CS Cavity Sliders Pocket Door Jamb Kit

# CS Jamb Kit™

## CS Cavity Slider Pocket Door Jamb Kit

The CS Jamb Kit simplifies pocket door finishing with a ready-to-install solution.

Made from stain-grade poplar, it features pre-drilled holes and a grooved design ready for CS Trim Clips. With no prep work required, the CS Jamb Kit streamlines installation, saving you valuable time.

### Features

- Pre-drilled holes for easy installation
- Easy to cut to size
- Grooved for CS Trim Clips
- No prep work needed
- Stain-grade poplar construction – ready for paint
- 3/4" jamb thickness

### The CS Jamb Kit includes:

#### Head Jambs x2

Includes two (2) head jambs pre-grooved to accept CS Cavity Sliders trim clips for accessibility to track.

#### Split Jambs x2

Includes two (2) split jambs pre-grooved to accept CS Cavity Sliders trim clips to encase wall cavity.

#### Closing Jamb

Includes one (1) closing jamb to complete the door frame with a secure and polished fit.

Door Size	Jamb Size	Door Thickness	Product SKU
30" x 80"	4-9/16"	1-3/8"	JK4SW3080-138-4916
		1-3/4"	JK4SW3080-134-4916
	4-7/8"	1-3/8"	JK4SW3080-138-478
		1-3/4"	JK4SW3080-134-478
40" x 80"	4-9/16"	1-3/4"	JK4SW4080-134-4916
	4-7/8"	1-3/4"	JK4SW4080-134-478

### Frequently Asked Questions

#### Q: Is the CS Jamb Kit compatible with all pocket doors?

A: The CS Jamb Kit is specifically designed for use with the 4" Framing (2x4) CS Cavity Slider® Pocket Door Frame up to 4-7/8" jamb size with a door thickness of 1-3/8" or 1-3/4".

#### Q: Can I use the CS Jamb Kit for both single and double pocket doors?

A: The CS Jamb Kit is designed for single pocket doors. For use with double doors, reach out to our team to learn how you can use our kit to accommodate bi-parting pocket doors.
