RECYCLING & WASTE CONTAINERS

Version 4.8

The **#1 Rated** Brand in  
Recycling & Waste Containers!

★ Trustpilot

Innovative Designs Inspiring Change.

  
**GREAT  
PEOPLE**  
WORKING  
TOGETHER  
*to create*  
**POSITIVE  
CHANGE**  
IN THE WORLD 

## WHY BUSCH?

### **Certified B Corporation®**

We are proud to be a part of a global movement of people using business as a force for good™

### **With 40+ years' Experience**

we know our stuff and love to share it!

We strive to maximize  
**Recycled Content**  
in our containers!

### **Tailored By You**

Customization is our middle name!

### **Plasticbank**

Busch Systems is directly contributing to five of the 17 United Nations Sustainable Development Goals.

### **The Most Trusted**

#1 rated recycling & waste container brand according to Trustpilot.

Made in  
**North America**  
Promise

We're proud to be a  
**Living Wage Employer**

### **Giving Back**

We support local and national charities.

We track our  
**Carbon Footprint**

on every product via CarbonGraph.

In an effort to produce a more sustainable catalog with fewer pages, we have intentionally not included all of our products here. Contact our sales team at 1-800-565-9931 or check out our website to see our full product line!

Printed on 100% Recycled Paper. FSC® Certified.

## MISSION STATEMENT

To support everyone who cares about waste diversion with leading edge products and services that maximize the quantity and quality of their recycling program.

### A MESSAGE FROM CRAIG BUSCH

2025 marks not only a significant point in history for Busch Systems, with 40 years in business, but an important point in history. Having been in this industry over the last 40 years, starting with the earliest days of the recycling movement, I have had the opportunity to see and learn a lot. Anybody can say anything about themselves – what is true? What is real? Who is really making an effort to be impactful? Busch Systems is more committed than ever to supporting sustainable and eco-conscious business choices and being completely transparent - measured and measurable. It's more important than ever to separate ourselves as global leaders in this industry.

We continue to stand by our business values and our products – recertifying our Certified B-Corporation® status with a higher overall B Impact Score than 2019; transparently tracking and measuring the carbon footprint of our product line with CarbonGraph; and ethically supporting the global ocean cleanup

efforts of Plastic Bank, helping to stop over 3.1 million bottles from entering our oceans. As thought leaders, we are invested in sharing our knowledge with others through our Green Thinking Webinar Series, led by our Senior Advisor, Alec Cooley, along with our new Podcast Series: Talkin' Trash with Will Nash.

Over the last 40 years we have made a conscious decision to not only make the best diversion containers, but to be leaders and innovators. While I can't yet share with you all the amazing things to come, I can tell you that it is going to be our most innovative year yet!

On behalf of all of us at Busch Systems®, we wish to thank you for being a part of our family for 40 incredible years!

*Craig Busch*

Founder, President & Chief Design Officer

### We're committed to doing business for the greater good –that's why we're proud to be a B Corp™.

A Certified B Corporation® since 2019, we're one of over 9,000 companies across 105 countries and 160 industries redefining success in business. "We're honored to be a part of the B Corp community," says Craig Busch, President & CEO. "It lets us be bold about who we are and what we believe in—and to make greater impact in the world as a recycling & waste management industry leader." B Corporations voluntarily meet high criteria for social and environmental performance, accountability and transparency. We have committed to using business as a force for good, assessing the work that we do and the way that we do it, and continually implementing processes and practices that consider the impact our business has on all stakeholders – employees, customers, society and the environment.

To learn more about B Corp™, visit: [buschsystems.com/b-corp](https://buschsystems.com/b-corp)

### Working together to make a difference! We are proud to have partnered with CarbonGraph.

Innovation is at the heart of what we do, and we are proud to have partnered with CarbonGraph, an innovative technology, to determine the carbon footprints of our products. Founded in 2021, CarbonGraph's mission is to provide people, companies and governments the environmental context needed to make informed decisions about the sustainability of the goods and services they buy and sell.

