ULTRA THIN, ULTRA COZY

The **ORTECH Super Slim Series Electric Fireplaces** offer a modern solution for those seeking elegance and efficiency in a compact design. Built with a depth-conscious profile, these fireplaces fit seamlessly into tighter spaces, making them perfect for both residential and commercial applications. Despite their slim build, they bring robust heating capabilities and adjustable flame effects to enhance any room with warmth and ambiance.

Engineered for user comfort, the Super Slim Series provides customizable heat settings and advanced flame controls, letting you tailor the experience to suit any season or aesthetic preference. The series incorporates ORTECH's latest energy-efficient technology, providing an eco-friendly heating solution with style.

The sleek, ultra-slim design also makes installation versatile and straightforward, allowing the Super Slim Series to be wall-mounted or recessed with ease.

FOR THE WARMTH OF YOUR SOUL

The **ORTECH Panorama Series Electric Fireplaces** offer a versatile and stylish heating solution designed to complement any room with a sleek, modern aesthetic. These fireplaces are built for both wall-mounted and fully recessed installations, allowing them to integrate seamlessly into a variety of spaces, from living rooms to office environments. With their slim profiles and refined lines, they provide a focal point that combines warmth with elegance.

Equipped with advanced flame technology, the Panorama Series fireplaces create realistic flame effects with customizable settings, including multiple color options and adjustable brightness levels. These options let users personalize the ambiance to suit any occasion or mood. The Panorama Series also includes energy-efficient heating elements that provide powerful warmth while keeping energy usage minimal, making them a sustainable choice.

Built for easy installation and durability, ORTECH's Panorama fireplaces are designed for both homeowners and commercial spaces looking for a premium, low-maintenance heating solution.

IGNITE YOUR LEGACY IN STYLE

The **ORTECH Legacy Series Electric Fireplaces** bring a touch of classic charm combined with modern efficiency, making them ideal for homeowners who value both style and functionality. These fireplaces are crafted with a timeless design that seamlessly enhances a variety of interior styles, adding a warm, elegant focal point to any room.

Each Legacy Series fireplace features advanced flame technology that creates a realistic fire effect, allowing users to customize brightness, flame color, and heat settings to create the perfect ambiance. The units also provide efficient, adjustable heating to keep spaces comfortable throughout the year, with energy-saving LED technology that reduces power consumption without sacrificing warmth.

Designed for easy installation and minimal maintenance, the Legacy Series is perfect for anyone looking for a reliable, stylish heating solution. Built with high-quality materials and attention to detail, these fireplaces are built to last, ensuring you enjoy cozy, beautiful heat season after season.
