Hidden gypsum ventilation diffusers

INTERIOR EXCELLENCE

Hidden ventilation diffusers - the latest trend in home styling. ERGOVENT hidden diffusers are made from the environmentally friendly material - pure gypsum, intended for installation in plasterboard ceilings and walls. Painted the same paint as the ceilings or walls to ensure a seamless and stylish look. Thought out and perfected in every detail.

- Easy, fast, simple installation.
- Completely painted in the same color and paint as the ceilings/walls.
- Safely packed (never gets damaged during transportation).
- Universal - suitable for both supply & exhaust.
- Suitable for single layer, double layer or custom thickness of plasterboard.
- Choose airflow: Rondo - downward, Rondo Coanda - along the ceiling.

FEATURES

1. Pure high-quality gypsum frame.
2. Standard duct connections (100, 125, 150, 160 mm).
3. Balancing damper.
4. Groove for filler locking.
5. Anti-vibration gasket between the frame and the connector.
6. Aerodynamic convex shape to reduce air vortices.
7. Convenient fastening system for 1 or 2 layer plasterboard.
8. Reliable magnetic holders hold up to 10,75 kg.
