELTA 2,5m Single-sided	5 platser	c/c 500
Cyklos DELTA 3,0m Single-sided	6 platser	c/c 500

Cyklos DELTA 2m double-sided	8 platser	c/c 500
Cyklos DELTA 2,5m double-sided	10 platser	c/c 500
Cyklos DELTA 3,0m double-sided	12 platser	c/c 500

Cyklos DELTA wall-mounted 2m	4 platser	c/c 500
Cyklos DELTA wall-mounted 2,5m	5 platser	c/c 500
Cyklos DELTA wall-mounted 3,0m	6 platser	c/c 500

C/C 600/700mm (Can be combined to create any required length)		
Cyklos DELTA 2,4m enkel	4 platser	c/c 600
Cyklos DELTA 3m enkel	5 platser	c/c 600
Cyklos DELTA 2,8m enkel	4 platser	c/c 700

Cyklos DELTA 2,4m double-sided	8 platser	c/c 600
Cyklos DELTA 3m double-sided	10 platser	c/c 600
Cyklos DELTA 2,8m double-sided	8 platser	c/c 700

Cyklos DELTA wall-mounted 2,4m	4 platser	c/c 600
Cyklos DELTA wall-mounted 3,0m	5 platser	c/c 600
Cyklos DELTA wall-mounted 2,8m	4 platser	c/c 700

Sections can be installed as standalone units or combined into a continuous row.
