PARKS & RECREATION

husseyseating[™]

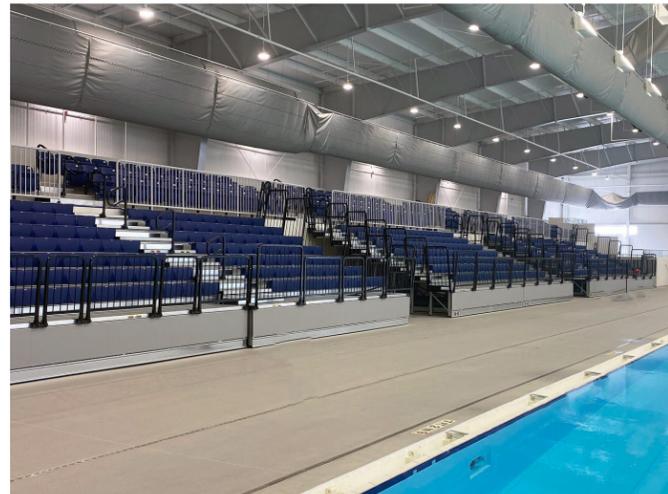

YOUR PARTNER FOR SEATING SOLUTIONS

SEATING MADE FOR YOUR BIGGEST FANS - YOUR COMMUNITY

Parks and recreation departments, Boys & Girls Clubs, and YMCAs and YWCAs are key to keeping communities active, connected, and engaged. The importance these spaces have on their communities cannot be overstated, that's why Hussey Seating takes immense pride in providing the perfect solution to meet your spectator seating needs.

We offer a wide range of seating solutions that maximize space and enhance comfort in your gymnasium, theater, poolside area, or ice rink. Hussey Seating products are designed and manufactured with a focus on safety, trust, durability, longevity, and ease of use.

- Quality**
 Made with high-quality materials and manufactured with care under strenuous quality controls.
- Safety**
 Designed with safety-rich features by industry experts with decades of experience.
- Durability**
 Durable construction withstands heavy use and ensures your seating is around for the next generation.
- Ease of Use**
 Designed for quick, simple, and safe operation following straightforward training.

PORTABLE BLEACHERS

ONE MINUTE - ONE PERSON

We engineered MAXAM 1™ Portable Bleachers to be operated by a single person. Just extend each of the traction arms, tip the unit, give it a gentle push to lock it down, and it is ready to go. Gas struts provide a controlled descent and lift assistance to ensure easy operation. No more waiting for a crew or scheduling extra labor – just keep saving labor time and cost for the entire life of your seats.

ONE ANSWER - ANYWHERE

MAXAM 1™ Portable Bleachers fit in just about anywhere – schools, colleges, fitness clubs, retail & corporate training areas, recreation facilities, community centers, sports fields and playgrounds. Handling larger groups is easy – simply connect multiple units together. You can even use it outdoors temporarily in protected areas*. Get creative, and think outside the gym!

COURTSIDE XC10

CourtSide XC10 incorporates a unique fore to aft contoured seat and a gradual "waterfall" curve on the forward edge that reduces pressure to the sensitive region of the thighs regardless of the leg position. 10" (254 mm) wide. 100% recyclable. Available colors below.

PORTABLE SEATING

STACKING QUATTRO

Our Stacking Quattro combines the convenience and flexibility of traditional portable stacking chairs with the style and comfort you expect in an upholstered auditorium chair.

The Stacking Quattro maintains your room's aesthetic while providing the ability to accommodate ever-changing demand for ADA and companion seating capacity. Stacks four high on our optional transport cart for easy storage.

TELESCOPIC PLATFORMS & SEATING OPTIONS

MAXAM / MAXAM+

MAXAM, our most popular telescopic gym seating solution. These retractable systems are supplied in 3 to 30 tier banks, are extremely adaptable, and efficiently recover floor space, allowing you to easily get the most out of your facility at all times.

MAXAM+™ Telescopic Platforms are expertly engineered to meet the seating needs of a wide variety of applications and venues, from school auditoriums to small and mid-size sports and entertainment arenas.