In addition to mapping the carbon footprint of our products, the Busch Systems team has been working hand-in-hand with the CarbonGraph team to develop their software and be an example of the steps other companies can take in measuring their environmental impact through data and technology.

To learn more about CarbonGraph, visit: [buschsystems.com/carbon-footprint](https://buschsystems.com/carbon-footprint)

Plastic Bank empowers the Social Recycling movement that stops ocean plastic and helps alleviate poverty. Busch Systems is improving lives in ethical collection communities in collaboration with Plastic Bank and, in 2024, Busch Systems will help stop the equivalent of 3.1 million plastic bottles from entering the ocean in collaboration with Plastic Bank.

In partnership with Plastic Bank, Busch Systems is directly contributing to five of the 17 United Nations Sustainable Development Goals.  
(SDGs 1, 8, 12, 14, 17)

## BUSCH BIM OBJECT LIBRARY

**BIM OBJECT** This icon indicates that a BIM file is available for this product series.

The Busch Systems BIM (Building Information Modeling) object library is crafted to enhance architectural and design projects that emphasize sustainability and effective waste management. Featuring a curated selection of BIM objects, this library showcases our diverse range of recycling and waste containers, thoughtfully designed for seamless integration into your digital models.

As champions of environmentally conscious design, Busch Systems is dedicated to delivering accessible and efficient solutions for sustainable projects. Through partnerships with leading BIM file providers, we ensure our products are readily available to support your design needs.

Tailored for architects, designers, and engineers, our BIM resources simplify workflows and help achieve waste diversion goals, enabling the creation of eco-friendly spaces that prioritize sustainability.

Access our BIM files and resources on ARCAT, CAD Details, and the Sweets Product Database. For more details, visit our website to discover how Busch Systems can assist in bringing your sustainable designs to life.

\*Shown with available custom sign panels and labels.

The Mosaic is a versatile, modular recycling and waste container system designed for durability and flexibility. It features customizable signage, secure bag retention clips, and an optional lockable caster kit for easy, safe relocation. Expand your capacity by adding more units with the interlocking connector system, and choose from a variety of lid openings and colors to support effective waste diversion. Perfect for public spaces and workplaces, the Mosaic makes collection effortless, efficient, and stylish.

Introducing the Mosaic Junior — a shortened version of the Mosaic designed for kid-friendly spaces. With the same smart features as the original, the Mosaic Junior includes accessible access and engaging, kid-focused signage to support early waste diversion habits.

# MOSAIC™

SERIES | Create and Communicate your Perfect Program

BIM  
OBJECT

- **MODULAR ADAPTABLE CONSTRUCTION** - Expand your station with our innovative connector system and choose from a wide range of stocked color and lid opening options — including the shorted, kid-friendly accessible Mosaic Junior.
- **BOLD COMMUNICATION** - The customizable body panel signs are highly visible and help boost diversion and participation. Mosaic Junior adds playful, age-appropriate graphics to engage young users.
- **STYLISH DESIGN** - Thoughtful materials and bold signage make The Mosaic a stylish and smart choice for your space — now with a kid-friendly option.

## Busch Customizations THINK OUTSIDE THE BIN!

Busch Systems recycling and waste containers offer a unique opportunity for complete customization. Whether you're looking to convey a specific message, reinforce your brand identity, or simply add a touch of creativity, we provide a versatile canvas for your vision.

From simple cut vinyl lettering, you can craft a clean and concise message, ensuring your recycling and waste bins communicate effectively, allowing essential information or branding to be displayed prominently.

For a more impactful branding experience, a full or partial wrap is the way to go. Busch Systems allows you to transform your containers into vibrant, attention-grabbing showcases of your brand. This not only serves a functional purpose, but also turns your recycling and waste bins into an integral part of your overall aesthetic and marketing strategy.

# Thank You

By choosing Busch Systems® you have already made the decision to be more sustainable. Thank you for being as passionate about the environment as we are. We appreciate your business and are thankful for 40 years of environmental collaboration!
